

Tribute to the Phonograph

Even John Philip Sousa, the great bandmaster, who has no use for Phonographs, has been forced to recognize the Phonograph as a formidable competitor. The two-step king says that people will no longer go to concerts if they can have music in their own homes so easily and so cheaply as they can with the Phonograph. This is an unwilling tribute, but it is nevertheless a tribute. The man who has a Phonograph has a concert in his own house. Even a king could not have more. At our store you can hear them any time.

GIVES DEFI TO ROOSEVELT

DR. LONG MAKES PUBLIC LETTER HE WROTE TO PRESIDENT.

DEMANDS PUBLIC RETRACTION

Pastor-Author Says President Has Gone Out of His Way to Accuse Him of Falsehood—Issue is No Longer One of Animals.

Stamford, Conn., May 29.—Dr. William J. Long made public a letter sent by him to President Roosevelt. The letter says, in part: "The issue between you and me is no longer one of animals, but of truth and personal honor. In a recent magazine article you deliberately attacked me, as well as my book. You have used the enormous influence of your official position to discredit me as a man, to injure my reputation and, incidentally, to make a poor man even poorer by destroying, if possible, the sale and influence of his work. In my book I have given the result of long years of watching animals in the wilderness, with no other object than to study their habits and, so far as man can, to understand the mystery of their dumb life.

"In every preface I have stated, and I now repeat the statement, that every incident I have recorded from my own observation is true as far as an honest, educated man can see and understand the truth. In your recent attack, this is what you chiefly deny. I have spoken the truth and you accuse me of deliberate falsehood and misrepresentation. As president of the United States you have gone out of your way publicly to injure a private citizen who was attending strictly to his own business; as a man you have accused of falsehood another man whose ideals of truth and honor are quite as high as your own. This is the whole issue between us. I meet it squarely and so must you. If I have spoken falsely, if in book or word of mine I have intentionally deceived any child or man regarding animal life, I promise publicly to retract every such word and never to write another animal book. On the

other hand, if I show to any disinterested person that you have accused me falsely you must publicly withdraw your accusation and apologize. As a man and as president no other honorable course is open to you. You base your recent charges chiefly on the matter of a big white wolf killing a young caribou by a bite in the chest, described by me in 'Northern Trails.' You declare the thing to be a mathematical impossibility, and declare by 'no possibility could a wolf perform the feat.'"

Dr. Long declares he knows from his own observation and from the testimony of Indians that wolves do sometimes kill in this way, and then quotes the signed and witnessed statement of S. J. Hapidan, an educated Sioux Indian, who states he saw a horse which a wolf had killed by tearing its chest. In addition to this, Dr. Long says he himself had seen a deer which had been slain in this manner by a wolf.

Continuing, Dr. Long says: "These are the facts underlying the incident which you declare to be impossible and false. If this testimony is not enough I will fill it up to full scripture measure.

"You cannot at this stage, Mr. Roosevelt, take refuge behind the presidential office and maintain silence. You have forfeited your right to that silence by breaking it by coming out in public to attack a private citizen. If your talk of a 'square deal' is not all a sham, if your frequent moral preaching is not hypocrisy, I call upon you, as president, as a man, to come out and admit the error and injustice of your charge in the same open and public way in which you made it."

ARMENIANS TO MAKE SEARCH

Inability of Police to Solve Trunk Mystery May Result in Native Help.

New York, May 29.—Failure of the police to arrest the murderers of Rev. Kaspar Vartanian, the Armenian priest, whose body was found in a trunk on Sunday, may result in the organization of groups of the better class of Armenians in different cities to prosecute the search for the murderers. A plan to form such an organization was proposed to the police by

Matuchi Holopigian, a grocer, whose brother was formerly a partner of Sarki Ermojian, one of the Armenians who is wanted by the police in the case. Molopigian said his countrymen would be able to secure information not within reach of the police.

Toledo Belt Line Sold.

Toledo, O., May 29.—The Toledo Railway and Terminal company's property was sold under order of the federal court to Andrew J. Sullivan, chairman of the bondholders' committee, at the upset price of \$2,000,000. No other bid was made. Most of the \$2,500,000 of stock is owned by J. Pierpont Morgan and, according to Mr. Sullivan, this stock is entirely wiped out and worthless.

Locomotive Engineers Meet.

Dallas, Tex., May 29.—The Brotherhood of Locomotive Engineers and the grand international auxiliary began a three days' session here, with about 600 delegates in attendance. W. E. Futch, president of the insurance department of the brotherhood, gave an account of that department, stating that since its organization in 1867 it has paid out more than \$17,000,000.

EIGHT JURORS IN SCHMITZ TRIAL

Sixteen Talesmen Examined Without Result at San Francisco.

San Francisco, May 29.—Sixteen talesmen were examined in the trial of Mayor Schmitz on the charge of extortion without result. All but one were excused for cause and George D. Cummings, the sixteenth one, was peremptorily challenged by the defense. Judge Dunne ordered a new venire of fifty. Eight jurors have thus far been secured. An insinuation was made by the prosecution that Sheriff O'Neill was not summoning trial jurors in a proper and impartial manner.

Assistant District Attorney Heney said that it has been discovered that the police force is being used in an attempt to reach prospective jurors and witnesses in the bribery-graft prosecution. Heney charged that Chief of Police Dinan approached persons who will be called as witnesses in some of the trials and questioned them as to what testimony they in-

terd to give.

Mr. Heney's statement was supplemented by Special Agent Burns, who declared that Mayor Schmitz "is using the police department to gather evidence in his behalf and for other like improper purposes."

SHOOTS HUSBAND'S ASSAILANTS

Wyoming Woman Kills One and Fatally Wounds Other.

Rawlins, Wyo., May 29.—Believing that her husband was about to be killed by his two infuriated partners, with whom he was engaged in a desperate battle with knives, beer glasses and other missiles, Mrs. Matty Ringwood shot and killed one of the men, A. Davis, and fatally wounded Webb Stone, the second. The shooting occurred in a saloon here. The three men, who were owners of a restaurant in the rear, became engaged in a heated discussion while drinking at the bar. Mrs. Ringwood, who was in the restaurant, heard the men quarreling, and, grabbing a revolver, she rushed into the saloon and began shooting. The woman was arrested immediately afterward. She declares the men were beating her husband and would have killed him if she had not taken the drastic action.

STREET CAR BLOWN OFF TRACK

Torpedo Under Chicago Motor Lifts It and Load of Men from Rails.

Chicago, May 29.—Two men were badly injured by broken glass and a score of others sustained slight injuries when a street car on the Calumet Electric railroad was blown from the track by a torpedo at Ninety-third street and South Chicago avenue. The explosion lifted the car bodily and dumped it into the roadway. The car was jammed with men going to work in the steel works and in the panic that ensued many were thrown down and trampled upon.

A rumor which found some credence was that the torpedos was planted with the design of blowing up prospective passengers on the gambling boat, City of Traverse, whose landing place is about a block away, the theory advanced being that it was planted either by religious fanatics or by rivals of the City of Traverse crowd.

Ruef's Sentence Delayed.

San Francisco, May 29.—Today is the time set for the sentencing of Abraham Ruef on the charge on which he pleaded guilty two weeks ago of extorting \$1,125 from the proprietor of Deimonico's restaurant on a threat to prevent the renewal of a liquor license, but sentence will not be passed at this time. The prosecution prefers to delay Ruef's punishment until after he has appeared as a witness against the public service corporation officials, the mayor and others now under indictment.

DATE OF HUNTLEY OPENING.

Twenty-Sixth of June Time Set for Opening of Irrigated Land.

Omaha, May 21.—June 26 is the date set for the opening of the Huntley land project in Montana for settlement. This is the most important of all the government openings to date, as the land is in the most finished state. Settlers lucky enough to draw in this opening will receive either forty or eighty acres of land all ready for cultivation, with the water at the very gates and ready to turn on for irrigation. The project comprises 33,000 acres, on which the government has expended over \$1,000,000 to put it in a state of readiness not heretofore reached on any other project. The townships are all ready for settlement and have electrical power and telephones all ready to install. The registration probably will begin two or three days in advance of the opening.
