

## Newsy Notes From Neighboring Towns

GATHERED FROM OUR EXCHANGES

### RIVERTON

(From the Review.)

Dick Moore was in Red Cloud Monday.

B. W. Shepherdson and T. B. Myers drove to Red Cloud Thursday.

Miss Beatrice Bain was absent from her school the fore part of the week on account of sickness.

Our hotel again has Mr. and Mrs. John Glenn as proprietors, they having taken possession Monday.

Mrs. Charles Pugsley returned Sunday night from Fairbury, where she spent a week with her mother, who is on the sick list.

### CAMPBELL

(From the Citizen.)

Mrs. M. Hollister was called to Exeter Saturday by the news that her father was seriously ill.

Frank McLumyra, who recently underwent an operation in the hospital in Omaha, returned home Wednesday.

Medos Champeau, who went to St. Joseph's hospital in Omaha last Friday and was operated on for appendicitis soon after his arrival, died Wednesday at 9 o'clock. He was 21 years of age.

The infant son of Mr. and Mrs. Jacob Schropfer, born last week, lived scarcely two days, and the little body was taken by the father to Geneva Saturday morning for interment. The mother is still quite ill.

This vicinity has lost a good citizen and a good farmer. Peter Oberg, who last summer made a deal for 960 acres of land in the vicinity of Farnam, left for his new home Wednesday of this week, accompanying four cars of live stock and personal property.

### GUIDE ROCK.

(From the Signal.)

Stanley Woodward was injured in a runaway Monday, being thrown to the ground, severely bruising his shoulder.

Agent Cassell informs us that 35 cars of cattle were shipped out of here in January, and 21 cars in February up to the 12th.

Relatives of Martin Guy, formerly of this place, now of Clayton, Kansas, have received word that he is very low and not expected to live.

Mrs. Anna Viutim of Colorado and Mrs. Mary Rasser of Red Cloud are here at the bedside of their mother, Mrs. Oberheida, who is very sick.

Monday evening after the chapter had closed, the members of the Eastern Star repaired to the home of E. E. Burr and spent the evening in honor of Mrs. Burr's birthday.

Mark Reeves has been very sick with appendicitis and we understand it will be necessary for him to undergo an operation as soon as he gets a little stronger.

### SMITH CENTER

(From the Messenger)

Ab Welch is able to be out again after several days' tussle with grip.

While smoking their four horses for distemper, Pete and Louis Wing, of near Kirwin, burned the animals to death last week. They left the animals in an old shed, where they had a fire in a kettle, and went about doing

the chores. They soon discovered the shed to be on fire, but were unable to get the horses out.

Adolph Nelson, one of the prosperous German farmers living in the north part of the county, was hauling out lumber the last of the week for the erection of a new barn at his place.

The wolves seem to be more numerous than usual this winter. At the Bemis sheep ranch, in the Oak creek country, the wolves are going after the sheep and killing them off at a rapid rate. They slaughtered thirteen in one night.

Joe Elson, who lives on the old Henry Brown farm, three miles southeast of town, brought in a jag of alfalfa seed last Saturday and sold it to a Fairbury firm for the neat sum of \$612. There were 76 bushels in the load.

### FRANKLIN

(From the Sentinel.)

Miss Mae Mowbray started Friday morning for Lincoln to enter the Bailey Sanatorium in order to take a course as a trained nurse.

Mr. McAlister of the Red Cloud marble works was in the city the latter part of the week erecting a monument for the Maser family.

F. W. Barber and son shipped in two fine thoroughbred Poland China brood sows this week, their combined weight exceeding 1000 pounds. And during the same week James Conkling shipped out two of his excellent Durocs to outside purchasers.

Jason Bennett of the Reamsville country, who went to Arapahoe only recently to undergo the amputation of a leg, returned Friday morning to his home. As we saw Mr. Bennett walk out of the train on his one remaining leg, alone and unaided save with his crutches and by his own efforts, and remembered that it was only some three weeks since the operation was performed, it caused us to think what a wonderful marvel is the body of a man that it can stand such shocks.

### LEBANON.

(From the Argus.)

A daughter was born to Mr. and Mrs. Ray Gerard the first of the week.

Grandma Smith died at the home of her daughter, Mrs. Levi Gilbert, Saturday, February 8, aged 77 years.

Mrs. Robert Hunter has been very sick for the past week or two, but we understand that she is much better.

Mrs. George Maute has been very sick for the past two weeks, the trouble being inflammatory rheumatism.

Mrs. E. O. Gerard has spent the week on the old home farm assisting in caring for a new born granddaughter.

Glenn, the five-year-old son of Mrs. Sarah Strader, has been having quite a serious time with inflammatory rheumatism.

W. W. Crumley went to Lincoln, Neb., Thursday, and will return with his wife, who has been in that city for medical treatment.

The Oliver meeting at Mankato closed Monday night with 810 conversions. A collection was taken up Sunday which amounted to \$1875.

Nelle, Rose and Clara Regan are all school teachers. The school taught

by the latter closed last Friday and the two others took their schools and made her a visit. A ciphering match was held in which all three of the schools participated, and was won by the school taught by Miss Nelle.

Press Smith, son of E. W. Smith, represents Lebanon in the naval fleet that is now making its way to the Pacific. He is on the Alabama. His brother Ross also enlisted in the navy, but he was assigned to a vessel not a part of the fleet, and is now sick with rheumatism at the Brooklyn navy yard.

### BLOOMINGTON

(From the Tribune.)

Mrs. Leander Miller is slowly recovering from her severe sickness.

Marshal Etherton earned his salary this week by sweeping the snow off a crossing or two.

Mrs. Dick Richards has been very sick with measles the past two weeks, but is now on the road to Wellville.

Dr. Ella P. Sumner drove over fifty miles during the snow storm Thursday in making the rounds of her patients.

Some of the instruments for the Bloomington band are beginning to and the work of practicing has commenced in earnest.

Mr. and Mrs. I. V. Smith, who have spent about thirty five years of their lives in this county, have decided to remove to Missouri.

Word was received in town this morning that Mrs. Gustav Fischer, whose home is seven miles south of Bloomington, had died.

Mrs. Murphy, living north of town about six miles and well known to everyone in this community, had the misfortune last Friday to fall and break her arm.

### SUPERIOR

(From the Express.)

Mrs. Andy Frey is at Lawrence, called there by the sickness of her father.

Mrs. H. Lile has been quite sick the past few days with a partial stroke of paralysis. She is better at this writing.

The Good Enough Incubator Co. is shipping out machines every day, and they go to most of the states in the Union, and even as far away as Cuba.

The first straw hat seen this year was worn yesterday by a mail clerk who lays over here from the main line. It made us think summer was here.

Mrs. Nellie Howe of this city was struck by a cable car at the corner of Twelfth and Washington streets, in Kansas City, and dragged about twenty feet before the gripman could stop the train. Her shoulder was wrenched, her scalp torn and she was severely bruised.

George Carter has received word that his two cousins, the Lowe boys, who until this fall had a sugar plantation in Hawaii, are both dead. They went to Russia the latter part of the summer. One of the cousins died with heart trouble at Nagasaki, and while his wife and his cousin, Will Lowe, were en route to San Francisco with the body, Will's death occurred at Vladivostok with small pox. The Lowe family are well known here, having lived a few miles east of town for several years.

### BLADEN

(From the Enterprise.)

Born, to Mr. and Mrs. Thos. Snyder, on Monday, a boy.

Born, to Mr. and Mrs. F. Lereaux, Monday night, a boy.

Born, to Mr. and Mrs. Henry Davis, Saturday morning, a fine boy.

Born, to Mr. and Mrs. James Morey, Saturday morning, a fine boy.

Mrs. Ponath and children left Monday morning for Clay Center, Kan., to be with her mother, who is dangerously sick.

James Banks, a son of Mr. and Mrs. Banks of this place, died Monday night while on his way from his home in Iowa to the western part of the state to buy land.

The body of John H. Brethour arrived yesterday from Paxton, Neb., accompanied by Paul and Ed and Grandma Brethour. Death was due to tuberculosis. He was 32 or 33 years of age.

A rather remarkable circumstance in the life of one of Bladen's old men is the fact that Isaac Fish, the oldest man in Bladen, has lived through twenty-one presidential administrations. Mr. Fish told us that he could have voted for Henry Clay the first time he was old enough to vote, and

he surely would not have voted for anyone else as he is, and always has been, a staunch Republican. Mr. Fish is nearing his eighty fifth birthday.

O. D. HEDGE, Sheriff.

## PANHANDLE, TEXAS,

The lands we are going to call your attention to are in the northwest part of Texas. Take the map of Texas and you can readily see that we are trying to locate you about 650 miles from Kansas City and 500 miles from Galveston, the nearest seaboard harbor of any importance, where freight rates by water to England are practically the same as from New York. To transport a bushel of wheat from Hastings, Neb., to New York by rail will cost you 46c per 100 lbs or 28.9 per bu. From the Panhandle to Galveston the rate is 9c per bu, or a saving of 19.9c per bu. Can you figure the advantage that the farmer in the Panhandle has over you? To show you the great advantage the Panhandle has over you, we want to quote a few figures on the sowing and yield of wheat at the experiment station, a short distance from where we offer you these Great bargains in land.

### Yield of Wheat for 1906—Maske Wheat

Sowing 3 pecks to the acre yields	29.65 bushels, test 62 pounds
" 4 " " " " " "	25.65 " " 61 " "
" 5 " " " " " "	24.50 " " 60.5 " "

### Durum Wheat

Sowing 3 pecks to the acre yields	23.40 bushels, test 62.50 pounds
" 4 " " " " " "	22.25 " " 61 " "
" 5 " " " " " "	19.20 " " 62.50 " "

Now you have the figures before you for consideration. It will take you but a few minutes to compute the difference that the Panhandle farmer gets more for his grain than you do.

If the experiment station can reach such results in farming and doing it right, you can do the same thing, or can raise 5 bu. less and beat anything you can in this part of the country.

With an average of 24 inches of rainfall for the last twelve years, nothing stands in the road of farmers becoming independent in a short time and fixing himself so he can live at ease.

Is it hot in the Panhandle, is asked by people who are not familiar with conditions in that country. We will say that the average in the hottest months in the year, for twelve years is as follows: June, 72; July, 75; August, 72, and September, 58. This government report was by the U. S. weather observer (Thos. J. Consodim), at Amorilla, Texas, right in the center of the Panhandle.

Water is procured in sand and gravel and is of the very purest quality and has proven very beneficial for the general health of mankind.

We are making these trips to the Panhandle every

### First and Third Tuesdays

in each month, and would be pleased to see you and talk it over with you, as we cannot tell you all in a short ad like this.
