

## Newsy Notes from Neighboring Towns

GATHERED FROM OUR EXCHANGES

### RIVERTON

(From the Review.)

Dr. McCarl has purchased of Carl Onstatt a team of beautiful and well matched driving horses.

Eli Bennett has been attending court a couple of days and during his absence some dirty sneak-thief helped himself freely to his corn.

Elzy Pierpoint, who moved to Cedar Rapids, Iowa, came into the office last Saturday and ordered the Review changed from the Iowa address to Inavale, Neb.

Henry Plumbs' saw mill is gaily humming these days while it saws the lumber for his large barn and other buildings to be erected as soon as the lumber is made.

Mrs. Hackett dislocated her hip Tuesday morning by falling out of bed. Dr. T. B. Meyers and McCarl were called and the dislocation was replaced. This is rather serious for an elderly lady.

### LEBANON

(From the Argus.)

Mrs. Sam Ellis is in Kansas City for surgical treatment.

J. D. Hartman has been unable to drive his mail route much of the time this week.

Frank Lull and Miss Edna Morris were married at Sioux City, Iowa, Wednesday, February 26.

George Jackson has been confined to his home this week with pneumonia. He has been very sick.

Claud Smith arrived Monday evening from Dakota. His sister is very sick and his visit at this time was for the purpose of seeing her and rendering what assistance he could.

While Dave Reitz was here he coaxed a fine span of matched mules away from a fellow, but Reitz's bank account was just \$450 shy by reason of the transaction. He shipped them to his farm near Lincoln, Neb., Friday.

### CAMPBELL

(From the Citizen.)

The infant girl of Mr. and Mrs. Geo. Mivinger died Tuesday.

Born to Mr. and Mrs. Ed Lanham, south of town on Tuesday night, March 3, a boy.

Ed Glebe returned Saturday from Lincoln, bringing his boy, who has been in that city taking treatment.

Geo. Logan of Ray, Ind., a brother to Clyde Logan, was here to attend the funeral of the latter's wife.

Mrs. Clyde Logan, who had been ill for two or three weeks, suddenly collapsed Monday and died about 4 o'clock.

Mrs. H. Crilley has been seriously ill this week with an acute attack of pneumonia, but is somewhat better at present writing.

A little girl of Mr. and Mrs. Clarence May has been down with scarletina for the past week, and has been under quarantine at the home of Mrs. Fulton.

At a meeting of the board of directors of the First National bank held Tuesday it was decided to purchase a new Victor Manganese Steel screw-door bank safe.

### GUIDE ROCK

(From the Signal.)

H. Ayer was severely hurt in a runaway Sunday.

Wm. Sawyer sent a force of men to Lawrence Monday to move a creamery building.

E. B. Crary went to College View Saturday evening to visit his wife who is taking treatment at a sanitarium.

Mrs. Albert Horn served a birthday dinner on Wednesday, March 4, in honor of Mr. Horn's seventieth anniversary.

Miss Minnie Olmsted, Miss Ethel Albin, Mrs. John Ohmstede and Mrs. Portenier started for California Wednesday night.

Small boys and a sling-shot were responsible for the breaking of a \$50 plate glass window in Wirt & Roland's furniture store.

Wednesday, March 4, at high noon, at the home of J. M. Mefford, occurred the marriage of their daughter Carrie to Lewis Parry.

Owing to the death of her mother in Circleville, Ohio, Mrs. L. L. Watt departed early this morning on train 14 for that place to attend the funeral.

### BLUE HILL

(From the Leader)

Ora White is laid up with a sprained back.

Born to Mr. and Mrs. Louie Kruger, Monday, a girl.

Louie Schuman has been on the sick list for a number of weeks.

Sidney Pounds has installed a new system of lights in his restaurant.

We understand A. D. Baker has presented the Christian church with a new altar.

S. P. Duncan and wife were in Roseland the first of the week in attendance at the funeral of his aunt.

Frank Heinke and family left Monday morning for Everett, Wash., where they expect to make their future home.

Elmer Schermerhorn returned to his home at Stratton Monday. His wife and son will remain here visiting some time yet.

R. A. Simpson and wife returned Monday from Hot Springs, Ark., after a six weeks' absence. Both are looking hearty.

Jacob Goll is having the old building which was formerly occupied by the Leader torn down and will build a horse barn on that lot and one half the lot west which he purchased of August Martin.

### SMITH CENTER

(From the Messenger)

Scarlet fever seems to hold sway up in the Womer country.

Kirkpatrick & Son shipped in 250 tons of manufactured ice from Kansas City the first of the week.

A. J. Shaffer is having a heap of trouble with his eyes and it is feared that he will lose the sight of both of them.

The sad news came up from Crystal Plains township this morning that Mrs. Mark Shively had died at her home recently.

County Clerk Badger was able to be out on the streets Saturday to shake hands with his many friends who were in from all parts of the county.

Miss Lula Werts, who is now a graduate nurse, writes to her parents here that she has a case of nursing a wealthy lady in Chicago, and that she will go there from Lincoln soon.

Mrs. Walker Buchanan, who was taken to Bethany hospital at Kansas City last week, was operated upon Saturday and word comes that she is getting along very well. Mrs. Buchanan is past 60.

Mrs. Ed Kirkpatrick, who has been in very poor health for some months, was taken to the St. Joseph hospital by her husband last Sunday morning to be operated upon. Word was received here yesterday that she underwent the operation in good shape, and

is coming along nicely.

Sunday, February 26th, about noon, Dr. B. Smith passed from this world a R. D. Cross hospital at Kansas City, Mo., after having undergone an operation for kidney trouble the previous Monday.

### SUPERIOR

(From the Express.)

Ed Harris is reported to be sending a team to go to Lincoln to try out on the bad team there.

W. W. Akers was home from Dakota the first of the week. He had quite a sick spell while in the north.

R. A. McKeown left Wednesday morning for Fairfeld where he will engage in business, having bought out a furniture store.

Samuel Vestey of San Francisco, Calif., stopped off to see L. Brodstone on his way to England, where he sails from New York city next week.

More than a score of people walked the streets of Superior Tuesday night unable to find lodging. Every hotel and rooming house was full to overflowing.

It pays to raise good horses on the farm. As an instance, Frank Davis of Harrison township sold a big team weighing over 3,300 the other day for \$365, and on Tuesday sold a span of black driving mares to Lenn Conn for \$325.

J. Babcock of near Broken Bow was here this week visiting his sister, Mrs. C. C. Bagley, whom he had not seen for over twenty years. He was among the youngest soldiers of the civil war, enlisting at the age of 13, and serving through to the end.

### BLOOMINGTON

(From the Tribune.)

J. L. Wheaton came up from Red Cloud Saturday to spend the day with his sons living in this vicinity.

Mr. and Mrs. B. Mobley left Wednesday night for Tyron, Okla., in the hope of benefiting Mrs. Mobley's health.

Paul Amman arrived home Wednesday night from his trip to Europe, where he went last fall in company with Otto Stoltz.

John Hester arrived home from Dundy county last Friday, where he had been looking for a lot of cattle which he is wintering there.

Wm. Paulson this week sold out his interest to the breeding stable and stock horses to his partner, Charles Douglas, who will conduct the stable alone.

O. L. Dunn, living on the Ash Grove prairie, has been seriously sick the past week, and we understand that his ailment is in the nature of appendicitis.

We understand that Mr. and Mrs. Ambrose Beck, who have been in Cores, are expected to arrive in this city about the middle of April. Mrs. Beck is the daughter of W. L. Johnson of this city, and Mr. Beck formerly lived here, where he was connected with a newspaper. They have been doing missionary work in the Hermit Kingdom.

### Electrical Flashes.

Buenos Aires is to have an underground railway.

The Danish government is very much interested in the development of electrical plants are now in operation Denmark.

Electric fans are now being made very small for desk and table use. The large fans produce too much breeze for this service.

The Jefferson hospital of Philadelphia has just purchased an electric ambulance. The machine is of the most approved type.

The electric light in the dark clothes closet which lights when the door is opened is one of the most useful adjuncts to the home.

If all the telephones made last year were one telephone the monster instrument would be 300 miles high and would weigh 4,000 tons.

A wireless telegraph station is being installed in the Eiffel tower by the French government. It is hoped to send messages to New York.

In Preston, England, the power generated by the city's waste is sufficient to operate the electric railways. This is a suggestion for the wasteful cities of this country.

For the production of local and intense heat directly where it is wanted electricity is in a class by itself. For facility and flexibility of control as to the degree of heat it has no rival.

The Cia Centraes railway of Bahia, Brazil, has placed an order with the General Electric company of New York for considerable new railway equipment. The order includes a number of motors, controllers and air brake systems.

Tokio, Japan, has 90 miles of electric street railways. The track is narrow gauge, but the cars are broad. The projects for electric railways in that country since the late war aggregate an estimated expenditure of \$350,000,000.

Blueprints in large draughting departments are now made by machine. The prints are made with mercury are lights and the drawing is turned with electric motors to insure an even print. The prints are dried with the fixing bath with an electric fan.

A company of Hamburg, Germany, business men has been formed to erect a tidal power plant at the mouth of the river Elbe near Cuxhaven. The ebb and flow of the tide will be utilized to develop electrical energy of 14,000 h.p. A recent test is said to have demonstrated the practicability of the plan.

An ingenious inventor has patented an electric foot warmer which is in the shape of a pair of light felt overshoes. An electric battery supplies the source of current and insulated wires are the heating element. When the "boots" are pulled on a touch of a button starts the current and the foot is soon comfortable in a genial warmth.

The big Saltsee tunnel in Western Montana is being bored by electric power generated by nearby streams. The trains to be run through this tunnel when it is finished will be hauled by electric engines. The Chicago,

Milwaukee & St. Paul railroad has secured other water rights which, it is estimated, will generate nearly 200,000 horse power.

The street railways of Chicago, it is said, have made arrangements to run special funeral cars to the city cemeteries. Each car will seat forty people and contains a special compartment for the casket. The cost of hiring such a car is only about \$20 while the regular carriage hire for such an occasion is about \$7 for each carriage used.

A \$500 a minute, day or night, penalty has been agreed upon between the New York Edison company and the city of New York for failure to supply power for the pumps of the new high pressure water main system. This agreement is backed solely by the reliability and perfection of the new general electric switchboards with this company recently installed.

### INFLAMMATORY RHEUMATISM CURED IN 3 DAYS

Morton L. Hill, of Lebanon Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed six weeks and had eight physicians, but received no benefit until she tried Dr. Dechou's Relief for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, Druggist, Red Cloud.

### Notice of Incorporation.

Know All Men by These Presents: That we, Wallace A. Maynard, William Wolfe and William Engels do hereby associate ourselves together for the purpose of forming and becoming a corporation in the state of Nebraska, for the transaction of the business herein described.

The name of the corporation shall be the Red Cloud Hardware and Implement company.

The principal place of transacting its business shall be in the city of Red Cloud, in the county of Webster, and state of Nebraska.

The nature of the business to be transacted by said corporation shall be the buying and selling of all kinds of merchandise.

The authorized capital stock of said corporation shall be forty thousand dollars (\$40,000) in shares of five hundred dollars each.

The corporation shall commence business when twenty-five thousand dollars of the capital stock is paid up.

The board of directors of said corporation shall determine when the balance of said stock shall be paid in.

The existence of this corporation shall commence on the 27th day of February, 1908, and continue during the period of fifty years.

The business of said corporation shall be conducted by a board of directors not to exceed five in number to be elected by the stockholders.

The officers of said corporation shall be president, secretary and treasurer, who shall be chosen by the board of directors.

The highest amount of indebtedness to which said corporation shall at any time subject itself shall not be more than one-third of its capital stock.

WALLACE A. MAYNARD,  
WILLIAM WOLFE,  
WILLIAM ENGLS.

Dated this 27th day of February, 1908. 912

Moderate Price

**Calumet Baking Powder**

\$1.00 will be given for any substance injurious to health found in Calumet.

## Why Don't You Have That Child's Eyes Tested?

It costs you nothing and it may save your child from blindness. Many cases of sick headache and nervous diseases are caused by defective eyes. In school children permanent injury to the individual's health is often done by making the children use their defective eyes in close work at school. A few dollars invested in glasses now may mean perfect vision and health for your child in the years to come or a few dollars saved may mean poor vision, perhaps blindness and perhaps permanent injury to the health.

If you have a child that complains of headache, objects blurring the reading and running together, eyes feeling dry and a burning sensation after a short time at study, you may depend upon it that child is in need of glasses and you are falling short of your full duty if you do not at once have an examination made of their eyes.

We are prepared at all times to make an examination and give you honest advice we tell you frankly whether it is glasses or something else that is needed. If it is glasses we can make a correct fit.

It is the duty you owe to your children to see that their eyes are in proper condition. It should be attended to at once. We are licensed optometrists.

**NEWHOUSE BROTHERS,**

JEWELERS AND OPTOMETRISTS.
