

Ask Your Own Doctor

If he tells you to take Ayer's Cherry Pectoral for your severe cough or bronchial trouble, then take it. If he has anything better, then take that. But we know what he will say; for doctors have used this cough medicine over 60 years.

"I have used Ayer's Cherry Pectoral for hard colds, bad coughs, and influenza. It has done me great good, and I believe it is the best cough medicine in the world for all throat and lung troubles."—ELI C. STUART, Albany, Oregon.

Keep the bowels open with one of Ayer's Pills at bedtime, just one.

A "Close Call."

While the patrons of Taber's pool hall were probably not aware of the fact, they had a narrow escape from going skyward Monday afternoon. The water heating apparatus in Henson's barber shop, in the basement of the building, became overheated and was very near the exploding point when it was discovered by an employe of the shop. Anyone who has ever seen a steam boiler explode can readily imagine what would have happened to the billiard hall.

Eventful Day at Guide Rock.

From the News Letter.

Mr. and Mrs. Fred Fish had an exciting experience Sunday while out driving with the horse Mr. Fish recently bought of W. F. Tompkins. They were just this side of George Rickard's place, where the road runs close to the fence, when the horse suddenly shied and went into the wire. The top wire of the fence came above the side of the buggy and cut through Mrs. Fish's coat and other clothing, cutting her slightly. The horse immediately quieted down and stopped still or she might have been seriously hurt. The horse was badly cut on the shoulder and was taken to Hod Moranville for treatment, when another serious accident occurred. The horse had been made fast and the doctor was attempting to close the wound with stitches when the horse got one leg free and commenced kicking, with the result that he gave the doctor a broken leg. Altogether it was a bad day's work.

If you've been Looking for Bargains in Men's Clothes Here They Are

We've just had time to catch our breath after the vigorous selling during the holiday season and we went to work immediately cleaning up our stock.

Where there were only two or three suits or overcoats of a kind—where sizes were badly broken—where an overcoat lingered here and there, we have sorted them out, and when we came to mark the new prices on these goods we forgot all about the profit part of it.

\$20 Overcoats at \$16 00
18 Overcoats at 14 40
15 Overcoats at 12 00
12 Overcoats at 9 40
10 Overcoats at 8 00
6 Overcoats at 4 80

While there may be only one—or two—or three overcoats of a kind, yet there are so many different kinds that you will find very rich choosing indeed. We can fit almost any build of man out of these reduced clothes and give him a bargain that will send him away smiling.

INFLAMMATORY RHEUMATISM CURED IN 3 DAYS

Morton L. Hill, of Lebanon Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed six weeks and had eight physicians, but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, Druggist, Red Cloud.

DR. PRICE'S Cream Baking Powder

Good Health depends upon the food you eat.

Adds to the healthfulness of all risen flour-foods, while it makes the food lighter, sweeter, finer-flavored, more delicious.

Exercise care in purchasing baking powder to see that you get Dr. Price's, which makes the food more wholesome and at the same time more palatable.

NOTE—There are many mixtures, made in imitation of good baking powders, which the prudent will avoid. They may be known by their price, being sold for ten to twenty-five cents a pound, or a cent an ounce. They are made with alum, interfere with the healthfulness of the food.
