Tribute to the Phonograph

Even John Philip Sousa, the great bandmaster, who has no use for Phonographs, has been forced to recognize the Phonograph as a formidable competitor. The two-step king says that people will no longer go to concerts if they can have music in their own homes so easily and so cheaply as they can with the Phonograph. This is an unwilling tribute, but it is nevertheless a tribute. The man who has a Phonograph has a concert in his own house. Even a king could not have more. At our store you can hear them any time.

ARBUCKLES' ARIOSOSA COFFEE

GAVE THEM AMBITION AND THE POWER THAT TURNED THE WILDERNESS INTO THE GREATEST RICHEST COUNTRY THE SUN SHINES UPON

SOLD IN SEALED PACKAGES ONLY FOR YOUR PROTECTION

"For over thirty years," writes a gentleman in Los Angeles, "I have used Arbuckles' Coffee. Many times my family has tried other coffee only to come back to our old reliable, unchangeable Arbuckles. No other coffee has this uniform never failing aroma, I care not at what price. I have often wished I could tell you this." Many other people have the same opinion. Arbuckles' was the first roasted packaged coffee, and its sales exceed all the others put

together. That it costs you less is due simply to our coffee business being so much greater than any competitors, in fact, it is larger than the next four largest firms in the world combined. We naturally can and actually do give better coffee in ARIOSOSA than anyone else can give for the price; Being the standard article it is sold at the narrowest margin of profit.

Some grocers will try to sell you instead loose coffee which the roaster is ashamed to sell in a

package bearing his name.

Don't take it, neither the looks nor the price indicate its cup quality. No matter where you buy Arbuckles' ARIOSOSA, or what you pay for it, it's the same old uniform Arbuckles' ARIOSOSA Coffee.

If your grocer will not supply, write to ARBUCKLE BROS., New York City.
