If you were to read of some of the large yields of wheat this year in the Panhandle country in Texas, where two millions of acres of that land have been sold in the last two years. You would come right up to The Red Cloud Investment Co.'s office and make arrangements to go down and see that country on August 4th.

There is not a Chautauqua in the state that furnishes a finer array of musical talent than our own Chautauqua offers this year. The Royal Hungarian Orchestra of Buda Pesth, Norton's Chautauqua orchestra and band, The Midland Jubilee singers, The Colonial Saxophones, The LaDell-Fox Concert Co., will furnish a daily treat to all lovers of good music. You can't afford to miss all these good things which the Chautauqua furnishes for the price of a season ticket.

**Hull-Salene.**

"Kelley" Salene, the popular second baseman of the Red Cloud ball team, and Miss Hattie Hull of Orleans were united in marriage by Rev. M. T. Stifler at the M. E. parsonage Monday morning. The affair was a complete surprise to Kelly's friends here, but all join in extending congratulations and wish for him and his bride many long and happy years.

**RHEUMATISM CURED IN A DAY.** Dr. Deichens Relief for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents and \$1. Sold by H. E. GAUCH, Druggist, Red Cloud.

State Revenue from National Forests Increased.

In addition to the benefits secured by fire protection and by regulations which control the use of timberland and range so as to insure permanent supplies for local wants, the states having National Forests now receive, under the new agricultural appropriation bill, 25 per cent of the gross proceeds derived from the sale of National Forest resources. This amount, according to law, goes to offset any losses to the states through withdrawal of forest areas from taxation, and is devoted to public roads and schools.

Several years ago complaints were made that the withdrawal of timberlands for forest purposes reduced the taxable areas of the states in which withdrawals were made. The Forest Service, quick to see the justice of these complaints, recommended at first that 10 per cent, and later that 25 per cent, of the gross proceeds from the National Forests should be paid to the states. As a result, the states are assured of school and road funds, doubtless more certainly than they otherwise could have been, since the permanence of the Forest resources is now secured by conservative management. Had the forests never been established, their resources would undoubtedly have been exhausted by hasty and improvident methods of exploitation, leaving the land wasted and unproductive.

**OF INTEREST TO FEEDERS.**

An Added Feature in the Forthcoming Interstate Live Stock Show.

An added feature in the forthcoming third annual Interstate Live Stock and Horse show, to be held in St. Joseph, Missouri, the week of Sept. 21-26, is the ear lot fat hog exhibit. This is a new feature that should prove interesting to the feeder more than to the breeder. Ample premiums have been provided that should draw out an interesting exhibit of the one domestic animal that stands at the head of the procession as a mortgage lifter on the American farm.

In this exhibit not less than fifty hogs are to constitute a car load and there are two classes, one for the average of over 250 pounds and one of less than 250 pounds. Premiums offered are \$40, \$25 and \$15 in each class and a sweepstakes of \$25 for the best car load is also provided.

The car lots will be exhibited in special pens in the hog department in the stock yards and the hogs will have to be sold here as the government does not allow hogs to be removed from a stock yards back to the country.

**Centers in Lincoln.**
