Knights Templars Easter Services.

The Easter services at the Congregational church Sunday evening were extremely interesting, enjoyable and beneficial. The ladies had decorated the church with flowers and gave it the appearance of real summer time. The choir rendered a beautiful sacred cantata and musical experts pronounce it an unqualified success.

There were solos, duets, quartets and chorus work galore. Why import singers when we have such talent in our own city?

Rev. Cressman took for his subject "Immortality" and his logic, terse statement, and clearness were certainly captivating.

Cyrene Commandery, Knights Templar, attended in a body and in uniform. The church was filled to its capacity even to standing room and many people failed to gain admission.

Concerning the De Hart Fire.

Mr. and Mrs. L. L. De Hart make the following statement about the fire which recently destroyed their home:

EDITOR CHIEF:—We read in THE CHIEF that there were two small children at home when the house caught fire. There were three boys, the oldest 15, the second 10 and the third 6. There was no fire in the house when we left for the church. We lit the lamp and placed it on the table, and

the boys say they were outdoors all evening. When they removed their shoes and went upstairs to go to bed there was smoke in the room, and when they discovered the fire one of boys threw a bucket of water on it, but it had gained too much headway for them to check it.

We desire to thank the many friends and neighbors for their kindness to us in our loss.

MARRIAGES.

Volk—De Brunner.

On Tuesday, April 2, in Red Cloud, occurred the marriage of Miss Lizzie K. Volk of Campbell and George De Brunner of Inavale, Judge Edson officiating. The bride and groom were attended by Charles Martin and Miss Frances De Brunner, and Frank De Brunner and Miss Rosa Volk. After the ceremony the bridal party drove to the home of Mr. and Mrs. J. De Brunner, on Farmers creek, where about two hundred and guests partook of a bounteous wedding supper. The decorations were pink and white. The happy couple received a large number of beautiful and useful presents. One pretty feature of the wedding supper was that four generations of relatives of the bridegroom were present, including Grandma Myers, aged 86; her daughter, Mrs. J. De Brunner, and Mrs. Wessel and children, daughter and grandchildren of Mrs. De Brunner. All join in wishing the young couple a long and happy life. They will live on the groom's farm one mile west of his parents.

OTHER WEDDINGS.

Adolph C. Anderson and Carrie Householder, both of Bladen.

Wm. W. Howard of Litchfield and Miss Maude M. Harris of Red Cloud. Married by Judge Edson.

Frank R. Karr of Blue Hill and Miss Bertha A. Sanson of Wilcox. Married by Judge Edson.

Frightful Experience.

Mrs. W. A. Cummings, who lives ten miles north of Red Cloud, recently had an experience which she will not care to repeat. While burning some trash during the high wind, Mrs. Cummings' dress caught fire and blazed fiercely. With great presence of mind she gathered her garments tightly about her and rolled on the ground, extinguishing the flames. In doing so she was severely burned and bruised but her prompt action probably saved her life.

Business College Notes

The school is settled now after the spring drop off and the students are doing some good work. The Normal students are enjoying the reviews in the various branches of the work.

Miss Mamie Haines made us a very instructive talk in chapel Thursday morning. Miss Haines is the State primary worker for the Sunday school association and was in Red Cloud Wednesday and Thursday while on her way to the county convention at Inavale. If ever perfection was granted to a human being Miss Haines is very close to the perfection mark. We all enjoyed her talk.

Mr. Harry Cramer has rented one of our typewriters for the spring and summer.

Everton Foe is giving Mr. Palmer some good practice on the telegraph key. They have some lively times sending and receiving messages.

The pictures taken by Mr. Dietrick at the old mill dam last week are real good.

The college has secured another good lecture course for the coming winter. A much stronger course than last year. Do you want another season ticket?

DUMA DISCUSSES BUDGET

Kuttler Declares \$2,750,000,000 Been Spent for War Adventure

St. Petersburg, April 3.—The lower house of parliament began discussing the budget for 1907. Finance Minister Kokovsoff appealed to the members to deal with the subject in a national spirit and not from the standpoint of party politics.

The principal reply to the minister's presentation was delivered by the expert of the constitutional democrats, Minister Kuttler, who criticized the budget from the standpoint of the present financial system of Russia, particularly the direct forms bearing heaviest on the poorer classes, but recognized the impossibility of making reckless attempts to change the system.

He attributed Russia's financial difficulties to the costly war, the costlier revolution and the great famine. While the total expenditures, \$1,236,000,000, showed a nominal decrease of \$20,000,000 over 1906, the actual saving was almost \$200,000,000. The government was really spending last year \$1,649,000,000, owing to the extraordinary expense, famine relief, etc., instead of the \$1,255,000,000 contemplated by the budget.

M. Kuttler analyzed the public debt, amounting to \$4,500,000,000, with an interest charge of \$191,000,000 annually, declaring that only \$1,750,000,000 had been expended on railroads and productive works, while \$2,750,000,000 had been spent for war adventurism.

PROSECUTIONS FOR FRAUD

Government to Proceed Against Persons Who Violate Pure Food Law.

Washington, April 3.—The department of agriculture is making preparations to begin prosecutions under the pure food law at an early date, and Dr. Wiley, under whose directions, as chief of the bureau of chemistry, the work will be conducted, has given instructions to his inspectors to secure as soon as possible the samples on which the prosecutions will be based.

The offending establishments have generally been located and nothing remains to prepare a basis for the proceedings except to obtain specimens of the articles alleged to be adulterated or impure. When these are procured charges will be formulated and supplied to the United States district attorneys in whose districts the offenders may reside, whereupon they will be required to begin criminal proceedings. There will soon be forty or fifty inspectors in the field and Dr. Wiley expresses the opinion that a large number of prosecutions will result from their investigations.

Doing Up a Shirt.

"This bill is too high," said the customer. "Too high?" ejaculated the laundryman. "That's what I said—too high." "But, man, do you know how long it takes to do up a shirt?" "Why, about four washings!"—Yonkers Statesman.

The Bore.

"I think Jones is one of the worst bores that ever lived." "Why so?" "He broke right in and began talking about himself while I was telling about a thrilling experience I once had out west."—Indianapolis Star.
