NUMBER 24

**Good Ball With McCook.**

Last Friday our ball boys crossed bats with the McCook team and it was a game the like of which is seldom witnessed—even at league games. At the close of the ninth inning neither club had scored. In the first half of the tenth inning, however, our boys succeeded in making a tally on Boone Saunders' two-bag hit, scoring Salene, which ended the game. Throughout the interest was intense and when Boone slammed that clean two-bag liner over center field the yell that went up from the grand stand was heard for miles. Score by innings:

	1	2	3	4	5	6	7	8	9	10	11
Red Cloud	0	0	0	0	0	0	0	0	0	1	1
McCook	1	0	0	0	0	0	0	0	0	0	0

**FRIDAY'S LINE-UP.**

Red Cloud: McCook, Walters, D. Fullen, Salene, Sharp, Smith, Hard, Saunders, Nelson, Bradbrook, Bennett, Schoonover.  
McCook: D. Fullen, Sharp, Morris, Jack, Reynolds, R. Fullen, Morehead, Miller.

Red Cloud struck out 17 men, made one two-base hit, hit one man with pitched ball. McCook stole three bases, made one double play and struck out three men.

Saturday the same teams again matched their best mettle. Again it was proven that our boys were slightly the best "stickers." The game was closely contested. The McCook boys are a clean-playing bunch and the strongest team our boys have gone up against this season. Following is the score:

	1	2	3	4	5	6	7	8	9	10	11
Red Cloud	0	0	0	0	0	0	0	0	0	0	0
McCook	1	0	0	0	0	0	0	0	0	0	0

**SATURDAY'S LINE-UP.**

Red Cloud: McCook, Walters, D. Fullen, Salene, Sharp, Smith, Morehead, Hard, Dempe, Saunders, Morris, Nelson, Reynolds, Bradbrook, R. Fullen, Bennett, Coppon, Schoonover, Miller.

Red Cloud stole one base, made one double play, struck out ten men, made one two-base hit, two passed balls on Schoonover. Bennett hit one man with pitched ball. McCook stole two bases, struck out five men, made one two-base hit, three passed balls on Miller, received two bases on balls.

Red Cloud went to Hebron Tuesday to play ball with that club. Owing to the rain that afternoon they could not play ball and so they practiced with Hebron. Wednesday they played ball and beat Hebron by the score of 8 to 1. They say they had a walk away with Hebron, but Bennett slipped and fell in a pond a knee deep in the diamond while catching a ball and the whole team got wet up to their knees.

**Jellied Vegetables.**

"Jellied vegetables are particularly suitable for a luncheon or supper dish to be served as an accompaniment to almost any kind of cold sliced meat," says Fannie M. Farmer in Woman's Home Companion for June. "Remove the jelly to a serving dish, and surround with the slices of the meat overlapping one another; then garnish with celery tips. Cold meat needs to be very thinly sliced to be at its best, therefore do see to it that the closet can boast of sharp knives, for without them the work cannot be perfectly done. Soak one tablespoonful of granulated gelatine in one fourth of a cupful of cold water, and dissolve in one cupful of boiling water; then add one-fourth of a cupful each of sugar and vinegar, two tablespoonful of lemon juice, and one teaspoonful of salt. Strain, cool, and when beginning to stiffen add one cupful of celery cut in small pieces, one-half cupful of finely shredded cabbage and one and one-half cupful of pimientos cut in small pieces. Turn into a mold, and chill thoroughly."

**Letter List.**

List of letters remaining uncalled for at postoffice at Red Cloud, Neb., for the week ending June 11, 1908: Dilsie Ralston, Mary Shippen (2) Mrs. S. Varney.

These will be sent to the dead letter office June 25th 1908, if uncalled for before. When calling for above please say "advertised."

T. C. HACKER, Postmaster.

**FRIDAY'S CYCLONE.**

**Causes Loss of Life and Property in Southern Nebraska and Northern Kansas.**

The tornado which passed through Jewell Co. last Friday resulted in the death of two people, the injury of several others, and the destruction of much property. The cyclone it seemed was first observed near the home of Mr. Waite, about thirteen miles southeast of Red Cloud. The tornado first struck on his farm. On this place it blew away a large barn, windmill, and some other outbuildings; but left the house unharmed. A large forest with many big trees just east of this house and many of them—all of them in the path of the tornado—were twisted off near the ground as were all the trees along this creek north of Mr. Waite's house for a distance of about one mile. The next place where there was damage done of notice was the home of Mr. Putnam across the creek from Mr. Waite. This house was blown to pieces together with the barn, windmill, and all other buildings on this place were swept clean and lay in splinters in a heap down near the creek, some hundred yards away from where they stood. No one was hurt at either of the above mentioned places as luck would have it. But the most serious damage was done by the tornado at the place owned by Mr. Pierce just east of Mr. Waite's place. Mr. Small lived on this place. Here the house and barn were both blown down and completely destroyed. But these things are not the matter of grief therefore the reason that there was loss of life in this wreck. Two of the children of Mr. Small were killed and two were injured and taken from the heap of splinters and broken timber which was all in a heap upon them after the storm. Mrs. Small was also taken from under the heap of timber and was badly injured but is still alive. Further north in the course of the tornado it blew away and destroyed the barn of Mr. Lewis, the house and other property escaping injury. Then the next place of notice was the property of John Young. This house was blown about fifteen yards. Mrs. Young, the mother of John Young, was in the house, but escaped alive. A short distance from here, near the home of Mr. Shute, the storm got weaker in its work and was not so destructive along the rest of its path. All this territory is a very dilapidated looking place. The boards from the torn up barns, houses and out buildings together with the tree tops and torn up wagons and buggies are scattered over the fields and streams giving evidence of what must have been a hideous looking sight when the storm was active.

After leaving Young's it crossed into Nebraska and struck at Thomas Emmerton's farm, tearing up large oak trees and carrying away his barn and outbuildings. At Alf Harris' a large corn crib and self-feeder were carried to the river. An old log-house landmark was also blown off Alf's place. Continuing to F. V. Taylor's place it made a wide path through a heavy timber and crossed the river onto Starkey Bros., who were so fortunate as not to suffer any loss. At William Bright's place it tore away some cattle sheds and corn cribs. From Bright's it continued to jump northwest and when Mrs. Vavrieka saw it she was so frightened that death resulted about midnight.

It passed four miles east of Red Cloud where it was seen by many of our people, some of whom describe it as of a huge snake-like form, whipping the ground at intermittent intervals with demon-like fury.

**Cultivation of Small Grains and Use of Heavy and Light Seed.**

The Nebraska Experiment Station has just issued bulletin No. 104. It gives the results of experiments covering a period of eight years with the cultivation of small grains and the use of heavy and light seed wheat and oats. This bulletin is not sent out to the general mailing list, but may be secured free of cost by residents of Nebraska by writing to the Agricultural Experiment Station, Lincoln, Nebr.

**A Tip For City Dads.**

Denver has adopted the plan of lighting every dark alley in the city with are lights. Since the municipality adopted this scheme law breaking after dark has practically ceased. Fewer policemen are needed and tax residents claim their homes and property are safer. The city streets are as light as day, almost, on the darkest night and there are no dark corners to hide in.—Electric News Service for June.
