## DISPERSION SALE

At my farm 5 miles west and 1 mile north of Mankato; 5 miles south of Burr Oak, and 2 miles east and 2 miles south of Otego, on

**WEDNESDAY, DEC. 19, '06**

Commencing at 10 a. m., the following:

**32 Head of Registered  
HEREFORD CATTLE**

Eleven cows, 3 3-year-old heifers, one 2-year-old heifer, 4 1-year-old heifers, 3 heifer calves, 7 bull calves, one bull 1 year old, 2 old bulls. Florest J. No. 158,565, my herd bull, is one of the best of the breed.

A good time to buy good cattle at your own price. All good, serviceable cattle—not fat, but in good breeding condition. The only reason for selling them is that I have no pasture, so cannot keep them and must sell. Remember the date, Wednesday, Dec. 19.

**Free Lunch on Ground.**

**W. E. Johnson.**

COL. JOHN BRENNAN, Auctioneer.  
D. H. STAFFORD, Clerk

**TERMS—12 months at 8 per cent.**

### Excursion to Limon, Colorado.

A. H. Kaley has returned from Limon, Colorado, where he has lately engaged in the land business of locating homesteaders and selling land, and has some choice lands for sale at from \$4.50, \$6, \$7.50 to \$10 per acre, not far out from Limon, Colorado, a growing town that offers many opportunities in different lines of business. There is a great opening for a restaurant and bakery, also livery stable, as the one there can not accommodate half the conveyance demanded. A well borer and windmill man, if on hand soon, could make a small fortune. A good newspaper is very much in demand to advertise the many advantages of that country and the many bargains it has to offer. A farm and loan company would do well; another barber shop is needed; another lumber and cement company would do excellently, as the present parties are overcrowded. There are two first class hotels and they can not meet the demand, and a good second class hotel—a \$1.25 a day house—would do a rushing business. Limon has two railroads making a junction at this place and a roundhouse employing 128 men daily. Eighteen mail pouches are changed there daily. The Rock Island runs four passenger trains each way daily and the Union Pacific three passenger trains each way daily, making quite a heavy traffic in business. People are coming in from almost every state looking for land, and it can not be long until cheap land will be of the past. There will be an excursion leave Red Cloud December 18 for Limon. The round trip will cost you, by Denver, \$16, which would be well spent in seeing the country if you buy

no land or take no homestead. There has quite a number been out on former excursions and bought lands and taken homesteads, and they have invariably been well pleased with the country and their purchases of land. There are many good bargains left yet that I would like to see my friends take advantage of. There is yet time to get in on the first and reap the benefits. I hope to see many of you take the train next Tuesday evening, as that may be the last excursion for some time. Do not fear a cloudy day, or a little cold weather, or threatened snow. You will not suffer in the cars, and when you arrive in Limon you will have good hotel accommodations. Closed carriages and other conveyances will take you free over land to see and show you country and lands, and the finest of weathr may be there on your arrival, as southeastern Colorado has not the cold weather that Nebraska has. So come along and get in the procession while you can.

A. H. KALEY.

### A Minimum Water Rate.

The minimum water rate, for which this paper has so long contended, is at last about to become a reality. The city council, at a meeting held last Thursday night, passed an ordinance which provides for a minimum water rental of \$6 per annum, the following being the graduated rate for water service agreed upon:

Less than 100,000 gallons monthly, 20 cents per thousand.  
From 100,000 to 200,000 gallons per month, 15 cents per thousand.  
From 200,000 to 400,000 gallons per month, 12 cents per thousand.  
From 400,000 to 500,000 gallons per

month, 10 cents per thousand.

Over 500,000 gallons per month, 8 cents per thousand.

The minimum rate for water service is based on the size of the feed or supply pipe, and is as follows:

For 1/4 inch pipe, \$6 per annum.

For 1/2 inch pipe, \$12 per annum.

For 3/4 inch pipe, \$18 per annum.

For 1 inch pipe, \$24 per annum.

Where the amount of water consumed exceeds the minimum rate, the excess shall be paid for at the gallon rate.

Among other things, the ordinance provides that those who do not wish to buy meters may rent them from the city at 25 cents per month; that no one but the water commissioner, his assistants or a licensed plumber be allowed to make water connections, under penalty; that where water has been shut off by water commissioner for any cause a fine of \$25 shall be imposed upon any unauthorized person turning same on.

ManZan Pile Remedy put up in convenient collapsible tubes with nozzle attachment so that the remedy may be applied at the very seat of the trouble, thus relieving almost instantly bleeding, itching or protruding piles. Satisfaction guaranteed or money refunded. Sold by Henry Cook's drug store.

"Pineules" (non-alcoholic) made from resin from our pine forests, used for hundreds of years for Bladder and Kidney diseases. Medicine for thirty days, \$1. Guaranteed to give satisfaction or money refunded. Get our guarantee coupon from Henry Cook's drug store.
