Figure out how many years you would have to be free from any fire in order to save the value of your home and contents. Then consider that you may have a fire this very night. The cost of even a small blaze will be more than the premium of

ANNOUNCEMENT!

To All Who Want Pianos Now Or Next Year.

Kindly refer to my published partial list of Piano sales and ask yourself if I have had my share. I have sold enough to have made fair wages, but I find upon balancing my ledger that my profits are not sufficient to justify a continuation of the piano business at the prices I have been giving.

This means something like this to me:

First--I am going to close out all the stock on hand.

Second--I will not undertake to stock up again with high grade Standard pianos to be sold at the prices that Medium grade and Stencils are sold elsewhere.

Third--If I continue in the piano business after this stock is exhausted, I will have to charge the same prices that other dealers get for the same class of goods. I have been giving my customers the benefit of special discounts that have heretofore been unheard of on New Pianos.

My pianos are "Standard" and the prices are made by the factories. I have never charged you full price but I have learned

something. You have gained what my experience has cost me. The reason I have done this is because I would not offer poor quality, and in order to compete with "special sale" grades I have given you "quality" at the "special sale" grade price.

Do you want cheaper grades or will you pay a fair price for the best? It is my purpose in this announcement to give you

Fair Warning

And make no advance in prices on the present stock. I do this because some of you have expressed a determination to purchase pianos like

those upon my floor, and have had these special prices quoted you. When the present stock is exhausted all former quotations will be withdrawn. This is strictly a business proposition, made because experience has convinced me I cannot afford to do otherwise.

While the present stock lasts all buyers are entitled to the

20 Per Cent Special Discount
On all new pianos. This is a real discount from the factory made prices. Not "marked up" prices for the occasion. I make this announcement while the assortment is good that you may all have an equal chance to get your choice as there is not enough to go around. The stock comprises

- 1 Chickering Bros.,
- 1 Price & Teeple,
- 1 Victor,
- 2 Autopianos,
- 3 Kohler & Campbell's.

Only eight pianos at these special prices. Terms same as quoted you. I may not quit the piano business but I will stand by this

New Years Resolution:

"I will not sell pianos the coming Season so close that there is not a living profit in the business for my family."

I sincerely thank you for your patronage and if you are satisfied with your bargain kindly suggest to your friends to come in and secure one for themselves out of the above list.
