Newsy Notes From Neighboring Towns

GATHERED FROM OUR EXCHANGES

LEBANON.

(From the Times.)

About 11 o'clock Sunday night fire broke out in the John Dickson building, which is occupied by the Drs. Dykes. . . . The fire engine soon smothered the flames, which were climbing up the southwest corner of the building. There are various opinions as to the origin of the fire. . . . The evidence of inside origin was the discovery of beer bottles which were still bedewed with the foam of the contents, and also one or two bottles which were yet full with the corks undrawn. Evidently the fire could have started from a match or cigar and burned through to where the air gave vent to a more rapid breeze. We understand the building was full of smoke when the engine arrived, and that it had been vacated only a short time when the fire was discovered; that the charred surface was larger inside than outside. On the other hand some claim it had been set on the outside with coal oil. If the fire originated on the inside it could have been either accidental or incendiary. If it was set on the outside there is no question but the motive was to destroy the brick block owned by Tygart, Mante, Mays and the Lebanon State Bank.

CAMPBELL

(From the Citizen.)

C. L. Reynolds will start this week for Seattle, where he will enter the produce commission business.

Invitations are out for the first annual ball of the Campbell fire department.

Born, to Mr. and Mrs. John Webber, a girl.

A boy arrived at the home of Mr. and Mrs. John Anderson Saturday evening.

BLOOMINGTON

(From the Advocate.)

The only peaches we will have this season in this vicinity are those running around on two legs, and they are quite numerous.

George Green has nearly completed his new coal sheds and they are without doubt the finest in the state.

During the rain storm the latter part of last week lightning struck the Methodist church at Ash Grove and did about \$150 damage.

J. M. Barber has had broken out and planted to sod corn over 300 acres on his farm north of town.

The big bunch of cattle, numbering 1100 head, that was shipped into this county by a Kansas City commission company was caught by the county assessor and listed for taxation.

SUPERIOR

(From the Express.)

W. A. McCoy, head clerk at Pierce's store, met with a bad accident one day last week. A long needle was sticking in the false wall of the show window and as he stepped into the opening the needle was driven into his cheek just below the eye, about half of it breaking off and remaining lodged about two inches back from the point where it entered. A physician cut it out and it is thought nothing serious will result.

It is reported that the Burlington will soon begin to put the track be-

tween Lincoln and Wymore in shape to carry fast trains. The company will probably put on one fast passenger that will make but two stops between Lincoln and Red Cloud.

Guy Evans, who had his foot crushed at the round house, has been taken to the hospital at Omaha. Dr. Mitchell accompanied him.

BLUE HILL.

(From the Leader.)

Miss Nora Saunders left Monday for Iowa, where she was married to Ira Dickey of Fontanelle, at which place they expect to make their home.

A part of the foundation for the I. O. O. F. hall was washed down last Thursday by the heavy rain.

Charles Copley of Stromsburg was in Blue Hill Monday on his way to Red Cloud to visit relatives and friends. Mr. Copley is secretary of the Y. M. C. A. at Stromsburg.

Little Madge Paugh has been very ill all week and for a time it was feared she would not be able to survive. She was ruptured in the side while playing and this, combined with a swelling of the face and body, has made her condition serious. She seems to be gradually recovering.

August Buschow shipped a fine Holstein-Friesian bull to Cameron, Mo., Wednesday morning. It is 11 months old and is out of the herd of Mr. Buschow's raising.

GUIDE ROCK

(From the Signal.)

A reunion of the Jewell family was held last Tuesday at the Jewell home near Bostwick. Robert Jewell, Mrs. Hannah Garber and Mrs. H. F. Cray of this place were present.

Although the Signal is not reliably informed and cannot vouch for the statement, we understand that the Burlington has decided since the issue of the Commercial-Advertiser of the 24th, to make Guide Rock the division point instead of Red Cloud. It will no doubt be a sudden blow to Red Cloud and its citizens will perhaps feel mortified to see all the fast trains going through that town at the rate of forty or seventy-five miles an hour. Perhaps one or two of the local freights will be scheduled to stop there regularly.

The M. E. hospital at Omaha Saturday received a package from Guide Rock, contributed by the Smart Set, the Degree of Honor and a few other friends.

FRANKLIN

(From the Sentinel.)

Ben Fritson of Macon marketed some hogs in this city last Saturday, four of the biggest of them bringing a little over \$98. This is as much as four good cows would have brought a few years ago.

The base ball boys are fencing their grounds. About 260 feet have been contracted for and this amount, to gether with the grand stand, will quite effectually close up the east and north sides.

Bennett Travis caught a genuine gray wolf in his traps Tuesday night. He had previously caught five young ones.

We believe that Franklin has the youngest and smallest amateur band player in the state. Those who enjoyed the concert on the street Saturday passed many complimentary re-

marks upon the boy's playing. He is the son of Web Prussia, the leader of the band, and is only 8 years old.

A close ball game was played Wednesday between the Bloomington and Franklin teams, in which the score was 6 to 6.

Walter Parks a grandson of Don Smith, narrowly escaped a tragic death Friday morning while out walking near the city park. A horse which John Heyner was riding became unmanageable and trampled the little fellow under foot, breaking an arm.

The date of the Nebraska and Kansas Interstate Reunion to be held here has been fixed for the latter part of August--20th to 24th.

CORRESPONDENCE

Interesting Items Gathered
by Our County Reporters

GUIDE ROCK.

Chet Parkerson is going to Great Bend, Kansas, in a few days.

Mrs. Eliza Murphy has been on the sick for some time but is improving.

Al Hayes and wife visited for a few days at Lebanon, Kansas. They returned home last Friday.

Jesse Corwin spent last Sunday with his family. He is working in the eastern part of the state.

Frank Yetter got one of his thumbs bruised last Saturday, which will lay him up for a while.

Everyone is feeling better since the rain.

Mrs. Ed Wheadon's mother has been visiting her for a few days. She returned home last Tuesday.

The Guide Rock Bank looks fine since it has been painted. Mr. Mason and his helper did the work.

Jud Bailey, the real-estate man and horse shoe pitcher of Red Cloud, spent Sunday with his brother Frank.

Mrs. Van Voert is having her house remodeled. When completed she will have one of the best houses in town.

Mr. Will Sawyer is kept busy moving buildings. He goes in a few days to the western part of this state. The building that Bill can't move would be hard to move.

James Anderson had a calf killed and a colt blinded by lightning recently.

Christy Rasser of Amboy had the misfortune to get kicked by a calf while removing a rope from its foot.

INFLAMMATORY RHEUMATISM CURED IN 3 DAYS

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed six weeks and had eight physicians, but received no benefit until she tried the Myrtle Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grier, Druggist, Red Cloud.

L. SHERMAN,
General
Auctioneer

Residence: First door south of Red Cloud Mill, 101 South Webster street.

Can be found at home every forenoon.

Terms reasonable.

Dated May 22nd, 1907, Red Cloud, Nebraska.
DR. R. F. RAINES, President.
L. H. FORT, Secretary.

WARMING ARBUCKLES' SLIGHTLY

MAKES THE GRINDING EASY

If you want to drink real coffee, buy a sealed package of Arbuckles' ARIOSIA and grind it in your own kitchen as you want to use it. Roasted coffee loses its strength and flavor if exposed to the air, and even its identity as coffee after grinding. Loose coffee sold out of a bag, bin or tin is usually dusty and soiled by handling.

Don't take it!
Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.
