

Soda Crackers and—

anything you choose—milk for instance or alone.

At every meal or for a munch between meals, when you feel the need of an appetizing bite to fill up a vacant corner, in the morning when you wake hungry, or at night just before going to bed. Soda crackers are so light and easily digested that they make a perfect food at times when you could not think of eating anything else.

But as in all other things, there is a difference in sod crackers, the superlative being

Uneda Biscuit

a soda cracker so scientifically baked that all the nutritive qualities of the wheat are retained and developed—a soda cracker in which all the original goodness is preserved for you.

To the sunny south—winter tourists rates daily until April 30. Return limit to June 1, 1906.

Write me just what trip you have in mind and let me advise you the least cost and best way to make it.

J. F. EDWARDS, Agent.

Twenty-five BUSHELS

of WHEAT to the Acre

means a productive capacity in dollars of over

\$16 per Acre

This on land, which has cost the farmer nothing, but the price of tilling it, tells its own story. The

Canadian Government

gives absolutely free to every settler 160 acres of such land.

Lands adjoining can be purchased at from \$6 to \$10 per acre from railroads and other corporations.

Already 175,000 farmers from the United States have made their homes in Canada.

For pamphlet "20th Century Canada," and all information apply to Superintendent of Immigration, Ottawa, Canada; or to the following authorized Canadian Government Agent:

W. V. Bennett, 801 N. Y. Life Bldg., Omaha, Neb.

Mention this paper.
