Lincoln, Oct. 18.—The officers of the Live Stock exchange in South Omaha are anxious for Governor Sheldon to issue a proclamation requiring the owners of herds of cattle to dip them and wipe out the scabies, which seems to be prevalent in some sections of the state. In a letter to the chief executive, received from the secretary of the exchange, it says the exchange has information that neighboring states are soon to quarantine

against Nebraska cattle.

REV. FERGUSON IS RELEASED
Justice Refuses to Hold University Place Minister to District Court.

Lincoln, Oct. 21.—The Rev. W. P. Ferguson was released by Justice Stevens after an extended hearing on a charge of adultery. The deposed Methodist preacher will now prosecute his enemies in the civil courts, alleging slander and libel.

Deputy County Attorney Matson made an eloquent argument, urging that the story of Mrs. A. E. Cross was entirely convincing.

Attorneys Burr and Adams spoke for Ferguson and asserted that he had been maligned and persecuted and vilified by the pious of University Place in order to prevent his marriage with a widow and his advancement to the chancellorship of the Wesleyan university.

Justice Stevens declined to hold Ferguson for a trial in the district court and ordered his release.

Coursing Meet at Minden.

Former Government Land Commissioner Falls From Chair.

He was taken to the marshal's room, where restoratives were administered.

Judge Munger overruled the motion to quash the indictments after hearing the arguments by the prosecution and defense.

MUST USE SPARK ARRESTERS.
Railroad Commissioners Unite in Order to Burlington.

Lincoln, Oct. 18.—Railway Commissioners Williams and Clark have united in an order which will today be presented to the Burlington railroad, directing that it use no more locomotives on the Billings line of the road unless they have spark arrest attachments. The absence of spark arresters, it is claimed, has been the cause of numerous fires started recently by the engines in Custer county.

Officials of the Missouri Pacific notified the commission that the management was opposed to members of the commission making trips of inspection of the roadway on a railroad velocipede without having first notified some official of their intention to make such a trip.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.
