

## MUTINY OF CAVALRY

### KASARVA REGIMENT AT TAMBOV THE FIRST TO RISE.

**Mutineers When Attacked by Loyal Troops Offer Armed Resistance. Cossacks Also Disregard Duty and Refuse to Fire on Rioters.**

Tambov, July 10.—A mutiny broke out in the Kasarva regiment of cavalry and during the consequent disorder an infantry officer and a soldier of the Nejmint dragoons, who attacked the mutineers, were killed. The mutineers have barricaded themselves in their barracks.

St. Petersburg, July 10.—The news of the mutiny at Tambov, which apparently is the most serious of such affairs since the Sevastopol mutiny, is confined to the bare details of a censored agency dispatch, showing that the mutineers, when attacked by loyal troops, offered armed resistance before retreating to their barracks, where they are now barricaded. In previous mutinies this year the disaffected troops have submitted when confronted by loyal detachments. The outbreak is a quick commentary on General Treppoff's declaration in the interview with him, published July 7, in which he affirmed that the cavalry could be more depended upon than the infantry, because their officers were in closer touch with their men.

A company of Cossacks which had been garrisoning Uzvoka has been sent away on account of the soldiers' refusal to fire on manifestants.

The Cossacks of the Second reserve who had been ordered mobilized for police service have refused to join the colors.

For participation in agrarian disorders in the province of Nishni-Novgorod 446 peasants have been indicted. Among the accused is a member of the lower house of parliament, named Filatoff.

In consequence of the arrest of a Jew in the Hebrew quarter of Grodno, a crowd of Jews attacked the arresting patrolman with stones. Several revolver shots were fired, and the policeman in self defense killed one of the Jews. There is extreme irritation, both among the Jewish and the Christian population.

### FIVE STAGES ARE HELD UP.

#### Lone Bandit Has a Busy Day in Yosemite Valley.

Wawona, Cal., July 9.—Five Yosemite valley stages were held up by a lone highwayman, who obtained a considerable amount of money and jewelry. The conveyances were halted in rapid succession, at a curve in the road near Abwance, at the identical spot where a lone bandit, operating a year ago, relieved several wealthy tourists of their valuables. The stages were traveling sufficiently far apart to avoid each other's dust and when the first vehicle reached the turn in the road the highwayman, whose features were concealed by a duster thrown over his head, stepped out, pointed a gun at the driver and commanded him to halt. Some of the women passengers screamed, but others began without delay to secrete their valuables. The highwayman directed all passengers to throw out their money and jewelry and when the order met with compliance, directed the driver to move on. The second stage arrived within a few minutes after the first and the driver and passengers suffered a similar experience. The process was repeated until all five had been halted and robbed, when the bandit disappeared in the brush.

### Kills Himself in Unusual Fashion.

New York, July 9.—An unidentified man killed himself in an unusual fashion in the Bronx, to the horror of a number of persons who happened to be in St. Mary's park, near the scene of his suicide. After pacing the sidewalk for some time in evident mental distress, he drove his head against the thick plate glass front window of a saloon until it was shattered from top to bottom. Then, with a big fragment of the broken pane, he cut his throat. A policeman summoned an ambulance, but the man bled to death before he reached the place.

### Feud Claims Three Victims.

Muskogee, I. T., July 10.—Ernest and Pleas Hubbard are dead and Reuben Kirby fatally injured as the result of a pitched battle near Westville, I. T., between members of the Hubbard and Kirby families, which have been keeping alive a feud for several months. Winchester and pistols were used by both factions. In a recent fight one of the Kirbys was shot by Will Revis, a friend of the Hubbards.

### Washington After Ice Trust.

Washington, July 10.—The grand jury of the District of Columbia continued its investigation into the charges of a combination among the ice dealers to raise the price of ice. Several witnesses were examined, but no information was given out. Several dealers forfeited their collateral

in default of appearance in the police court to answer to the charge of selling underweight.

### Kansas City Brewers Give In.

Kansas City, July 10.—The brewers who control the joints in Kansas City, Kan., admitted defeat in their effort to keep their places open in defiance of the law when they announced that they will agree never to sell liquor to the joints in Kansas City, Kan., again and promised to give bond as a guarantee of good faith.

### Almost Famished When Found.

Taylor, Neb., July 10.—Mr. Winslow, the blind man who was lost in the sand hills near the Calamus river on the afternoon of July 3, was found by a party of fifteen men several miles from home. He was asleep when found and was almost famished for want of water.

### Traveling Man Injured.

Lincoln, July 11.—N. W. Howells, agent for an eastern yeast firm, was dangerously hurt here. He fell from the footboard of a crowded car as another car was passing. He was rolled between the cars, his nose almost cut off and his leg broken. It is thought that he will recover.

### Fatal Wreck at Marsland.

Marsland, Neb., July 7.—Harry Gregg and John Ritchie were instantly killed in a wreck at this place between trains on the Burlington road. Thomas Campbell of Alliance, brakeman, and C. Miles McCracken of the same place, conductor, were seriously injured. Others were slightly injured and one man is missing. A mistake in orders is said to have caused the accident.

### Dr. Greene Leaves Asylum.

Lincoln, July 10.—Dr. James L. Greene, superintendent of the Lincoln insane asylum, resigned to take the position of superintendent of the eastern Illinois hospital for the insane at Kankakee. The resignation takes effect July 16. The institution of which Dr. Greene is the new head is the largest of the kind in Illinois, and Dr. Greene was the unanimous choice of the board of control. His residence there will be separate from the main institution and the salary paid him is double the Nebraska salary.

### Cobb Will Contest.

Lincoln, July 10.—Unduly influencing her father, the late Amasa Cobb, in the making of his will, is the charge brought against Mrs. Nannie C. Macfarland of Los Angeles by her sister-in-law, Mrs. Carrie E. Cobb of Lincoln, in a suit filed in the district court. Mrs. Cobb declares that she has been deprived of a large farm near Denton, which Amasa Cobb had promised her. She asks that the defendants, Mrs. Nannie C. Macfarland, Frank S. Cobb and Gilbert A. Cobb, may be decreed to have no right in the farm.

### Chamberlain's Bond is Readjusted.

Tecumseh, Neb., July 10.—The bond of Charles M. Chamberlain was readjusted in the district court here. Seven cases against the ex-banker were nolle prossed by the county attorney, that officer thinking they had been well covered in the other cases tried. The bond in the four remaining cases, three indictments and one information, was fixed at \$2,000. Mrs. D. F. Osgood of Sterling went surety of the bonds. Chamberlain stands convicted of embezzlement in one case in the district court of Nemaha county and two new ones have recently been filed against him in the county court of this county.

### WILL RETURN ALL VALUABLES.

#### Mrs McComber Celebrates Release From Norfolk Insane Asylum.

Catskill, N. Y., July 7.—Happy in her new found liberty, Ida Irish McComber, who last week was released from the Norfolk, Neb., insane asylum, has settled down in a cottage at Coxsackie, at which place Luther P. Stehr, the loyal cousin, who secured her discharge, is employed as chief draughtsman in the Kennedy Valve works. Mr. Stehr admitted that while in the Norfolk asylum Mrs. McComber penned tender missives and with a view to matrimony mailed them to correspondents in the hope of thus securing her liberty. "As to swindling," said he, speaking of the money and presents received by Mrs. McComber while confined in the asylum, "we are awaiting from Dr. Alden, superintendent of the Norfolk asylum, certain papers relating to her correspondence and that within a short time every dollar and every present will be returned to the parties who made the gifts."

### ACCORDED HONORS OF WAR.

#### Lincoln Woman Hoists British Flag, but Has to Haul It Down.

Lincoln, July 5.—"What I want to know is whether this is a free country or not?" "This is sure a free country, but no British flag flies in it." "Did you get your orders from headquarters?" "They came from headquarters all right enough and that flag comes

down." This was the conversation that went over the telephone wires between Miss Anna G. Tompsett of 611 South Twentieth street and Captain McGuire of the Lincoln police force. Miss Tompsett came from Canada recently and is still loyal to the land of her birth. Yesterday morning her neighbors were startled to see the Union Jack of England floating from the flagpole in front of Miss Tompsett's residence.

Presently an old soldier came limping down the street. As the English flag caught his eye he stood for a moment as if petrified. Then he turned and hobbled quickly into a nearby grocery store. There he telephoned to the police station. Officer Morse was detailed to the spot at once and, after the above telephone conversation, the English flag came down and was placed in a spot where it could not offend American patriotism. Miss Tompsett, however, was accorded the honors of war and was allowed to haul down her own flag.

### TRAIN RUNS WITHOUT CREW.

#### Nine Persons Injured When Collision Occurs in Memphis Yards.

Memphis, Tenn., July 10.—After colliding with a Southern Railway passenger train at Orleans street, a Southern Railway switch engine, with two cars attached, dashed wildly without a crew three-fourths of a mile to the Union depot on Calhoun street, where it crashed into two mail cars. Eight men were slightly injured and one seriously.

When the switch engine collided with the passenger train Engineer Williams was thrown heavily against the boiler. He and his fireman then jumped, the engineer sustaining serious injuries. The engine, with no guiding hand, dashed forward at once. The locomotive crossed eleven streets before arriving at the depot, and the presence of mind of the yardman prevented the engine crashing into the depot proper. The yardman threw a switch and the "wild" engine collided with mail cars on a siding.

### FIGHTING THE SALTON SEA.

#### Southern Pacific Road Tries to Drive River Back to Its Old Bed.

Salton, Cal., July 10.—Confronted with a final washout within the next six weeks by the rapidly advancing waters of the Salton sea, the Southern Pacific company is now making every effort possible to turn the Colorado river back into its old channel which leads into the Gulf of California.

Forty miles of the company's transcontinental line is affected. Large gangs of men with teams and graders have been sent to Pilot Knob, a few miles this side of Yuma, and the construction of a nine-mile spur track branching from the main line at Pilot Knob leading down through Mexico and ending at the famous intake has been commenced. This track will be used for the transportation of material required to dam the flood at the intake.

### Berry Gives Himself Up.

Boston, July 10.—Charles F. Berry, who was indicted in 1905 on seventy-four counts charging embezzlement of \$300,000 from estates of which he was trustee, returned to this city and surrendered himself to the district attorney. Later he was arraigned in the criminal court on the charge of larceny and held in \$15,000 bail, which was furnished. Berry's surrender was by a prearranged plan. About three weeks ago a man called at the district attorney's office and showed Mr. Moran a letter from Berry, who was at that time in South America. In the letter Berry said he wished to come home and would do so if he was granted reasonable bail and fair treatment.

### Handwriting Expert in Hartje Case.

Pittsburg, July 10.—David N. Carvalhoe, the handwriting expert who has been engaged in many famous cases of the country, has been called here to testify for Mrs. Hartje in the divorce case brought by Augustus J. Hartje, the millionaire paper manufacturer. In the previous hearings of the case appeared about forty letters, it is alleged, Mrs. Hartje wrote to the family coachman, Tom Madine, and which have been declared a forgery by Mrs. Hartje and her counsel. It is upon these letters that Mr. Carvalhoe went to work soon after he arrived.

### Fatal Fight at Barada.

Rulo, Neb., July 11.—News from Barada, Neb., reached here announcing the death of a quarter-breed Indian from near Omaha. This Indian tried to run things to suit himself and had pretty much his own way until he tied Ramsey, a bridge builder. The Indian drew a revolver and fired two shots at Ramsey, but both shots missed. Ramsey grabbed the gun and succeeded in taking it from the Indian. Quick as a flash he struck the Indian a terrible blow over the head with the butt end of the revolver. This blow laid the Indian unconscious on the floor. He regained consciousness for only a short time, after which he relaxed into a stupor until death came to his relief later.
