Chief of Staff of Hot Springs
Doctors on Annual Tour.

At Royal Hotel
July 10th.

He Will Make No Charge
For Consultation or for
Examination.

The Chief of Staff of the Hot Springs Doctors is making his annual tour of the state, visiting the towns and cities, calling on their patients in each community, and consulting with new patients who are desirous of the great treatment that cures all chronic and nervous diseases of men and women. The phenomenal success of the Hot Springs treatment is due to the fact that it removes from the patient's system the cause of disease; usually doctors treat the symptoms of the case, instead of making a complete diagnosis and then removing the cause as do these specialists.

The human body has been the life study of these noted specialists; their skill in the matter of medical diagnosis puts them in the front ranks of American Specialists. After they make a painstaking examination they are in a position to state positively whether or not a cure is possible; if not they tell the patient so and refuse to undertake a cure. If they do undertake a cure the patient is cured. They do this at extremely reasonable cost, they ask no fee at all until the patient is completely cured. Only a moderate charge is made for the medicine in each case.

The highest standard of quality to the only standard in the medicines used by the Hot Springs Doctors. These expensive medicines are especially prepared for each case; they are from the world's best laboratory, guaranteed by the pure food laws, eliminating all possibility of anyone taking into their system any poisonous drugs. A cure is sure and permanent as a result of taking the world famous Hot Springs home treatment.

Chronic and nervous diseases like rheumatism, asthma, bronchitis, goiter, diseases of the heart, blood and lung diseases, catarrh, gall stones, epilepsy, kidney, stomach and bladder troubles, and female diseases must yield to the treatment as given by these noted specialists. In their Lincoln offices are thousands of letters from people who have been restored to health, in many instances these people could not have been cured were it not for the Hot Springs treatment. For example take the case of Mrs. White who lives at University Place, Neb. These Specialists made a careful examination of her case and found that she was suffering from rheumatism, kidney, and stomach trouble. After taking treatment, here is what she says in her own words:

University Place, Neb., April 18, '09.
Words almost fail me to tell how thankful I am for renewed health and strength after suffering with stomach trouble which eventually reached a stage where I could scarcely retain food, and suffered great pain. To add to my trouble I was also afflicted with rheumatism which swelled my feet and hands so that I was helpless. I tried several local doctors but their treatment failed to give me any relief. I began to take the Hot Springs Doctors treatment and commenced to improve at once, and now at the end of twelve months I am entirely recovered and feel as well as at any time of my life. I am glad to recommend the Hot Springs treatment for what it has done for me, to any who may be afflicted in the way I have been.

MRS. H. R. WHITE.
Here is a testimonial letter from Smith Center, Kansas, that is interesting:

Mrs. Andis is getting along just fine; has not had any of her old dropsical trouble at all this year. It has been just about one year since Kind Providence sent you to Smith Center and we are certainly thankful for the help you have rendered me. Wishing you unhindered success, we are as ever,
MR. and MRS. S. L. AMES.

The treatment that has cured those people and restored thousands of others to health is available to the people in this section for it is this wonderful system of treatment that the Chief of Staff of the Hot Springs Doctors brings to us on July 10, at the Royal Hotel.

As the Specialists will be here only one day, it is respectfully requested that people do not call out of idleness. He will be busy with patients who really need his services and it would be an imposition to take up his time idly. It is also important to announce that married women who wish to consult with the Chief of Staff must be accompanied by their husbands, and all minors by their parents. If you are suffering with any chronic or nervous disease and desire to be restored to health, vigor and happiness, don't fail to call at the Royal Hotel, July 10, 1909.

The permanent offices of the Hot Springs Doctors are located at 11th and O street, Lincoln, Nebraska.

WASHINGTON LETTER.

Interest in the rates of duty imposed by the Payne Aldrich tariff bill has given place, during the past week, to consideration of the special form of taxation which is to be imposed by the bill, in addition to the customs to raise revenue. Indications at this time all point to the defeat of the income tax proposition advocated by Senators Bailey and Cummins and a following composed of practically all the Democrats and a considerable number of Republicans. This has been accomplished through the influence of the President, Mr. Taft, when informed by the Senate leaders of their inability to array a majority of the Senate against the income tax, determined that the psychological moment had arrived for the accomplishment of a reform first proposed by President Roosevelt and heartily espoused by Mr. Taft when he was a member of the Roosevelt cabinet. This is the inspection by the federal authorities of the books and transactions of corporations, with a view to eliminating those corporate abuses which have been the bane of the management of the great corporations in this country and the exposure of which has so shaken public confidence in their securities. Mr. Taft conceived the idea that by imposing a tax on the net earnings of corporations the government could compel them to submit their books to the inspection of federal officials; that such corporations, owing as they do their being to the state, could thus be required to contribute their share to the expenses of the state; that the deficit in the federal revenues could be wiped out; and that the nation could be relieved from almost sole dependence on the customs' duties as a source of revenue.

The President did not undertake to force his ideas on Congress until the Senate leaders appealed to him for assistance to head off the income tax, but when they asked his help he gave it in such form that they now find themselves compelled to provide a system of excise which to the majority of them is only in degree less repugnant than the income tax. This situation constitutes a material victory for the President and a severe blow to that autocracy which Senator Aldrich and a few chosen colleagues have long exercised in the Senate. In the estimation of all thoughtful observers the denouncement of the situation in the Senate augurs well for the future of all those progressive policies for which Judge Taft stands and to which in the natural order of things the extremely conservative element in the Senate must have proven an insurmountable obstacle.
