

The Story The Street-Car Tells— The Trained and the Untrained Man

Side by side they sit, the one filling an important position, enjoying a good income, and with every mark of prosperity—the other bent down with hard toil, working in a by-the-day job at poor wages. Why is it so?

The answer is training. Probably they started on an even footing 10 or 15 years ago, but one man secured the training that enabled him to rise to the highest positions in his chosen trade; the other either would not take the trouble to secure this training or did not realize the immense value of it.

If you are an untrained man and want to advance, write today to the International Correspondence Schools and learn how you can better your position—how you can have your salary raised. It doesn't matter how old you are, where you live, or what you do. So long as you can read and write the I. C. S. can help you in your spare time.

To find out how, simply mark and mail this coupon. There is no string to this; no charge for the information and advice that this coupon will bring. It is simply investigating the surest, quickest, and most practical way in the world to secure advancement.

Will you do it NOW?

INTERNATIONAL CORRESPONDENCE SCHOOLS
Box 799, SCRANTON, PA.

Please explain, without further obligation on my part, how I can qualify for a larger salary and advancement to the position before which I have marked X.

B. DAVIS, Div. Supt.
RED CLOUD, NEBRASKA.
H. L. ARNEY, Rep.

is still alive in Bellevue hospital. Though the explosion tore off his right hand, temporarily blinded him and caused frightful bodily injuries, he may survive. As yet he cannot see, but the sight of one eye may be restored.

Seven men arrested after the bomb explosion were arraigned in court. Of the number, six called themselves former Russians and one was an American. The foreigners were held in \$3,000 bail each for further examination, while the American was held without bail. They were charged with taking part in a riot.

The body of Ignatz Hildebrand, the only one killed by the bomb explosion, was given to his wife and taken to Orange, N. J., for burial.

HAYWOOD SCORES PRESIDENT
Former Secretary of Western Federation of Miners Talks to Socialists.

Chicago, March 30.—W. D. Haywood, former secretary of the Western Federation of Miners, denounced President Roosevelt, Governor Gooding of Idaho and other public officials at a mass meeting of socialists held here. At the close of the meeting resolutions were adopted protesting against the use of troops in the strike of miners in Alaska. He predicted the defeat at the polls next fall of the Republican and Democratic parties, and said it was time to change the country "from a political junkshop to an industrial workshop." The throwing of a bomb in New York he referred to as "the work of a poor deluded mortal who sought to take by force what he was in justice entitled to," and the explosion in a coal mine in Wyoming he characterized as "murder which the capitalistic mine owners were responsible for."

No reference was made by Haywood to the reported attempt to assassinate Bulkeley Wells at Telluride, although he urged the necessity for funds to defend Steve Adams, whose trial on a charge of murdering Arthur Collins is pending.

Two Killed in Feud Battle.
Whitesburg, Ky., March 30.—Two men were shot to death and another seriously wounded as the result of a feud battle near Hemlock. This is the second active clash that has occurred between the Osborn-Mitchell factions during the month. As a result of the thirty shots exchanged between the factions, Hiram Mitchell, Jr., and Wilbourn Osborn are dead and another member of the Osborn faction is seriously wounded.

Policeman Shoots Three Women.
Philadelphia, March 30.—Policeman George Eells shot and killed Mrs. Mary Andrews and probably fatally wounded Ella Paschell, his common law wife, and Kate Jewel, a niece of Mrs. Andrews. Domestic troubles are said to have been responsible for the tragedy.

HACK AND GOTCH TO MEET
Both Men in Excellent Condition for Friday Night's Match at Chicago.

Chicago, March 30.—On Friday night the Hackenschmidt-Gotch wrestling match for the championship of the world will be held in Dexter pavilion and from present indications will be witnessed by a tremendous crowd.

Hackenschmidt is training at the Chicago Athletic association, while Gotch is going through his preliminary work at the gymnasium of the Illinois Athletic club, 200 feet away. Both men are reported to be in excellent condition and each expresses himself as confident of success.

Gotch has a slight advantage in the fact that the wrestling is to be catch-as-catch-can, a style with which Hackenschmidt is unfamiliar. He has, however, devoted much time to gaining the points of the style, and his trainers are confident he will be proficient by the time the contest is held. Hackenschmidt has also practiced much in devising methods to break the famous "toe hold" of Gotch and declares that he does not believe it will trouble him greatly.

American Car Takes Ship.
Ogden, Utah, March 28.—In the New York-Paris race the American car is on a steamer bound for Seattle, the Italian car left Ely, Nev., at 7 a. m. for Tonopah, the French car is in Ogden and the German car is at Rock Springs, Wyo. The axle of the latter is broken and as the machinery for its repair is not to be had in Rock Springs, the driver contemplates sending it to Ogden, having the necessary work done here and reshipping it to Rock Springs for a new start.

Troops Reach Treadwell,
Juneau, Alaska, March 30.—At 4 a. m. company F, Tenth infantry, arrived at Treadwell on the army steamer Paterson, with orders from General Brush at Vancouver to aid the local marshals. The arrival of the troops was unexpected. There is no disorder here. A number of arrests of miners for carrying concealed weapons have been made. A peace committee of the union is keeping a strict patrol of the town and there is little, if any, drunkenness.

EARTHQUAKE IN MEXICO
City of Chilapa Reported Destroyed, but No Lives Lost.

Mexico City, March 28.—Governor Flores, the chief executive of the state of Guerrero, who is at present in this city, has received the first official advices from the town of Chilapa, said to have been destroyed in the heavy earthquake shock which occurred Thursday night. The message to the governor says that while a number of the buildings of the town were levelled to the ground, no lives were lost. The police quarter and the mayor's office were destroyed and the jail badly damaged. Great fissures were made in the streets and open fields. In the neighboring town of Omotepec, the jail was destroyed and thirty prisoners made their escape. Troops are guarding the public buildings that are standing in Chilapa, but perfect order prevails.

Later returns from Chilapa show, however, that the dispatch received by Governor Flores was ultra-conservative. The town was practically destroyed, though no lives were lost. Most of the buildings that were levelled were residences.

Thirty-four shocks were recorded during the past twenty-four hours by the seismograph at the national observatory at Tabuaya.

Two Drown in Meremac River.
Pacific, Mo., March 30.—A wagon in which Henry Gilhouse, his wife and two infant children were attempting to ford the Meremac river, three miles west of here, was overturned by the swollen stream and the four were swept away. Gilhouse and one child were drowned. Mrs. Gilhouse and the other child were saved by fishermen.

Make That California Trip Now

Low one way Colonist rates daily until April 30th to Utah, California, Oregon, Washington and Montana.

Winter Tours
To the South and Gulf resorts daily until April 30th.

Homeseekers' Rates
First and third Tuesdays of each month to Colorado, Big Horn Basin, Montana and the Northwest.

The Big Horn Basin
Mr D. Clem Deaver, Landseekers' Information Bureau, Omaha, will personally conduct landseekers to this country the first and third Tuesdays in April. Write Mr. Deaver for information about very desirable irrigated lands in the Basin, subject to homestead under the big Government Ditch or under private ditches. 100,000 acres of new Basin land will come under water in 1908.

Business Openings
We have a list of excellent business chances in new growing towns on Burlington extensions; get established early—ahead of the coming population. Write Mr. Deaver.

CATARRH

ELY'S CREAM BALM
Sure to Give Satisfaction. GIVES RELIEF AT ONCE.
It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Easy to use. Contains no injurious drugs. Applied into the nostrils and absorbed. Large Size, 50 cents at Druggists or by mail. Liquid Cream Balm for use in atomizers, 75 cents.
ELY BROTHERS, 56 Warren St., New York.

PANHANDLE, TEXAS,

The lands we are going to call your attention to are in the northwest part of Texas. Take the map of Texas and you can readily see that we are trying to locate you about 650 miles from Kansas City and 500 miles from Galveston the nearest seaboard harbor of any importance, where freight rates by water to England are practically the same as from New York. To transport a bushel of wheat from Hastings, Neb., to New York by rail will cost you 46¢ per 100 lbs or 28.9¢ per bu. From the Panhandle to Galveston the rate is 9¢ per bu. or a saving of 19.9¢ per bu. Can you figure the advantage that the farmer in the Panhandle has over you? To show you the great advantage the Panhandle has over you, we want to quote a few figures on the sowing and yield of wheat at the experiment station, a short distance from where we offer you these great bargains in land.

Yield of Wheat for 1906—Masko Wheat

Sowing 3 pecks to the acre yields	29.65 bushels, test 62 pounds
" 4 " " " " " "	25.65 " " 61 " "
" 5 " " " " " "	24.50 " " 60.5 " "

Duram Wheat

Sowing 3 pecks to the acre yields	23.40 bushels, test 62.50 pounds
" 4 " " " " " "	22.25 " " 61 " "
" 5 " " " " " "	19.29 " " 62.50 " "

Now you have the figures before you for consideration. It will take you but a few minutes to compute the difference that the Panhandle farmer gets more for his grain than you do.

If the experiment station can reach such results in farming and doing it right, you can do the same thing, or can raise 5 bu. less and beat anything you can in this part of the country.

With an average of 24 inches of rainfall for the last twelve years, nothing stands in the road of farmers becoming independent in a short time and fixing himself so he can live at ease.

Is it hot in the Panhandle, is asked by people who are not familiar with conditions in that country. We will say that the average in the hottest months in the year, for twelve years is as follows: June, 72; July, 75; August, 72, and September, 68. This government report was by the U. S. weather observer (Thos. J. Consodim), at Amarilla, Texas, right in the center of the Panhandle. Water is procured in sand and gravel and is of the very purest quality and has proven very beneficial for the general health of mankind.

We are making these trips to the Panhandle every

First and Third Tuesdays

in each month, and would be pleased to see you and talk it over with you, as we cannot tell you all in a short ad like this.

BOMB PLOT IS DENIED

ASSASSIN HORRIBLY WOUNDED, BUT MAY SURVIVE.

Sociologist Robert Hunter Blames Police for Gotham Riot—Says They Charged the Crowd of Unemployed "With Incredible Brutality."

New York, March 30.—Robert Hunter, the noted sociologist, declared that he was not only present at Saturday's demonstration of the unemployed in Union square, that ended in a bomb explosion, but that, had opportunity offered, he would have addressed the crowd in defiance of police prohibition and so brought about a test in the courts of the right of free speech.

It had been advertised that Mr. Hunter would address the meeting, but in the excitement that followed the action of the police in driving the crowds from the square he was lost sight of and not until today was it generally known that the settlement worker was on hand, prepared to carry out his part of the program, even if it led to his arrest.

Mr. Hunter's position in the whole matter was set forth in a statement over his signature given to the press. The writer deprecates the "outrage" of the bomb and refers to its author as a fanatic, who has injured the cause of the unemployed. Mr. Hunter says until he arrived at the square he was ignorant of the fact that speech-making had been forbidden. He learned this of the police and then determined to speak in order that the right of peaceful assembly and free speech might be tested in the courts. He adds that he had no chance to be heard, for presently the police "charged the crowd with incredible brutality."

Tells of His Own Escape.
Mr. Hunter describes his own escape from under a horse's hoofs, tells how he was dragged by officers from the steps of a building from which he had hoped to speak, and how what was intended as a peaceful assembly in furtherance of aid for the unemployed was broken up with a scene that he thought "could not be duplicated outside of Russia."

This proved to be a busy day for the police and the socialists, who were responsible for Saturday's demonstration. There was no act of violence of any sort, but the police were busy looking up the record of the bomb thrower and others under arrest, while the socialists were as active in repudiating sympathy with the outrage and knowledge of the perpetrator.

Selig Silverstein, the youth in whose hands the bomb exploded, as he was about to hurl it at Captain Miles O'Reilly and his squad of twenty men,
