WOMAN may some time win the right to vote, but she will never cease to hide things under the bedtick.

SECRETARY LUKE WRIGHT says Mr. Bryan is not a Democrat. It is pretty safe to say that he isn't the kind that Wright is.

POSTAL saving banks would guarantee their deposits, but it would be perfectly ridiculous for other banks to do the same thing.

If isn't likely that Mr. Archbold was in the business of recommending judges when Mr. Taft was first appointed to the Federal bench.

If President Roosevelt decides to write the "great American play" which wealthy malefactor will he choose for the villain?

THERE under was a political campaign in which the G. O. P. threw so many scares. Probably for the purpose of shaking the contributors.

If Senator Luke Foraker has done wrong it would seem proper to send him to prison after the election to keep the beef trust company.

It must be discouraging to the German kaiser to find that his protestations of friendship for England have resulted only in hurry orders for more Dreadnoughts.

It is announced that Senator Tillman has been converted to be as the solution of the whiskey problem in South Carolina. During the recent financial stringency and industrial depression the identical solution was forced upon a large number of thirt investigators.

GOVERNOR JOHNSON, of Minnesota, looks like a rising sun. A Democrat who can carry his state three times in succession in the face of a normal republican majority of 100,000 is marked for a man of destiny. Perhaps he will be the Moses that will lead the agricultural constituencies of the north-west out of the wilderness of protectionistic and trust breeding Republicanism in which they have been blindly wandering for nearly four years. In any event, Governor Johnson is well worth keeping an eye on.

**Letter to W. J. Bryan.**

Red Cloud, Neb., Nov. 9, 1908.  
 DEAR MR. BRYAN,  
 We the members of the Mary Bryan Club, Red Cloud, Nebr. campaign of 1908 would offer you our heartfelt sympathy in what seems to us, your greatest political disappointment. We have watched with intense interest and studied in our meetings the progress of the campaign and sincerely hoped that no abuse intinge misrepresentation coercion or treachry on the part of your opponment would thwart your high purpose to serve the people of the United States in the Presidential office.

Though all these things and more perhaps, have combined to compose your defeat. We are still confident judging from the past that you will not abandon the principles for which you have been contending 18 years. Your faith in the common people may be shaken, and with reason, since they wear so willingly the fetters which their masters have forged for them, but in spite of their ingratitude and stupidity we believe you will with tongue and pen define those policies most beneficial to the largest number of your fellow citizens. We are indeed pleased that where you are best known and loved there was a partial recognition of your worth and that we feel every vote in the State should have been cast for you, we are proud that Nebraska did not disgrace herself as Ohio Indiana and Minnesota did in giving Taft their Presidential vote. This one ray of sunshine pierces the gloomy cloud of defeat. To Mrs. Bryan we offer warm hearted womanly sympathy with a devoted wife who thinks the best none to good for her husband and hope she may find compensation in the enjoyment of home and family free from the responsibilities and distractions of official life. Signed.

**The Benefited Few.**

Hoping for the best we will find no fault nor complaint as to the outcome of the election which makes Mr. Taft our president for the next four years. We will simply say that we think a great mistake has been made which soon will be impressed upon the mind and conscience of the American people.

We speak not from the standpoint of the trust whose output includes all of the necessities of life including food, fuel and clothing, nor from the standpoint of the railroads whose freight schedules are so high that in many instances the article shipped will not sell for enough to pay the freight.

Nor do we speak as to the farmer who present prosperity lulls him to sleep and seems to make him forget that he also is the victim of the iniquities practiced by the railroads and trusts of this country, backed by a republican tariff backed by a republican president and congress. Sometimes the farmers will awaken but during the coming administration no complaint can come from him as to seal of silence was placed upon his lips when he deposited ballot both State and National for the republican party.

We do speak from the standpoint of the wage earner even where employed and God pity the unnumbered multitude out of employment. Take our own city for an object lesson. We have many deserving ambitious young men here, whose great absorbing and tireless effort is to buy and pay for a home that they can call their own.

With all of the ability and energy that they can master, they can command but from \$35.00 to \$40.00 per month while their very employers are asking and receiving from them from 30 to 50 per cent more than five years ago for the food and clothing sold to them. A suit of cloths now is \$25.00 that then was from \$16 to \$18 a pair of shoes then costing \$3.50 is now \$4.50 or \$5.00.

with these low wages and greatly increased cost of the living when will the hope and ambition of these young men be realized.

No one of intelligence and candor now denies that the tariff and trusts are largely responsible for the greatly increased cost of living and we thank republicans for their candor for when the other day we asserted to one of the leaders of that party, here that the consumers paid that tariff his cold blooded answer was, Yes we know it and we republicans will see that he continues to pay it.

We can place several young men of the right caliber in well paying positions as Local Agents for the Oliver Typewriter in territory not already taken. If interested write for free copy of book "The Rise of the Local Agent."
