Council Meeting.

The council met Wednesday evening. All members present.

A cement crossing was ordered laid at the north intersection of Cedar and Third avenues, and at the west intersection of the same street as soon as the walk is completed from the south. The city engineer was instructed to make estimates on all street crossings and the city clerk ordered to advertise for bids for such work.

Dr. Damerell and others asked for an extension of the water mains in the west part of town, but the council announced that at the present time the city was not in a financial condition to make an extension.

A motion by Wolfe, seconded by McCall, that the council confirm the ap-

REBEKAH DAY.

Large Crowd of Visitors Enjoy Good Time at District Meeting.

Pink and green were the predominating colors in Red Cloud yesterday, in honor of the visiting Rebekahs who came to attend the twenty-ninth district meeting of the order in this city. The early morning train brought a big delegation of visitors from Guide Rock and a few from Superior, Nelson Hardy and other points down the line. No. 16 brought large delegations from the west, as far as Republican City. Most of the Franklin and Riverton Rebekahs drove down.

When No. 15 pulled in from the east in the evening about sixty members of the order from Superior, Hardy and Nelson alighted from the train, and they said there would have been more had it not been for the rain.

The band boys had arranged to give a concert in the evening in honor of the visitors, but the heavy rain in the afternoon put the streets in such a sloppy condition that they decided it would be unwise to attempt it.

However, the Rebekahs had plenty of their own work to keep them busy, and the way they attended to it was a lesson to their brother Odd Fellows.

The afternoon was devoted to routine work, consisting of music, addresses and drills by the visiting degree teams.

In the evening following the opening exercises, the Guide Rock team gave an exhibition drill which was accomplished in their usual thorough manner.

The initiatory work was put on by the Superior degree team, and eighteen candidates were put through the work. The Superior team showed thorough training, and their new regalia and uniforms made a fine showing.

Mrs. Emma L. Talbot of Lincoln, past state president of the Rebekahs, gave a brief address and explained the secret work of the degree.

This was followed by a banquet in the large dining room of the Masonic hall, after which the crowd adjourned to Woodman hall, where they danced until a late hour.

ODD FELLOWS PICNIC.

Bladen Lodge Will Celebrate First Anniversary Next Thursday.

The Bladen Odd Fellows will hold a picnic next Thursday, June 13, at the fair grounds in that city, to celebrate the first anniversary of its organization. This lodge was instituted a year ago by the degree team from the Red Cloud lodge, with Paul Storey acting as grand master. At the picnic there will be addresses by prominent Odd Fellows, among them H. U. Brown of Beatrice, P. D. G. M. There will also be a base ball game and other amusements, and a big basket dinner. There will be delegations from all over the county, and if you want to have a good time you should not miss this "blow-out."

Wins Gold Medal.

W. E. Brown of this city carried a way first prize for the best exhibit of work displayed at the State Photographers' Association held in Lincoln last week. His work was entered in class C, in which cities of 1500 inhabitants or less competed, but he was assured by many that had he taken along a duplicate exhibit and entered it in classes A and B he might have stood an excellent chance of winning first place with such competitors as Lincoln, Omaha, etc. The prize was a valuable medal, pure gold, and naturally makes its owner feel pretty proud of the work he is turning out. The display which won the prize is now on exhibition in Mr. Brown's studio and a glance will show that the disposal of the prize was well merited. We congratulate our artist on the recognition he has secured.—Franklin Sentinel.

"Peg" is well known in Red Cloud, where he worked last summer for C. A. Schultz, and we also extend congratulations him.

BURLINGTON PASSES.

Our Populist County Attorney Still carries One of the Pasteboards.

Tuesday's Lincoln Star contains a list of the passes issued by the Burlington railroad and in the list is the name of L. H. Blackledge of Red Cloud, our populist and antimonopolistic county attorney, whom it was stated last fall, by his supporters, would surrender his pass if elected as the county's legal representative.

Others in the long list are Judge William Gaslin, former judge of this district; W. C. Dorsey of Bloomington, who is being boosted by the Franklin county republicans for the nomination for district judge, and J. L. McPheely of Minden, another candidate for the same high office. Judge Hamer of Kearney, the distinguished criminal lawyer who is now representing Frank Barker, is another passholder. Should either McPheely or Dorsey receive the nomination for district judge, and be elected, the Burlington would undoubtedly exercise undue influence on the administration of justice in this district.

What we need in the district judge's chair and in the office of county attorney are men who are entirely free from railroad influence.

MARRIAGES.

Alvin P. Shirley of Blue Hill to Bessie M. Johnson, of Guide Rock. Married Tuesday by Rev. Dexheimer. Fred Baker and Anna L. Carr, both of Bladen. Married June 5 by Judge Edson.

PREACHER THREATENED.

Rosemont Divine Arouses Ire of Booze Fighting Element.

Rev. R. D. Dexheimer, pastor of the Evangelical church at Rosemont, was in Red Cloud Monday for the purpose of filing a remonstrance against the granting of a saloon license at that place. Mr. Dexheimer said that before he left Rosemont he was informed that he would be treated to a coat of tar and feathers if he filed the remonstrance, but he called the bluff. He tells a pitiful tale of drunken husbands abusing their wives and families, and if what he says regarding the condition there can be proved, it is probable that Rosemont will go dry. If the Sloenn law were strictly enforced there would not be a saloon in the county.

Letter List.

List of letters remaining uncalled for at postoffice at Red Cloud, Neb. for the week ending June 6, 1907: Clark, Harry B. Schin, Mrs. Fred Shaubecker, H. J. Otis, Jos. H. Trullinger, Len.

These will be sent to the dead letter office June 20, 1907, if not called for before. When calling for above please say "advertised."

T. C. HACKER, Postmaster.

Famous Ohio Two-row Cultivator

It leads everything in the two-row Cultivator line.

First, it is narrow like a single-row Cultivator.

Second, you can take the outside shovels off and use it as a single-row.

You can turn at the end of the field much easier than with the wide cultivators. There is no complicated hitch. There is but one tongue, therefore you can get your teams close together.

There are many other good points, and the price is \$40, with 5 per cent off for cash.

I have some great bargains in Road Wagons. They are leather trimmed, spring back and spring cushions, for \$30.

A leather quarter top Buggy, leather trimmed, spring back and spring cushion, for \$45.

Come and let me show you the MOON BROS. plugless buggy body. No plugs to come loose and fall out.

And I also have the latest in the ball-bearing buggy axle. No grease or oil to soil your clothes, and no trouble to take wheels off. Is always ready.

The weather is getting warm now and you will need a GASOLINE COOK STOVE, for the small sum of \$2. Come in and look them over.
