**California** It is easier to tell what California hasn't than what it has, for in that great empire is found nearly everything that man needs. The San Joaquin Valley is one of the largest in the United States which is subject to irrigation, and the people who are living there now are perfectly happy and contented, and think that it is really the best country in the world. That in itself is the best recommendation. You never hear a Californian speak of his country except in praise of it. Literature and The Earth, free for the asking

### ANTI-CIGARETTE LAW VOID.

#### Such Is Decision of Judge Day of the District Court.

Omaha, Sept. 19.—Judge Day of the district court declared the anti-cigarette law unconstitutional, insofar as it refers to the giving away of cigarette papers or "makings," which is not covered in the title. In rendering the decision Judge Day went into a discussion of the law at some length. He said there are so many supreme court decisions bearing on the point that only one subject can be covered by any legislative act and that the title must fully cover the subject matter. In the title of the act in question there is no mention of the giving away or allowing the taking of cigarette paper. This omission the court held to be fatal in the case at bar, where John Alperson, a tobacco dealer, was arrested by the police on the charge of giving away cigarette paper. Alperson's attorney, Judge McHugh, asked for a writ of habeas corpus, which Judge Day grants. The court ordered Alperson released from custody.

Judge Day was careful to say that, while the particular part of the act referred to is clearly unconstitutional, there was no occasion to pass on the validity of the balance of the act.

### CIRCUS TENT BLOWN DOWN.

#### Many Persons Injured During Storm at Maryville, Mo.

Maryville, Mo., Sept. 19.—The big tent of Ringling Bros.' circus collapsed here. One man was fatally injured, six seriously hurt and more than two score others bruised or trampled upon.

The injured: Edward Booth, farmer, back broken, lung penetrated, will die; Mrs. Booth, leg broken; J. E. Orme, farmer, arm broken; Mrs. John Kane, arm dislocated, internal injuries; H. T. Carmichael, head bruised and cut; Mrs. Thomas Clark, two ribs broken; Charles Robinson, son of H. E. Robinson of the Maryville Tribune, seriously hurt.

The wind had blown a gale all day, and in the afternoon, when there were 15,000 people assembled in the tent witnessing the performance, an extra strong gust raised the enormous canvas high enough to lift all the poles and supports from their positions, and the whole mass fell upon the audience, show people and animals. All made a panic stricken effort to escape.

### Murder Still a Mystery.

Des Moines, Sept. 18.—The manner of the murder of George R. Griswold, the insurance agent, whose body was found in the Des Moines river with the hands tied behind the back, is still a mystery. Further examination of the remains incline the authorities to believe that the body was kept twenty-four hours after death before it was thrown into the water. The only thing that points to a certain class is that at the time the remains were found the denizens of the underworld of the city knew that an insurance man was missing. They also knew nearly the place in the city the man lived.
