ROUMANIA NEAR CIVIL WAR

PEASANT REVOLT SPREADS TO ALL PROVINCES.

BUCHAREST IN FEAR OF ATTACK

Four Thousand Revolutionists Are on Their Way to Capital—Troops Ordered to Use Shrapnel—Severe Encounters Reported.

Vienna, March 27.—The rising of peasants in Roumania is assuming the proportions of civil war. The movement is directed not only against the Jews, but also against the Christian land owners. The trouble now extends from one end of Roumania to another and even the capital city, Bucharest, is in fear of an attack. Reports of sanguinary encounters received each day show the disorders to be more deep-seated and far-reaching and the situation more serious.

There was sanguinary fighting in the streets of Petreson, when 2,000 peasants, led by three students, entered the city and sacked and destroyed many buildings, including the palace of Prince Stireby.

In the districts of Teleorman and Vlaschia twenty-three landed proprietors have been killed and forty-two villages have been burned.

At Alexandria sixty men were killed and 300 wounded before the troops succeeded in dispersing the rioters.

Four thousand peasants from the districts of Teleorman, on the Vlaschia, have joined forces and are now marching on Bucharest. A minor state of siege has been proclaimed there and the military authorities have taken measures to prevent the revolted peasants from invading the city. Should the peasants refuse to retire, orders have been issued to the troops to use shrapnel against them.

SALVADOR EAGER FOR PEACE

Requests Mexico to Intervene in Central American War.

Mexico City, March 27.—Mexico has been requested by the republic of Salvador to intervene and use her best efforts to bring about peace in Central America.

Dr. Baltazar Estupinian, the minister to Mexico from Salvador, received a telegram from the government, saying Salvador was withdrawing all her troops from Honduras territory and was eager for peace. Dr. Estupinian then conferred with President Diaz. As a result of the conference a message was immediately sent to Ambassador Creel in Washington by the president. The contents of this dispatch were not made public, but it is stated on good authority that President Diaz has instructed Mr. Creel to join the American government in demanding the cessation of hostilities. Salvador has been an active ally of Honduras. According to an American who has important interests in Central America, unless the war is brought to a close by intervention on the part of the United States and Mexico shortly, a federation of Central American states, with President Zelaya of Nicaragua at the helm, will be the direct end of the present conflict.

BONILLA ORDERS SURRENDER

President of Honduras Tells Tegucigalpa to Admit Nicaraguan Army.

Managua, Nicaragua, March 27.—It is stated on the highest authority here that President Bonilla of Honduras, after his retreat to Amapala following the defeat of the Honduran-Salvadorean forces at Choluteca by the Nicaraguan army, ordered from Amapala the surrender of Tegucigalpa, capital of Honduras, to the victorious troops. The city is now in possession of the Honduran-Nicaraguan government junta.

FRENCH UNITED ON MOROCCO.

Papers of All Political Color Uphold Hands of Cabinet.

Paris, March 27.—The French press unanimously appreciates the gravity of the government's decision to bring the sultan of Morocco to reason, and with no exception the newspapers support the cabinet's determination to restore French prestige in North Africa by the occupation of Oudja, which, it is considered, will make the Morocco authorities understand that French national dignity cannot long permit the Moors to disregard with impunity their solemn agreements.

NEWS OF NEBRASKA.

Younger Gets Twenty Years.
Lincoln, March 23.—George Younger, a Texas negro, who committed a savage assault on Myrtle Fleming, a sixteen-year-old telephone girl, was given a sentence of twenty years in the penitentiary. The crime was committed about a month ago.

Kills His Wife and Self.
Omaha, March 22.—As a culmination of a week's ill feeling, due to jealousy, James Kimberlin shot and killed his wife, Lavica, in their room at 1204 Dodge street, and then shot himself through the head. Both husband and wife died a moment after the arrival of the police surgeons.

Evidence Against Lumber Trust.
Lincoln, March 22.—More evidence was introduced at the lumber trust hearing to confirm the charges of pooling and division of territory among the lumber dealers of the association. It developed that pools have been maintained by members of the organization at Seward and McCook since the reorganization of the association down to the present day.

Lumberman Held for Arson.
Norfolk, Neb., March 22.—Fred Bazelman, a lumberman at Bristow, Neb., was arrested, charged with having set fire to his own and other buildings last week, when more than half of that village was burned, causing \$50,000 loss. Bazelman failed to secure the \$6,000 bail asked, and has been taken to Butte, the county seat, where he will remain in jail until April 4, when his hearing is set.

FREE HOUSE FOR GOVERNOR.

Constitution Not Violated by State When It Gives Governor Mansion.
Lincoln, March 22.—The supreme court held that Governor Sheldon does not have to pay house rent to the state because he lives in the executive mansion.

Judge Letton wrote the opinion and he says it is not a violation of the constitution for the state to furnish the chief executive with a house when it requires him to live at the capital. The suit was brought by Attorney General Thompson at the request of Governor Sheldon, who wanted the constitutionality of the statute tested.

CRANDALL NOT LOCATED

Affairs of Missing Firth Banker Said to Be Badly Involved.

Lincoln, March 21.—William J. Crandall, cashier of the suspended Citizens' bank of Firth, who left that town last Thursday, has not been located. Advice from the Illinois town of which Crandall said he was going say he has not been there. Mrs. Crandall is at the home of relatives in Lincoln and is nearly prostrated. Examiner Mickey, who is in charge of the bank, is unable to say whether it is solvent. Hasty examination of the books indicates that Crandall is indebted to the bank, but the amount cannot be told accurately. Crandall had other interests in the town, and these are declared to be badly involved.

PRAIRIE FIRES IN NEBRASKA.

Losses to Farmers Will Reach Far into the Thousands.

Chappell, Neb., March 22.—Prairie fires, started, supposedly, by locomotives and driven by a high wind, swept all the country between this place and Julesburg, Colo. Lack of telephone connection prevents securing all details of damage done, but reports have been received of the burning of several barns, many tons of hay, one home belonging to Albert Nashund, hundreds of fence posts and several head of cattle. Engineers of westbound freight trains say that poor coal, with high winds, is making much trouble and that it is necessary to keep men on top of trains to guard cars. Two trains pulled in here with cars on fire, one of which had to be chopped open to put out the fire with hose. The losses to farmers will reach far into the thousands of dollars, aside from range burned over making feeding necessary.

WOMAN WHO SHOT MAN DIES.

Cleveland, March 27.—Mrs. Lillian Avary, who shot her husband Sunday evening when she was slowly dying of malignant cancer, caused by her husband striking her while the couple lived in Chicago, according to her statement, is dead. Her husband is at the hospital in a precarious condition. Mrs. Avary died praying for his recovery.

Bomb Fails to Kill Governor.

Bialystok, Russia, March 27.—A bomb was thrown at Governor General Rogalevski while he was out driving. The governor general was not injured, though the force of the explosion broke all the windows in the street and his coachman was slightly wounded. The man who threw the bomb escaped.

Storm at Colorado Springs.

Colorado Springs, Colo., March 27.—A terrific sandstorm raged in Colorado Springs and vicinity and business in the downtown districts was practically suspended. Many telephone

NEGRO FANATICS SLAIN

THREE KILLED IN FIGHT WITH OFFICERS AT MUSKOGEE.

TWO WHITE MEN ARE WOUNDED

Deputy Shot While Serving Writ of Ejectment on United Socialists Club, Which Had Taken Possession of House, Refusing to Pay Rent.

Muskogee, I. T., March 27.—As the result of a battle between federal authorities and members of the "United Socialists" club, a society of negro fanatics bearing commissions from a Cincinnati detective association, a deputy marshal, John Colfield, was seriously shot; Guy Fiscner, white, was wounded; three negroes were killed and two more severely wounded. Colfield was shot while serving a writ of ejectment on the members of the society, who had taken possession of a house, refusing to pay rent or move, declaring that their authority was higher than that of the United States. The entire city and marshal's forces were called out and attacked the house in which the negroes were barricaded, killing Sam Barker, Elbert Barker and a man named Scott.

Six members of the organization, including their leader, William Wright, a preacher, are in jail.

During the trouble fifty shots were fired. Officer Colfield's writ of ejectment was to have been served on Sam Barker, who had rented the house.

Nearly every white man in the city is armed in anticipation of further rioting. Because of the fact that this particular band of negroes is disliked by the others of their race, more trouble is not looked for.

The United Socialists were part from the other negroes and were known as "money finders," because it was their custom to travel about at night and hunt for buried money.

OGDEN ON LAND ENTRIES

Clerk in General Land Office Tells of Progress of Puter's Claims.

Washington, March 27.—Progress of the Puter "eleven-seven" claims through the general land office was carefully traced in the Hermann trial when George R. Ogden, a clerk in the public lands division of that office, testified. Mr. Ogden prepared the correspondence in the case. He directed Dr. Loomis, the special land agent in Oregon, to report on these claims. On the receipt of the Loomis report Ogden did not feel satisfied as to the showing made and directed State Forester Ormsby to report on the claims. Ormsby's report, the witness said, was almost identical with the Loomis report. It was at this stage of the proceedings, after Ogden had prepared another comprehensive statement of the condition of the claims, that the cases were made "special" and the matter taken out of his hands. All of the papers in the claims, he said, were asked for either by Commissioner Hermann or Assistant Commissioner Richards. The next day Ogden was called into conference with Richards regarding the claims. He told Richards that he did not feel satisfied with the showing made. Mr. Richards replied that he had looked over the papers and thought there was a sufficient showing to justify the issuance of patents.

Ogden said the cases might have been reached in the regular course of business within three days even if they had not been made "special."

Trainmen Charged With Manslaughter

Los Angeles, March 27.—Charged with manslaughter, Engineer Kelly and Conductor Humble of the Santa Fe, who were in charge of the Overland limited which collided with the students' excursion train on the bridge spanning the Los Angeles river Saturday night, causing the death of five persons, have been arrested. The court fixed the bail at \$6,000 for each man.

Woman Who Shot Man Dies.

Cleveland, March 27.—Mrs. Lillian Avary, who shot her husband Sunday evening when she was slowly dying of malignant cancer, caused by her husband striking her while the couple lived in Chicago, according to her statement, is dead. Her husband is at the hospital in a precarious condition. Mrs. Avary died praying for his recovery.

Bomb Fails to Kill Governor.

Bialystok, Russia, March 27.—A bomb was thrown at Governor General Rogalevski while he was out driving. The governor general was not injured, though the force of the explosion broke all the windows in the street and his coachman was slightly wounded. The man who threw the bomb escaped.

Storm at Colorado Springs.

Colorado Springs, Colo., March 27.—A terrific sandstorm raged in Colorado Springs and vicinity and business in the downtown districts was practically suspended. Many telephone

poles were blown down and plate glass windows were broken. The wind blew with a velocity of seventy-two miles an hour.

Fatal Duel Over Poker Game.

New Orleans, March 27.—News has reached here of a duel over a poker game at Reserve, La., in which Superintendent T. W. Farrell of the Rudder-Orleans Lumber company, was killed outright and Benjamin P. Bourgeois, the opponent, was seriously wounded.

TERMINAL BILL PASSES.

Measure as it Comes from Senate is Approved by House.

Lincoln, March 23.—The senate terminal tax bill passed the house on third reading by a vote of 56 to 40.

The railroad fought to the last ditch. Clarke made the motion to put the bill on third reading immediately after the house convened, explaining that several members were present to vote for the bill who were ill and who wanted to go home. Hamer of Buffalo moved that it be recommitted for the specific amendment to distribute for city assessment purposes all railroad property located off the right-of-way of railroads, where the property is located in a city or town. This motion lost. Clarke moved the previous question. The vote to this carried the vote to put the bill on third reading, and then the final vote was in favor of the bill, it requiring four roll calls before the finish.

The senate, with but one negative vote, passed the reciprocal demurrage bill. It provides a fine of \$3 per day per car for railroad companies that fail to provide freight cars for shippers following a demand. It also prohibits discrimination. The bill is set to be considered by the house.

The senate killed the house bill taxing men who neglect to vote \$3 each. The house child labor bill was recommended for passage in the senate, as was the senate bill decreasing sleeping car rates 30 per cent.

Stolypin Misses Golden Opportunity.

St. Petersburg, March 27.—The Reich says Premier Stolypin missed a golden opportunity to "speak that healing word of peace that the country craves," and that instead he confessed the government was still hesitating between the duma and drum-head courts-martial. "The people are reminded of the wall that stands between them and the government," the paper continues, and in conclusion asks "will the duma or the drum-head courts-martial survive May 3?"

Kelifer on Panama Canal.

Pittsburg, March 27.—General T. Warren Kelifer of Ohio, in speaking before the Pittsburg board of trade on "The Panama Canal," said: "It is marvelous, almost as marvelous as the things taught by Christ in his miracles. When we arrived there we found a thing of death brought to life. Today it is as healthy in Panama as it is in Pittsburg. What has done this? We carried our great medical science there."

When your Watch Stops

You cannot make it go by shaking it. When the bowels are constipated you can disturb them with cathartics but, like the watch, they will not be able to do their allotted work until they are put into proper condition to do it. One cannot mend a delicate piece of mechanism by violent methods, and no machine made by man is as fine as the human body. The use of pills, salts, castor-oil and strong cathartic medicines is the violent method. The use of the herb tonic laxative, Lane's Family Medicine is the method adopted by intelligent people.
