

RATE BILL DELAYED

CONFEREES TO WITHHOLD REPORT UNTIL NEXT WEEK.

Pass Question and Three Other Amendments Still in the Air—New Argument Advanced Against Five Days' Notice of Hearings.

Washington, June 20.—From present indications the conferees on the railroad rate bill will not reach an agreement until some time next week, which, in all probability, will be the last week of the session. The purpose of withholding their report, it is said, is to avoid a repetition of the long debate in the senate which followed the recent report of the conferees. This debate resulted in sending the bill back to conference.

Conversations had with various members of the senate and house indicate that there are only three amendments that are giving trouble. These are the pipe line amendment, which makes pipe lines common carriers, the commodity amendment and that which requires that the interstate commerce commission shall be given five days' notice before hearings are granted on applications for injunctions setting aside orders of the commission. The controversy over the pipe line amendment can be disposed of by the change in the commodity amendment. The change suggested would provide that railroads, instead of "common carriers," shall not engage in carrying commodities which they produce.

A new argument has been advanced against the amendment requiring that five days' notice be given of hearings for injunctions. Labor organizations have demanded that a bill be passed which would require that they be given five days' notice of injunctions to restrain them from engaging in strikes. This is a political argument which has given much concern and the house conferees, during recent sessions, have insisted that this amendment be eliminated, for the reason that it would establish a precedent for similar legislation in the interests of labor.

There are a number of other amendments on which agreements have not been reached, but which could be adjusted easily by the conferees. Among these are the sleeping car and lateral branch line amendments. It is expected that the latter will be dropped out of the bill and also that the measure will not be applied to sleeping cars. The anti-pass amendment is in dispute. It is said that an agreement concerning it can be reached by re-drafting the amendment so as to provide merely that passes shall not be issued to members of congress, officials of the executive departments, presidential electors and other classes over which the federal government admittedly has control.

HOUSE ADOPTS MEAT CLAUSE.

Agricultural Appropriation Bill Sent to Conference.

Washington, June 20.—With practical unanimity the house adopted the substitute amendment for the Beveridge amendment to the agricultural appropriation bill relating to meat inspection, the objectionable features of former amendments being eliminated and the amendment perfected to meet the wishes of the president. An effort was made to extend the time of debate, but Wadsworth, chairman of the committee on agriculture, desiring to get the bill into conference as soon as possible, objected. After the adoption of the amendment the bill was sent to conference, the conferees being Wadsworth, Scott (Kan.) and Lamb (Va.). Immediately after the disposition of the agricultural appropriation bill, a large number of bills were passed under suspension of the rules. Through the efforts of Champ Clark (Mo.) and Williams (Miss.), the bill known as the subsidiary silver coinage measure failed of securing enough votes to pass it under the rule.

Senator Knox addressed the senate at length in support of the lock type for the Panama canal, contending that in point of feasibility and economy it is far superior to the sea level plan. He took direct issue with Senator Kittredge as to the safety of the Gatun dam. The agricultural appropriation bill, containing the meat inspection clause, was received from the house and the house substitute ordered printed for the information of the senate. The senate ordered another conference on the naval appropriation bill.

Immunity Bill Goes to Conference.

Washington, June 20.—The recent failure to convict the beef packers in Chicago of conspiracy under the interstate commerce law, because of the claim of immunity set up by them and sustained by the court, has given congress no end of anxious moments with a view of enacting some law that will remedy the defects from which the government suffered by reason of Judge Humphrey's decision. The senate passed a bill on the subject which the house also passed after inserting an entire new bill after the enacting

clause. It will now go to conference. The house bill follows the lines laid down by Attorney General Moody in the packers' case.

New Commissioner of Education.

Washington, June 20.—Dr. W. T. Harris, commissioner of education, has tendered his resignation to the president and the latter announced the appointment of Dr. Elmer E. Brown, professor of education in the University of California, as his successor.

QUICK WORK ON KIDNAPER.

Man Who Stole Philadelphia Boy Gets Twenty Years in Prison.

Philadelphia, June 20.—"Had I disposition of this case I would summon a large number of mothers here and turn you over to their tender mercies, but as the law fixes the penalty for crimes like yours I can do nothing but commit you without bail for the action of the grand jury on the charge of kidnaping."

These words were addressed by Magistrate Eisenbrown to John Joseph Kean, the abductor of Freddie Muth, the seven-year-old boy, who, with his captive, was discovered after a six days' search in a vacant house in West Philadelphia.

The grand jury found a true bill against Kean and he was given an immediate trial and convicted in less than an hour. Judge Sulzberger sentenced the prisoner to twenty years. From the time of Kean's arrest until he was on his way to the penitentiary to begin sentence less than twenty-four hours had elapsed.

In his quick trip from liberty to the solitude of Cherry Hill, the institution which Dickens made famous in his American notes by condemning its system of solitary confinement, no friendly hand or voice was raised in the prisoner's behalf. If he behaves himself his sentence, under the law, will be reduced to twelve years and three months. The court had the power to give him a life sentence.

NO NEW TRIAL FOR MURDERER.

Supreme Court Overrules Motion for Rehearing in Meyers Case.

Jefferson City, Mo., June 20.—The supreme court overruled a motion for a rehearing in the case of Mrs. Aggie Meyers, sentenced to be hanged on June 29 for the murder of her husband in Kansas City two years ago.

Governor Folk left for Bloomington, Ind., where he will deliver an address today. Prior to his departure he said he would return Friday and grant the condemned woman a respite of either thirty or sixty days in order to permit time for investigation into the facts of the case and determine whether or not to commute her sentence to life imprisonment.

The supreme court's decision affects the case of Frank Hottman, the condemned accomplice of Aggie Meyers, and he will be granted a respite by Governor Folk when the woman's sentence is respited.

Confiscates Sausage Factory.

Newark, N. J., June 20.—City health inspectors confiscated the contents of Harry Rosenthal's bologna sausage establishment. They claim to have found the utensils, machinery and the room in general reeking with filth and vermin. Four baskets of meat, said to have the appearance of scraps picked up from the floors of butcher shops, dirt and sawdust being present in abundance, were seized by the inspectors, together with other scraps of meat which were said to be decaying in the sausage making machines. Preservative solutions and coloring matter were also taken by the authorities.

Lincoln to Welcome Bryan.

Lincoln, June 18.—The people of Lincoln are preparing a monster reception to welcome W. J. Bryan upon his return to the city from his eastern travels. Mayor Brown announced that arrangements were already on foot to make the welcome home the greatest event ever pulled off in Lincoln.

Judge Woolworth Is Dead.

Omaha, June 18.—James Mills Woolworth, one of the builders of Omaha, one of the country's big lawyers and a pillar in the Protestant Episcopal church of the United States, died at his home, 2211 St. Mary's avenue, while in a state of diabetic coma. He was unconscious for twenty-four hours before death.

Insane Asylum Inmate Drowned.

Lincoln, June 19.—With a fishing rod tightly clutched in his hand, Walter Anderson, a patient at the Lincoln hospital for the insane, was found drowned in Salt creek. He had escaped from the grounds alone, and while indulging in his favorite pastime of fishing had evidently been seized with an epileptic fit, to which he was subject.

Heavy Rain in Nebraska.

Omaha, June 18.—Heavy rains and thunder storms are reported in most parts of the state and are rapidly moving eastward. The Union Pacific reports soaking rains at all points on its lines between Omaha and North Platte. The storm moving over the state caused a great amount of difficulty with telegraph and telephone wires. The Missouri river at Omaha is rising rapidly and is not far from the danger line.

Sentenced for Illegal Land Fencing.

Helena, Mont., June 19.—Christopher Koehler, a wealthy Hastings (Neb.) banker, was fined \$250 and sentenced to jail for twelve hours by Judge Hunt in the United States district court on a charge of illegally fencing government lands. Koehler was recently indicted by the federal grand jury and appeared in court voluntarily. He showed that two sections of land were fenced in when he bought a 14,000-acre ranch, and on this account the court was lenient.

Joseph Crow Faces Jury.

Omaha, June 20.—Joseph Crow, foreman of the federal grand jury at the November term of court, ex-postmaster of Omaha and twice a state senator, is now on trial in the federal court upon a charge of corruptly influencing his associate grand jurors by means of distributing to them free transportation over four railroads. The indictment alleges that he used his influence as foreman in an effort to induce the jury to return no indictment against the Rev. George G. Ware, who was convicted of conspiracy at the spring term of court.

MICKEY TALKS ON ASYLUM.

Lincoln, June 18.—The state board of public lands and buildings has not yet decided when to permit the attorneys representing Dr. Alden and Dr. Nicholson in the Norfolk asylum matter to make their arguments on the testimony introduced. Governor Mickey upon his return to the city said the matter was up to the board. "I did what I think should have been done when I asked for the resignation of the two physicians upon the evidence which was furnished me. Unfortunately people of this state are sent to the asylums to be cared for because they are unable to care for themselves. Nebraska cannot afford to have its wards mistreated, and if there is any evidence that these have been mistreated there should be a

change in the management.

"What the board will do in the matter or what recommendation it will make of course I do not know. The evidence given to me of the practices at the institution demonstrated conclusively that a change in the management was imperative for the interests of the patients. The fact that a patient was strong enough to work in a blacksmith shop and nine days later dies after having been beaten by attendants I think warrants a thorough investigation and an overhauling of the management of the institution. Two of the attendants employed at the institution had been discharged from another state institution because of their cruelty to inmates. Only humane men should be employed in the capacity of attendants. The state pays them a salary to get them to look after the unfortunate inmates, and as long as I have authority there will be no cruelty practiced at any state institution."

Denver and Omaha Short Line.

Denver, June 20.—Incorporation papers were filed with the secretary of state for a new railroad between Denver and Omaha, to be known as the Omaha and Denver Short Line. The incorporators, with the exception of one, are connected with a law firm here, known to have charge of the affairs of the Colorado and Eastern railroad. This is a road that was built some fifteen years ago to a point less than twenty miles east of Denver and has never been extended. It is thought possible that one of the trunk lines, not having terminal facilities of its own here, contemplates securing those of the Colorado and Eastern road.
