

Does Not Color Hair

Ayer's Hair Vigor, as now made from our new improved formula, does not stain or color the hair even to the slightest degree. Gray hair, white hair, blonde hair is not made a shade darker. But it certainly does stop falling hair. No question about that.

Does not change the color of the hair.

Formula with each bottle
Show it to your doctor
Ask him about it, then do as he says

Indeed, we believe it will stop every case of falling hair unless there is some very unusual complication, something greatly affecting the general health. Then you should consult your physician. Also ask him about the new Ayer's Hair Vigor.

RENKEL MAKING GOOD.

"Bill" Seems to Be Going After the Railroads.

"Bill" Renkel is heard from more frequently than any other legislator from this part of the world. Although his bill to compel the railroads to attach a passenger coach to each stock train was knocked in the head, he has bobbed up with another bill, of which the Lincoln Star says:

"Renkel's bill for the regulation of the speed of shipment of live stock was placed on general file in spite of unfavorable report of the railroad committee. Greig of Platte believed the bill of greater importance to the shippers of the state than any other bill that has been introduced."
