It was thought for a long time that there would be no music for Decoration day, but a number of patriotic boys got together and formed a drum corps which, considering the practice they had, furnished excellent martial music. The boys are: George Corner, Clyde Whitaker, Mac Fentress, Silver Longtin and Charles Bruele. It is hoped that around this nucleus may be built up a boys' drum corps of from twelve to twenty pieces. A little encouragement in a financial way and by the time reunion week rolls around we can have one of the best drum corps in the state. Push it along.

Stephen Bayles, who was adjudged insane a short time ago and taken to the asylum at Lincoln, has been transferred from that institution to the soldiers' home at Milford. It seems that, while Mr. Bayles was aged and infirm, examination by Dr. Green of the Lincoln asylum showed conclusively that there was not a trace of insanity, and through the efforts of Secretary of State Galusha, he was transferred to the soldiers' home. It seems a shame that, when people become bowed with the weight of years, their children should so far forget their duty as to wish to be rid of them and allow them to be sent to state charitable institutions on the flimsiest pretexts.

FAMILY POISONED.

Poisonous Drugs in Home-made Baking Powder Almost Causes Death.

Rafney Boyce and family, of near North Branch, Kansas, had an experience Tuesday evening which they will long remember. It seems they had some baking powder compounded by a North Branch druggist from a recipe which they had procured from some source, and he substituted by mistake a poisonous drug for one of the ingredients. Mrs. Boyce noticed the baking powder had a different appearance from some which she had previously made from the same recipe, but went ahead and used it, with the result that the entire family was taken violently sick. Dr. Hershner of North Branch was called and with much difficulty succeeded in saving their lives. However, they missed the Decoration day exercises.
