After holding court from Thursday morning to Saturday of last week Judge Harry S. Dungan made arrangements with Judge Hurd, of Harvard, to complete the present term of district court in this county. Judge Dungan's recent illness made it necessary to postpone the spring term at Red Cloud from April 26 to May 17 but the unexpected length of the Alma term owing to the murder trial there, again interfered with the date assigned to Webster County. The judge has yet several weeks of court this spring, beginning with the Bert Taylor trial at Minden this week.

The Superior brothers took excellent care of our members and did every thing possible to see that they had an enjoyable time. The boys went down in Tabor's auto and owing to the chilliness they shivered all evening and did not thaw out till they reached Red Cloud again.

Some striking effects of the tariff on the necessities which the poor man is compelled to buy are brought to light through a controversy between two eastern newspapers which appear to have obtained some confidential figures prepared for the use of the President by Treasury experts. It is shown that on the suit of clothes which retails for \$15 the duty is \$4.76, so that without the tariff the same suit could be bought for \$10.24. A man's overcoat now retailing for \$15 could be bought for \$10.36 if there were no tariff. A woman's cotton dress which now sells for \$10 could be bought for \$7.75 were it not for the tribute which the consumer is made to pay to the manufacturers. A tapestry rug which now sells for \$15 is worth just \$9.64, the extra \$5.36 being the sum the consumer is compelled to pay to the American manufacturer for the same rug which without a tariff, he could buy for less than \$10. Practically everything is taxed, even salt which costs a cent a pound more because of the tariff and sugar which costs 1 1/2 cents more a pound because of the protective policy.

### Taxis Granine

An ideal hair tonic—Taxis Sapogen, a perfect shampoo and Taxis Bay Rum a combination, which if faithfully used, will produce a clean, healthy condition of the hair and scalp.

Thin, dry, brittle or falling hair means there is some cause for such an unhealthy condition and that it should be attended to at once. The reason for scanty hair is because all the root shaft are not doing their duty and the reason for falling hair is because the scalp is in an unhealthy condition.

To correct these evils is a very simple matter. To make all the root shafts do their duty use Cranine. To get the scalp in a healthy condition, shampoo the head with Sapogen, a perfumed green oil soap. Bay Rum is an ideal hair dressing after the shampoo.
