As by the papers you can see;
But none of them can equal
Hollister's Rocky Mountain Tea.

The second floor of Starke Bros' big
barn at Auboy gave way the first of
the week, owing to being too heavily
loaded with grain. Fortunately the
live stock was all out of the basement
at the time, else the loss would have
been more serious. As it is, it will
require the expenditure of several
hundred dollars to repair the damage.

Dr. Warrick, the specialist, will

day April 23.

While we believe the spirit of econ-
omy shown by those in charge of the
electric light plant is commendable,
we would like to see the lights turned
on before dark.

not favor the court house bond propo-

convince him of the error of his way.

the old time exponent of everything
that has the word "anti" prefixed to it.
"Cap" always was a "knocker."

April 17, afternoon and evening. Ten

tainment free.

S. M. Holladay of Indianola, Ia., is
in Red Cloud this week arranging the
preliminaries for a ten days' Chautau-
qua to be held in Red Cloud the latter
part of July and the first of August,
and is meeting with considerable en-
couragement from our citizens.

Cards have been received in Red
Cloud announcing the approaching
marriage of Miss Margery Stover and
Mr. William Jagger, which will occur
on the 24th. Miss Stover is well
known here, having visited frequently
at the home of Mrs. Anna Tulleys.

Governor Sheldon yesterday vetoed
appropriation bills to the amount of
\$250,000, and his pruning knife is still
sharp. Among the appropriations cut
out were those for Alaska-Yukon-Pac-
ific exhibit, the \$30,000 wolf scalp
bounty grab and others that looked
extravagant.

The street commissioner has been
subjected to a great deal of annoyance
by the mysterious disappearance of the
original blue print of the city water
works system. Just what has become
of it no one seems to know. There
was also another chart of the system
which hung in the firemen's hall, but
this also has disappeared. Does any-
one know the location of either chart?

Allen McCoy and Henry Gress return-
ed Sunday from a trip to Culberton
and other western points. Mr. McCoy
has rather poor opinion of the slipshod
methods of farming in vogue in that
locality. Much of last year's corn crop
has not been picked, and he says the
farmers out there drill wheat without
plowing or disking the ground. How-
ever, he says the land is much better
than he expected to see.

Street Commissioner Tomlinson, by
request of the city council, is figuring
up what it will cost to pipe the water
from the springs on the Maurer place
to the water plant. There is a move-
ment on foot among some of our
monied men to finance the proposed
undertaking and there is a possibility
that before another year rolls around
Red Cloud will have a bountiful sup-
ply of pure spring water.

The district meeting of the Frater-
nal Aid Association, for the tenth dis-

Grand Island, Joe Fogel and E. H.
Newhouse of Red Cloud. Mr. South-
man was elected delegate to the grand
lodge meeting at Lawrence, Kan. E.
H. Newhouse was elected alternate.

The high school baseball team went
down to Superior this morning for a
game. They were accompanied by a
large crowd of high school "rooters."
The boys are not very hopeful of win-
ning, as they have no grounds at home
on which to practice. However, they
expect to make Superior play ball.
The team is made up as follows:
Smelser, catcher; Ferguson, pitcher;
Phares, shortstop; Hedge, first; Hall,
second; Johnston, third; B. Robinson,
Milligan and M. Sherwood, outfield-
ers; Williams, substitute.

SUICIDE AT ROSEMONT.

**John Coon Hangs Himself Wednesday
Night.**

Yesterday evening's Lincoln Star
contains the following dispatch, no
word of which was received here:

The police received word from Rose-
mont, Neb., this morning that John
Coon, of that place, committed suicide
last night by hanging himself. Two
of his daughters live in Lincoln and
the police were requested to notify
them of the occurrence. The message
was received at 9:50 and five minutes
later both of the daughters had been
found, Miss Dolly Coon, a waitress at
the Palace Dining hall, and Miss Elsie
Coon, an employe of the Globe Lau-
ndry company. Both girls left this
morning for Rosemont. The police
received no particulars in regard to
the alleged suicide and the daughters
volunteered no information.

Webster County's Greatest Need.

Bladen Enterprise.

Now that elections are over let us
get down to business and take up the
next item of importance. We have
reference to the court house bond ques-
tion which comes up on the last day
of this month. We favor having a
new court house because we want a
safe repository for our papers, our
deeds, our mortgages and our titles.

The present building is nothing but
a fire trap and important papers which
are used every day are placed or rather
piled on shelves in a building which

ARE you getting Boys' Clothing with the best
quality and style? Are you, for a fact? Or,
is it doubtful?

There's no use trying to convince yourself that
you can buy as good clothing anywhere else as we
handle; it's useless to try to save money over the
prices we ask. To assume that you get the service
or satisfaction from "cheaper" clothing is to argue
that right is not might, that merit has not power, that
value does not.

would burn like tinder. Should a fire
get started in that building it would
cost property owners thousands and
thousands of dollars to get any thing
like a title again.

If a person owns a home worth not
more than \$500 and should his title
be destroyed it would cost him at least
\$150 for a new title in the way of
affidavits, court proceedings, attorney
hire and the like. We all believe in
insurance and we ought to provide in-
surance for our valuable papers and
the only way we can do that is to

erect a suitable building fitted with
fire proof vaults. Of course we would
prefer to have those vaults in our own
town, but the law fixes the repository
at the county seat and in the county
seat it must be. We are not so much
concerned as to where it is placed as
we are that we have a safety vault.

We will have a word to say about
the cost and taxes later on but let us
not lose sight of the fact that right
now our papers are in danger. Let us
build a new court house and be on the
safe side.
