1,000 DIE IN TYPHOON

TWO ISLANDS NEAR MOUTH OF YANGTSE INUNDATED.

Steamer Tartar From Orient Brings Details of Terrible Storm—Canadian-Pacific Steamer Caught in Hurricane and Badly Damaged.

Victoria, B. C., Oct. 9.—The steamer Tartar, which arrived from the Orient, brought news from Shanghai that the loss of life among natives of the islands at the mouth of the Yangtse river as a result of the typhoon was tremendous.

To the east of Tamagming, two islands, one called Yawoshwa, the other Shihousha, distant about twenty miles from Woosang, have suffered much from the typhoon, nearly all the inhabitants having been swept away, and the islands have only been inhabited for a short time, comparatively speaking, as they are of recent formation, and are not much above the high water mark. It is reported that nearly 1,000 people have been drowned on these two islands and the smaller island adjacent.

The damage to the Canadian Pacific liner Empress of Japan by this typhoon will necessitate the expenditure of \$100,000 for repairs. During the storm the steamer Pelchill, formerly the Rio de Grande du Sol, foundered near the mouth of the Yangtse. Her crew of fifty-four were saved by the German steamer Albenga, whose officers and crew did heroic work, but one Chinese was drowned.

MANY KILLED IN MOSCOW RIOTS.

Brutal Treatment of Citizens by Cossacks in Court Yard.

London, Oct. 9.—Special dispatches to the London newspapers describe the desperate state of affairs at Moscow. Many persons were killed or wounded in the rioting on the Tverskoy boulevard, at the site of the monument to the poet, Alexander Pushkin, and in the great square fronting the monastery, where the troops used sabers and rifles, firing pointblank into the rioters. The authorities have issued a proclamation, giving the police absolute power to prevent assemblages.

The correspondent of the Standard describes how many of those arrested were made to run the gauntlet of a double line of Cossacks, in a long, narrow court yard, the soldiers brutally striking them with knouts and the butts of rifles until they dropped, fainting or dead, at the end of the line.

Russians Honor Dead Soldier.

St. Petersburg, Oct. 9.—The arrival of the body of Major General Kronratenko, commander of the Seventh East Siberian Rifles, who was killed last December at Port Arthur, and its interment in the venerable Alexander Nevsky monastery were marked by the most impressive military and civil spectacle witnessed here since the early days of the war. Thousands of spectators, standing silent and uncovered in a drizzling rain, walled the broad Nevsky Prospect from the Moscow station to the gates of the monastery, while grand dukes, ministers of state, courtiers and the highest officers of the army and navy followed the coffin on foot through the muddy streets as common mourners with the widow and son of the dead general.

Booth's Colonization Scheme Collapses

London, Oct. 9.—The colonization scheme of General Booth of the Salvation Army appears to have collapsed as far as Australia is concerned. General Booth proposed to send out 5,000 families, provided the Australian government would give them land. The government announced its willingness to consider the scheme, but the colony called loudly for a process of selection in order to prevent the immigration of needy colonists. As a result General Booth has cabled Alfred Deakin, prime minister of Australia, expressing his regret that owing to these difficulties he cannot proceed with an effort that is likely to involve a conflict.

Eleven Bandits Shot by Rurales.

Guadalajara, Mex., Oct. 9.—Eleven bandits engaged in the holdup of Manuel Parades, shipping foreman of

the Buena Vista mines, and his two assistants six miles west of Hostoipaquillo, Jalisco, have been captured and shot by the rurales. It was learned that fifteen men participated in the holdup. The search for the other four bandits is still in progress. The bandits killed Parades and one assistant, wounded the other assistant and secured \$5,000.

General Randall on Retired List.

St. Louis, Oct. 9.—Having reached the age limit of sixty-four years, Major General George Morton Randall, commander of the northern division of the United States army, with headquarters in St. Louis, retired from command. He will be succeeded by Brigadier General John F. Weston, who has been commissary general of subsistence of the army.

Traffic on Suez Canal Resumed.

Port Said, Egypt, Oct. 9.—Traffic on the canal, which had been delayed since the blowing up of the wreck of the British steamer Chatham, Sept. 28, has been resumed.

Bombs for Cossacks.

Tiflis, Oct. 9.—Several bombs were thrown at the Cossacks here. The troops fired and a general panic ensued. Many persons were killed or wounded.

CROWE PLEADS NOT GUILTY.

Arraigned in Police Court He Denies Shooting Policeman Jackson.

Omaha, Oct. 11.—Pat Crowe was arraigned in police court on the charge of shooting with intent to kill and wound Patrolman A. H. Jackson on the evening of Sept. 6. Through his counsel, Attorney J. P. English, Crowe pleaded not guilty to the charge read by County Attorney Slabaugh. Mr. English intimated that his client was considering the matter of waiving the preliminary trial.

Before County Judge Vinsonhaler Detective Heitfeldt swore to a complaint charging Patrick Crowe with having, on Dec. 19, 1900, put Edward A. Cudahy in fear of his life and robbed him of the sum of \$25,000. It is also alleged that Crowe has since been a fugitive from justice. Judge Vinsonhaler at once signed a warrant for the arrest of Crowe on the charge of having robbed Mr. Cudahy. Detective Heitfeldt took the warrant, awaiting Judge Berka's action before he served it. It is possible the police judge may admit Crowe to bond, and if he does and Crowe is released the county court warrant then will be served.

Bertillon Officer Shields took Crowe's measurements according to the Bertillon system. This record shows Crowe's present weight to be 182 pounds; height, 5 feet 10 1/2 inches; age, 36 years; two gunshot wounds on left hand and one gunshot wound on left shoulder.

Throngs of curious people sought admission to Crowe's cell at the city jail, but most of the callers have been denied the privilege of seeing the prisoner.

HANLY DENOUNCES GRAFT.

Hoosier Governor Says Craze for Money is Menace to Nation.

Chicago, Oct. 9.—"This nation has gone money mad. For ten years this land has enjoyed material wealth and prosperity such as the world has never before seen, and during that time this madness has come upon us in full force. We have forgotten the commandment, 'Thou shalt not steal,' and we are taking the position that it does not matter how money is obtained so long as it is got. We cannot continue in this road indefinitely and secure the continuance of free institutions. The dangers of peace will destroy this country at the present rate just as certainly as a disastrous war."

Such was the keynote of a speech on "The Patriotism of Peace," delivered by Governor J. Frank Hanly of Indiana, at the Y. M. C. A. auditorium, in which he sounded a vehement note of warning to America against allowing continuance of graft, official corruption and disregard for law in the scramble for plunder. Governor Hanly painted a dark picture of conditions in the United States and insisted that the very life of the nation was dependent on a speedy return to saner ideas and more honest methods.

LOOKS FOR RATE LEGISLATION.

Allison Thinks That Soon After Convening Senate Will Get to Work.

Washington, Oct. 10.—Rate legislation will be the first business of the senate when the fifty-ninth congress convenes in December. At least, this is the opinion of Senator William B. Allison of Iowa. In an interview he expressed the view that, unless statehood is called up by reason of having precedence in the senate of the new congress, the upper house will at once plunge into the discussion of a railroad rate bill in compliance with the views expressed by President Roosevelt in his message to the last congress. Senator Allison believes that, while the committee has many views concerning the fixing of railroad rates, the differences will be composed so as to result in an effective measure and one which will conform to President

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Roosevelt's Ideas.

Mayor Dunne's Contract Plan Defeated

Chicago, Oct. 10.—Mayor Edward F. Dunne placed his "contract" plan for municipal ownership before the city council and it was defeated by a vote of 45 to 18. The plan provided for the organization of a corporation and the issuance of certificates under what is known as the Mueller law. Out of the sale of these certificates the first ninety miles of street railway was to be constructed, paralleling existing lines. It is expected that the mayor will now abandon this plan and bring in its place his alternative, or "city plan." This contemplates the acquisition by purchase or condemnation of all the lines of the existing street car companies.

President Talks Rate Legislation.

Washington, Oct. 11.—Railroad rate legislation was the principal subject of talks President Roosevelt had with several members of congress. He indicated to them that it would be the leading topic of his forthcoming message to congress and that he had not abated one jot in his determination to induce congress, if possible, to enact legislation on the lines of his recommendation.
