

BANKERS ADJOURN

ST. LOUIS CONVENTION EVADES ACTION ON CURRENCY REFORM.

Formulation of a Plan Referred to a Special Committee, Which Will Confer With N. Y. Chamber of Commerce and Submit Scheme to Congress.

St. Louis, Oct. 20.—The concluding day's session of the thirty-second annual convention of the American Bankers' association was marked by warmth of discussion, multiplicity of moves and complexity of counter-moves that at times occasioned absolute confusion when the subject of a currency reform plan was introduced. From the time that the opening speeches inaugurating the convention had been concluded, the delegates had impatiently clamored for the introduction of the currency topic, and when it was brought forward the convention was ready and eager to struggle with it. And struggle it did for over an hour, finally culminating its efforts in the adoption of a resolution introduced by William George of Aurora, Ill., to refer the consideration and formulation of a currency reform plan to a committee to be appointed by the executive council, which shall confer with the New York chamber of commerce committee and submit a plan for enactment into a law by congress.

With almost breathless interest the assembly listened to the report of the banking legislative committee as it was read by Chairman Arthur Reynolds, president of the Des Moines National bank, introducing the currency subject and setting forth the plan formulated by the committee for a credit or currency clearance. The plan comprised ten sections and Chairman Reynolds stated that it was prepared with consideration as to the condition of the country, its necessity, the temperament of the people, and the best interests of the citizens as a whole, aiming to protect the interests of the humblest citizens as well as those of the wealthy. The moment the reading of the committee's report was concluded the convention was in an uproar. Resolutions were offered to adopt the report as a whole, another to refer it back to the executive council without recommendation, and all the while delegates wildly clamored to discuss the subject and give expression to individually formulated plans. An hour's discussion was finally agreed upon, and the discussion was thorough and spirited, but without definite conclusion. At the expiration of the time limit a resolution was offered by William George to refer the report of the legislative committee to a special committee, and the resolution's adoption ended the matter.

President-elect G. S. Whitson, vice president of the National City bank, New York city, and Vice President-elect J. D. Powers, vice president of the Citizens' State bank, Middlesborough, Ky., were installed into office, and after brief speeches of acceptance by each, the convention adjourned.

HOT CAMPAIGN IN NEW YORK

New York, Oct. 22.—With election day only two weeks distant, the campaign in this state continues to become more active and more interesting. Not in some years have candidates in this state been greeted by such large and apparently interested crowds as this year. Besides the candidates themselves, other speakers of national prominence will deliver addresses during the coming week, among them Bourke Cockran for Hearst and Secretaries Root and Shaw for Hughes.

Palmer, who has charge of transportation for the American Sugar Refining company. There were six counts and a fine of \$17,000 was im-

posed in each. Frederick L. Pomeroy, assistant traffic manager of the New York Central, was fined \$1,000 on each count, a total of \$6,000. Judge Holt criticized the practices of the railroad.

McINTYRE PLEADS OWN CASE.
Prisoner at Lincoln, Said to Be Desperate Man, Before Supreme Court.
Lincoln, Oct. 18.—Philip McIntyre, convicted of separating Captain Fisher of Chadron from some \$2,000, pleaded his own case before the supreme court in the presence of a large crowd, of which a number were women.

McIntyre was brought back from Virginia, where he was arrested. He brought his case to the supreme court on a writ of error, but asked the court to change that and hear the case as an original appeal for habeas corpus. The court took the matter under advisement and McIntyre was taken back to the penitentiary.

A letter was received by Warden Beemer from W. B. Laughlin, saying McIntyre was a desperate man and would probably attempt to escape while arguing his case. He is badly wanted, the letter said, at Fort Scott, Kan. Warden Beemer and a deputy guarded him.

CHICAGO MEN ARE INDICTED.

Pat King, Policy Chief, and Other Land Promoters Caught in Net.

Lincoln, Oct. 19.—"Pat" King, the policy king of Chicago; Lawrence King and W. J. Baird, promoter of the Chicago ranch scheme in Sheridan county, Nebraska, were indicted by the federal grand jury on the charge of fraud and conspiracy in seeking to obtain title to 50,000 acres of land in Sheridan county by fraud.

The "Chicago Ranch" scheme was a new one to the land officials and was nipped just in time. The company originally consisted of fifteen entrymen, who filed on whole sections of land and then organized themselves into a company, known as the Chicago Ranch. These parties were all Chicago people and each put in from \$50 to \$250 cash and became stockholders. Some of the proceeds were devoted to fencing the entire tract of 50,000 acres and buying live stock, the whole number of live stock consisting of one cow and six horses. An assessment of \$250 a month was made on stockholders and things were moving along fine.

Then it became necessary to secure titles to all the land enclosed by the fence and the country was raked for a number of old soldiers to make filings on the lands. They were paid a bonus of \$25 at the start. After a time the soldiers were persuaded to give relinquishments to the land for an additional consideration in order that other parties might be persuaded to file on their claims. The purpose of the Chicago Ranch people was to cover up the land by fraudulent filings and then speculate on securing other filings by parties who could be persuaded to become stockholders.

SNOW AND SLEET IN NEBRASKA
Trains From the West Many Hours Late and Wires Down.

Lincoln, Oct. 23.—All trains from the west were late many hours on account of snow and sleet storms in Nebraska, Kansas and Colorado. The storm was responsible for a freight wreck on the Burlington near Homingford. No one was injured, but traffic was badly delayed.

A bad sleet storm prevailed in central Nebraska, breaking down trees, telegraph and telephone wires and causing suffering among stock.

The storm still continues at Alliance, more than twelve inches of snow having fallen there in twenty-four hours. Train service west is at a standstill. There is much apprehension there for live stock. A large portion of the potato crop is also in the ground and it is feared it will be a total loss. Passenger trains may run west from there today, but it is doubtful.

RULO FARMERS ARE FOOLED

Make Deal With Life Insurance Agent and Must Pay Notes for Policies.

Rulo, Neb., Oct. 19.—A life insurance agent, giving his name as H. C. Smith, defrauded a number of people of this neighborhood in a novel manner. Representing the Kansas City Life Insurance company, he came here and after trying to sell policies in the usual manner, proposed to several persons that he would give them each 20 per cent of the premiums paid in a radius of five miles of their home if they would take a policy, in each case saying that the use of the name would be of that value to him. As he gave written guarantee of his offer he found no difficulty in making such arrangements, his victims giving notes for policies in the company, to be paid later by the 20 per cent commission. After Smith left it was found that the notes had been sold to an "innocent purchaser." A letter by one of the victims to the company brought answer that Mr. Smith was no longer in its service; notes were sold and guarantee not binding on the company.
