REVIVALISTS BEGIN WORK.

Meetings Begin in Big Tabernacle Built for that Purpose.—Large Audiences.—Good Interest.

The evangelistic meetings in charge of I. E. Honeywell and P. P. Bilhorn began last Friday evening as advertised and when the evangelists came upon the platform in the big tabernacle they were greeted by an audience of 600 people. About 100 singers were on the platform and from the singing of the opening hymn to the final "God bless you, come again tomorrow night" of the speaker, the meeting moved with a swing that demanded the interest of every one present. Mr. Bilhorn proved his power as a leader of singers from the very beginning and the audience were as ready to respond to his urging to "Sing it out" as was the chorus. He even succeeded in getting a very creditable effort from the ministers on the platform although they were taken by surprise.

After a thirty minute song service Mr. Honeywell stepped to the front of the platform and delivered a strong sermon on the character and need of a revival. During the sermon he arraigned the churches and christian people, charging the need of a revival to their lax living and lack of interest in the religion they represented. He struck straight from the shoulder and his words stung at times, but not one to whom they applied could deny their truthfulness.

On Saturday evening a large and interested audience listened to a sermon in which the speaker again spoke in very plain terms to the members of the churches. He evidently believes that any revival that comes must begin in the churches. On Sunday the first meeting began at 10:45 a. m. and was attended by at least 800 people. The sermon was a powerful exposition of the doctrine of prayer, during which the audience was urged to get right with God and to spend much time in prayer. He said that a life of this kind was sure to bring results in conversions. At 3 p. m. a children's meeting was held and a large number of older people were in attendance with the boys and girls.

Sunday evening during the song service a sudden thunder storm came up, creating the usual uneasiness among the timid in the audience. Right here Mr. Bilhorn's power to hold an audience was shown. Hymn after hymn was sung and the audience of 1,000 people joined the chorus with a will

that drowned the noise of the storm in the volume of music. Although the tabernacle leaked in places no one was uncomfortable and all were glad they remained. On Tuesday evening the audience gathered slowly and for forty-five minutes Mr. Bilhorn led the chorus in song and the value of the two hours of rehearsal which they had received on Monday evening was shown in great improvement in the quality of the singing. Following the song service Mr. Honeywell preached a telling sermon using the home as a theme. He pointed out plainly the need of christian parents and especially christian fathers in the home and attributed the fact that so many young people go wrong to the negative influence of unchristian parents. The sermon was a strong plea for christian nurture.

On Tuesday evening the sermon was preached from the text, "There was no Room in the Inn." It dealt with the things that drive Christ out of the church life of today and makes people Sunday christians only. Thursday evening's sermon was also directed to the church members. There will be afternoon and evening meetings today and tomorrow and on Sunday three big services will be held. The afternoon meeting will be for men only. Sunday schools will be held in the various churches at 9.30 a. m.

Although the meetings have been in progress but a week they have excited wide spread interest and the usual amount of opposition. In his first address the evangelist said there would be some things about him the people would not like but if they would just put aside the barb wire in the food he had to offer they would get good out of it. As yet, however, a good many are chewing hard on the barb wire and are sore in proportion.

Stricken With Paralysis.

Mrs. J. C. Wolfe suffered a stroke of paralysis Tuesday forenoon. Her entire right side is completely paralyzed and there is little hope of her recovery. Mrs. Wolfe is about 78 years of age.

When the baby talks, it is time to give Hollister's Rocky Mountain Tea. It's the greatest baby medicine known to loving mothers. It makes them eat, sleep and grow. 35 cents. tea or tablet. C. L. Cotting.

The Brunswick barber shop is fitted with bath tubs and all modern appliances. Under Taber's billiard parlor.

G. W. DUDLEY,
City Superintendent of Schools.

UNJUST TO THE SHERIFF.

Stephen Bayles Writes a Letter to the Nation.

The Red Cloud Nation this week publishes a letter from Stephen Bayles, who is now in the Soldiers' home at Milford. In Mr. Bayles' letter he accuses Sheriff Hedge of "showing him into a buggy headforemost, like he was a hog," and taking three dollars and fifty cents of his money to pay his fare to Lincoln, where he was placed in the asylum. These statements are unjust to the sheriff. Mr. Hedge and Mr. Burr tried to induce Mr. Bayles to enter the buggy, but he refused to do so, and as the sheriff was acting under authority, he picked Mr. Bayles up and placed him in the buggy as gently as it was possible to do. Mr. Bayles paid his own fare from Guide Rock to Superior, and from there on to Lincoln the sheriff paid the fare.

Mr. Bayles gives Secretary of State Galusha all the credit for his transference from the asylum to the Soldiers' home, and in commenting on this feature of the case the Nation has these good words to say for Mr. Galusha:

"But thanks to our friend Galusha, this old man is placed where he will have care and a home. It matters not if he is a child again, he is entitled to all the consideration that can be given him. Galusha is here given a test. When an appeal is made to him he leaves his comfortable home in the rain late at night to give relief to this poor old man. Takes him out of the asylum and places him in the Soldiers'

home. The Nation will commend such acts of humanity and kindness and trusts this state may have more such men in office."

Council Meeting.

The city council met in regular session Wednesday evening. All members present.

The waterworks question occupied the greater share of attention during the session, and it was decided to proceed with the work as already begun. It is believed by the majority of people that plenty of water can be secured at the present site of the water works. Others contend that the water should be piped from the springs just west of the Hedge farm, north of town. Still others favor a location in the south part of town. Another vein of water was struck yesterday, and the probabilities are that there is plenty of water near the present site of the plant, if only some practicable method could be devised for utilizing it.

The annual estimate of expenses was made, and fixed at \$8,520.

The following crossings were ordered laid: across the south intersection of Division and Seward streets, across the north intersection of Fourth avenue and Cherry street, across the north intersection of Webster street and Sixth avenue, and across the west intersection of Seward and Third streets.

The official bond of Clarence Reed as police judge was approved.

Friday, June 29, was set as a day for making a special assessment to cover the cost of sidewalk construction.

The following claims were allowed:

H E Grice, mdse.....	\$ 4 10
F W Studebaker, crossings.....	44 00
F W Studebaker, sidewalks.....	103 00
John Tomlinson, labor.....	4 00
L H Blackledge, attorney fees.....	25 00
B McNeny, court costs.....	3 10
Morhart Bros., mdse.....	38 75
Charles Ackerson, labor.....	12 00
Ed Metcalf, labor.....	48 20
R E Ackerson, labor.....	18 00
Leonard Metcalf, labor.....	47 90
Ed Lain, labor.....	53 45
H E Grice, mdse.....	2 00
T J Ward, labor.....	40 00
J M Sellars, engineer water-works	5 25
Chief Pub. Co., printing.....	7 00
F W Studebaker, drayage.....	4 35
C F Cather, recording tax deed.....	1 50
O D Hedge, boarding prisoners.....	2 25
Sheridan Coal Co., coal.....	30 90

Notice.

All the barber shops have agreed to close their shops during the tabernacle meetings at 7:30 p. m. sharp, except Saturdays.

HOBOES ARRESTED.

Six Tooth Specimens "Pinched" in the Burlington Yards.

Sheriff Hedge and Marshal Kinsel raided a gang of drunken hoboies near the round house Monday afternoon and landed six of them in jail. The bunch had been drinking rather freely on the proceeds of a begging trip made through the town by two cripples who were of the party. They had been lying around the yards all day, making nuisances of themselves, but probably would not have been molested had not they began shying bricks and coal at Joe Mason's track gang, who were working in the yards. The section men rounded them up and sent for the officers. When the officers arrived two of the bums made a break for liberty, and one succeeded in getting away. They were arraigned before Judge Clarence Reed Tuesday morning, where they gave their names as Martin Green, James Allen, William Davis, John Ward, Joe Davis and J. W. Whittaker.

Green, who was one of the two who tried to get away, was fined \$20. The others were each fined \$10 and costs. Being unable to pay, they were sent to jail to either work out their fines or subsist on bread and water for the next few days.

As the officers could not compel the two cripples to work, the gang "dug up" enough money to pay the costs in their case, the fine was remitted and they were released upon promising to leave town immediately, which they did.

Of course, the man who got away was the one responsible for all the trouble, according to the story of those arrested.

Commissioners' Proceedings.

May 31, 1906.

Board met pursuant to call of chairman. All members present.

Commissioners Sawyer, Overman and Anderson were appointed a committee to appraise for sale the northeast quarter of 16-2-12.

Wm. Huffman was appointed O H B D No. 32 and bond approved.

In the matter of the petition of L. Frisbie for a road between sections 5 and 32, town 1, range 10, and town 2, range 10, to be changed to section line, it was found that the present road had been established by the commissioners on May 31, 1884. No action was taken.

The board then proceeded to an investigation of the river bridge, but adjourned without taking action.
