FINE WORDS BRING PLAUDITS.

preciated by Readers.

The girl graduate, flushed and amilng, seated herself beside her father in the automobile and patted the pale blue bow of ribbon on her essay. "Did you like my essay, father?"

"Your commencement essay upon "Life's Higher Calls," he said, 'seemed to me to be too-too. But listen. Here is an autograph letter of John Ruskin's that I bought this morning for \$17. Maybe, if you had read this letter before writing your essay it would have been better."

Then the father read the letter aloud, while the young girl listened with a scornful and sour air.

"'I was obliged to write too young. when I knew only half truths, and was eager to set them forth by what I thought fine words. He hurried on to the nearest house and found that the owner was one of the county coroners. The man rallied four or five neighbors and proceeded to view the body, and they were not five minutes an returning a verdict of sunstroke.

"But there was no medical examination of the body," protested the

"No, but you see work is driving with us and we can't spare the time to fool around," answered the coroner "But I don't think he died of sun stroke.

"No? Then we'll change the verdict to froze to death and let it go at

Water as an Anesthetic.

It is said that a surgeon of Berlin has accidentally discovered that water may be used as an anesthette. He was experimenting with cocoaine to see how small a quantity of it might be used locally for minor operations, when he made the discovery about water. A small quantity is injected under the skin, and the effect is to render the flesh at that point insensible to pain. The water causes a slight swelling resembling that caused by the by the swelling remains insensible for
