

ALICE A HAPPY BRIDE

DAUGHTER OF PRESIDENT WEDS
NICHOLAS LONGWORTH.

Library at the Executive Mansion Has
Been Completely Filled With Wed-
ding Gifts—Those From Abroad
Worth a Fortune.

Washington, Feb. 17.—The wedding of Miss Alice Lee Roosevelt, the daughter of the president, to Representative Nicholas Longworth took place at the white house today. The ceremony was performed in the historic east room and was solemnized by the Rt. Rev. Henry M. Satterlee, Protestant Episcopal bishop of Washington. There were no bridesmaids. The groom's best man was Thomas Nelson Perkins of Boston, a classmate and long time friend. Three of Mr. Longworth's classmates and a college mate at Harvard, B. A. Wallingford, Jr., of Cincinnati, who married Mr. Longworth's oldest sister; Larz Anderson, great grandson of Nicholas Longworth, the founder of the Longworth family fortune; Viscount Charles de Chambrun, brother of Count Adelbert de Chambrun, who married the groom's youngest sister, and Theodore Roosevelt, Jr., the oldest son of the president, were ushers. The presents include jewels gold and silver ware, rare china, curios and the like. It has probably never fallen to an American bride to receive such a magnificent array of presents. The library at the white house is completely filled with them. Naturally the presents from foreign sources are highly prized.

Longworths Sail for Cuba.

Tampa, Fla., Feb. 21.—Representative and Mrs. Longworth arrived here in the private car Elysian and proceeded directly to Port Tampa, there boarding a steamer for Havana to spend part of their honeymoon in Cuba. At the city station a large crowd gathered and the Cuban consul, F. F. Mendoza, presented to Mrs. Longworth a magnificent floral design, emblematic of the friendship of Cubans for herself and her father, President Roosevelt. Mrs. Longworth received the gift with smiles. At Tampa Bay station, the hotel orchestra gave the couple a serenade, and the train was boarded by E. W. Morgan, the United States minister to Cuba, who goes to Havana to assume his duties at his new post.

TROOPS AND COSSACKS FIGHT.

Bloody Battle is in Progress in Mountains Near Ekaterinodar.

Ekaterinodar, Russia, Feb. 21.—As this dispatch is filed an engagement is in progress at the village of Geaginskai, between 600 mutinous Kuban Cossacks and the punitive expedition with five machine guns, which left here last week to crush the insurgents.

The Cossacks comprised the garrison of Ekaterinodar, which during the uprising of November joined the revolutionists. When order was restored the Cossacks retired to their native villages in the mountains, where they have since held out, refusing to surrender their arms or the colors of the regiment. The region is remote and inaccessible and the authorities hitherto have been unable to assemble a sufficient force to attempt the subjugation of the insurgents, who have contemptuously rejected terms for their surrender. They are well armed and disciplined and heavy losses on both sides are anticipated.

Japanese Want Philippines.

Victoria, B. C., Feb. 21.—Some Japanese newspapers are advocating the purchase of the Philippines from the United States, according to advices received by the steamer Athenian. The Yoroosu Hocho says the Philippines have cost the United States much money and no substantial advantages have been secured, and that Japan could meet with more success, as America has failed because of racial differences between ruler and ruled and the long distance which separates the government and the islands. Concluding, the Yoroosu Hocho illustrated Japanese success in Formosa.

Four Killed in Mine Explosion.

Wilkesbarre, Pa., Feb. 19.—Four men were killed by an explosion that occurred in Buttonwood mine. The explosion occurred in a small shanty, in which was stored a lot of giant powder. A number of hands were at work in the mine and it is thought they went to the shanty to get warm and eat their lunch. The supposition is that the heat from the steampipes ignited the powder and exploded it. Three of the men were blown to pieces.

For Fraternal Sanitarium.

Chicago, Feb. 19.—The directors of the National Fraternal Sanitarium association met here and formally took over a tract of 3,000 acres of land and a large hotel building at Las Vegas, N. M. The entire property, it is said, is valued at \$1,000,000. The association received a charter from the state

of Illinois, and it is planned to open the sanitarium on July 1 to patients of the various fraternal orders interested.

D. B. Henderson's Condition.

Dubuque, Feb. 21.—Reports from the sick room of Colonel David B. Henderson were that he is resting much more easily. His eyesight, which he lost with his second stroke of paralysis, is gradually coming back, although it is thought that his vision will always be imperfect.

JOHN A. MCCALL IS DEAD.

Former President of New York Life Insurance Company Passes Away.

New York, Feb. 19.—John A. McCall, until recently president of the New York Life Insurance company, died at the Laurel house, in Lakewood, N. J., where he had been taken three weeks ago, in the hope that the change might benefit his health, which had suffered a breakdown two months ago. The news of the death was not given out by the family until some time after the end. Then Mr. McCall's son, John C. McCall, briefly announced: "The end has come. My father has passed away."

Mr. McCall had been unconscious since about 10 a. m., except possibly for one brief minute, when his eyes opened and looked into the face of his wife, who was bending over him. He smiled and as he did so his eyes closed again and he remained in the coma until the end.

It was announced that Mr. McCall's death was due to enlargement of the liver and the end had been peaceful and without pain.

Mrs. McCall is now under medical care. She had become worn out by the long vigil at the bedside of her husband and when he died she practically collapsed.

Mr. McCall's physical breakdown occurred about the close of the investigation of life insurance affairs in this state by the legislative committee last December. The report of the committee is expected to be submitted to the legislature at Albany early this week. Mr. McCall's examination before the committee was a severe one and the ordeal he underwent in rehearsing in detail the affairs of the company and in divulging transactions about which the general public was ignorant worried him greatly, it was said. Mr. McCall was ill in bed at his home in this city when he affixed his signature to his letter of resignation from the presidency of the New York Life.

About three weeks ago his condition became such that his physicians and family deemed it advisable to remove him to Lakewood. During all this time Mr. McCall worried constantly about his business affairs. He was compelled first to mortgage and then to sell his handsome country place at Long Branch, N. J., in order, it was stated, to repay to the New York Life company \$235,000 on the Andrew Hamilton account, Mr. Hamilton, the legislative agent of the company, having made no accounting for this sum.

Death of John R. Stetson.

Deland, Fla., Feb. 19.—John R. Stetson, the millionaire hat manufacturer of Philadelphia, died at his winter home at Gillen, near Deland.

ARREST MOYER AND HAYWOOD.

Secretly Spirited Out of Denver on Special Train by Idaho Officers.

Denver, Feb. 19.—Charles H. Moyer and William D. Haywood, president and secretary respectively of the Western Federation of Miners, and C. A. Pettibone, a former member of the executive board of that organization, who were arrested in this city on warrants charging them with complicity in the murder of former Governor Steunenburg of Idaho, were taken from their cells in the county jail at an early hour by an armed guard of twelve deputy sheriffs, escorted to the Union station and were there placed on board a special train, that a few minutes later left the station, carrying the entire party, prisoners and armed deputies, over the Union Pacific railroad, en route for Boise, Ida.

The three men, who were taken out of the city as prisoners of the Idaho authorities, were, it was learned, arrested by three different officers after extradition papers had been signed by Governor McDonald. The papers were delivered to the governor on Thursday last, but not a word to the effect was allowed to escape from the executive chamber. The officers were instructed to preserve the greatest secrecy as to their mission. The three officials of the federation were apprehended in different parts of the city and were taken each by a different officer to the county jail, where separate cells were provided.

Governor Gooding Will Not Talk.

Boise, Ida., Feb. 19.—Governor Gooding declines to give out any information respecting the arrest of Charles H. Moyer and Charles B. Haywood of Denver in connection with the killing of Governor Steunenburg of Idaho. The officer who went from

here to make the arrest was Deputy Warden J. C. Mills, Jr., of the state penitentiary. When he left is not known. For weeks the officers have been absolutely noncommittal on the subject.

Vincent St. John Arrested.

Spokane, Wash., Feb. 19.—Vincent St. John, president of the Burke Miners' union, was arrested at Burke, presumably in connection with the murder of ex-Governor Steunenburg of Idaho.

Marshal Daniels Acquitted.

Nogales, Ariz., Feb. 19.—United States Marshal B. F. Daniels, who was arrested on the charge of selling a mine for which he had not title, had a preliminary examination and was acquitted.

Anti-Jewish Riot at Vietka.

Kieff, Russia, Feb. 19.—An anti-Jewish riot broke out at Vietka, a town of 6,000 inhabitants, near Gomel. A large part of the town is in flames and troops have been sent there from Gomel.

NEWS OF NEBRASKA.

Trainmen Found Guilty.

Schuyler, Neb., Feb. 16.—Engineer Glynn and Conductor Peterson of the train that killed Mrs. Wacha last fall were found guilty of exceeding the speed limit. The judge will sentence the defendants in the next few days. The case will probably be appealed to the supreme court.

Baby Left on Doorstep of Norfolk Man.

Norfolk, Neb., Feb. 21.—Mr. and Mrs. L. A. Miller of this city found a baby boy on their doorstep. There is no trace as to the child's identity. Mr. Miller is a conductor on the Northwestern railroad. It was only a few days ago that a baby girl was found on the doorstep of Ed Adams, an engineer for the Northwestern.

Hardware Men for Omaha.

Lincoln, Feb. 16.—The State Association of Hardware Dealers selected Omaha as its next meeting place. The association also adopted resolutions condemning the parcels post as injurious to the small dealer and a benefit to the catalogue houses, and resolved that a rate of 1 cent should be charged for postage on letters.

Cunningham's Sudden Death.

York, Neb., Feb. 17.—Joseph Cunningham was found dead sitting upright in his buggy on the highway about one mile southwest of this city. He had started from his home alone with the team to come to York. Mr. Cunningham had been treated for heart trouble by local physicians and therefore no inquest will be held.

Will Not Buy Mileage.

Lincoln, Feb. 20.—Auditor Searle will allow no more bills for mileage books. It is asserted that some of the officials have used their mileage books for private jaunts. Full fare vouchers must be obtained hereafter. The mileage graft, it is asserted, is better for the under officials than the free pass graft, the railroads getting the cash from the state.

Meet Train at Midnight.

Steele City, Neb., Feb. 16.—The Union Pacific seed and soil special has been meeting with an enthusiastic reception from the farmers of this part of the state. There was delay in the running of the train so that it was nearly midnight when it pulled into Alexandria. Nevertheless 100 men were at the station eager to hear the promised lectures. They were gratified. Between 2,000 and 3,000 persons attended the lectures during the day.

May Try Municipal Ownership.

Lincoln, Feb. 19.—Lincoln business men favor municipal ownership of the Lincoln Traction company and steps may be taken to acquire the property. For years there has been trouble and litigation over thousands of dollars in delinquent taxes alleged to be due the city. At the last session of the legislature a clause was placed in the city charter to permit the city to own public utilities and take over the property when taxes became delinquent. The charter has been declared valid by the supreme court. Now a number of the business men favor paying off the liens against the company and taking over the property.

PAT CROWE IS ACQUITTED.

Jury Brings in a Verdict of Not Guilty in Kidnaping Case.

Omaha, Feb. 17.—Pat Crowe is found not guilty of robbing Edward A. Cudahy of \$25,000. The jury returned a verdict after having been out seven hours. The defendant thanked the jury for the verdict and was the

recipient of many congratulations from the large crowd in the court room.

It required quite an effort to stop the demonstration, but it was suppressed, and Judge Sutton, manifestly indignant, said: "I am greatly surprised that the acquittal of a notorious criminal in this court room should be received with applause."

Trial of Crowe began Wednesday of last week. The charge was that of robbing Edward A. Cudahy, Sr., through putting him in fear, of a bag of \$25,000 in gold. This charge grew out of the kidnaping of Edward A. Cudahy, Jr., the night of Dec. 19, 1900, by two men, then alleged Crowe and Callahan.

It was not long after the kidnaping that Callahan was arrested. Upon trial he was acquitted. Crowe was not arrested until last fall at Butte, Mont. He was then unarmed, and he pleaded that he had gone without weapons with intent to surrender himself on the kidnaping charge. He was brought to this city and has been in jail since, not being able to give the bail asked. Since his arrest he has been tried on the charge of shooting and dangerously wounding Officer Jackson of the police force, who, with others, was trying to arrest a suspect supposed to be Crowe, on South Sixteenth street. Crowe was acquitted of that charge.

What was considered the trump card of the prosecution has been the introduction of the letter written by Crowe to Father Murphy of Vall, Ia., and forwarded to Cudahy, which was considered at once a plea and a confession of the kidnaping, and the exclusion from the jury of the fact that Callahan had been tried and acquitted.

After his acquittal Crowe was immediately rearrested on the charge of being one of the two men who perpetrated the street car holdup in Council Bluffs last summer. Application has been made to Governor Cummins for a requisition for Crowe and it is now in the hands of Governor Mickey.

MID-YEAR COMMENCEMENT

Henry Wade Rogers Delivers Address at University of Nebraska.

Lincoln, Feb. 16.—Henry Wade Rogers, dean of the Yale law school, delivered the address at the mid-year commencement of the University of Nebraska. The subject of his address was "Centralization in Government." He advocated the principle of home rule for cities and deprecated the tendency of state legislators to undue interference with local governments in the management of their local affairs. He opposed the further centralization of power in the national government, and expressed disapproval of federal supervision of insurance companies, of a national incorporation law, and of federal control over marriage and divorce. The country had gone already as far as was safe and prudent in the enhancement of federal power, and, in his opinion, the time had arrived when there should be a revival of the constitutional doctrines, not of state sovereignty, but of state rights.

GALUSHA DECLARES HIMSELF.

Says Foreign Corporations Must Pay or Get Out of Nebraska.

Lincoln, Feb. 21.—"We expect either to collect several hundred thousand dollars of fees rightfully due the state or to drive the concerns from Nebraska," declared Secretary of State Galusha. "This action will not only be against the Standard Oil and other foreign corporations not incorporated here, but also against the concerns which have filed articles with the county clerks, but not with this department. The department will fight for the imposition of the full penalties of \$1,000 for the first offense or the same fine and a discontinuation of business for the second. The action will also be against concerns which have pretended to comply with the law by forwarding to this office copies of their original articles of incorporation, but who have not remitted the full fee required on their capitalization. Such action by the concerns does not comply with the law. The articles cannot be filed until the full fee is paid."

Grain Men Must Answer.

Lincoln, Feb. 21.—The Nebraska Grain Dealers' association and other defendants in the suit of the state against the Omaha Elevator company must answer the suit in the supreme court March 6. The court at the last session decided against the grain men, overruling their demurrer and sustaining the anti-trust laws of the state. The grain men must answer whether they will allow the prayer of the state for a perpetual restraining order or file a direct answer and proceed to trial.
