It is a source of great pleasure to anticipate something out and above the ordinary, and we realize this in Manager Morhart's announcement that he has secured for Tuesday, October 3, Blondin & Leon's famous Rip Van Winkle Co. This organization, numbering eighteen people comes to us with the stamp of metropolitan approval and a first-class dramatic and musical treat is assured. In addition to the dramatic interest, afforded by this popular classic, its attraction is augmented by high class musical interpolations, clever dances, electrical and calcium effects and incidental music by one of the best theatrical orchestras extant. Manager Morhart is to be congratulated upon securing this and other high class shows, knowing as

he does, that the good ones never come amiss.

The Dunbar Company comprises a male quartette which competent critics have pronounced equal to the best, whose repertoire includes songs for every taste, and who play such music, upon a peal of more than one hundred of the finest English handbells ever made, as has never been played upon bells before. There is also an instrumental trio capable of giving a delightful recital of music, headed by Ralph Dunbar, the celebrated violinist. Citizens of Red Cloud who have heard the Dunbar company are unstinted in their praise.
