NEBRASKA IN BRIEF POLITICS IN NEBRASKA STRUGGLE NEAR END

Republicans, Democrats, Populists and Prohibitionists Hold Conventions.

ALL HAVE GOOD ATTENDANCE

Proclamation of Principles as Set Forth by the Leading Political Organizations.

Democratic Platform.

We pledge the democratic party in Ne-braska to assist in securing ratification of that amendment and to that end we ask Governor Shallenberger to call a special session of the legislature at an early day, that Nebraska, a pioneer in the advocacy of an income tax, may have the honor of being the first state to ratify the amendment.

amendment providing for the initiative

The republicans, democrats, populists and prohibitionists held conventions in Lincoln on the 27th, with good representations at all of them. There were upward of 800 delegates in the republican convention. C. O. Wheadon of Lincoln was chosen chairman and J. M. O'Neill, secretary. Resolutions therewith set forth the principles of republican convention. C. O. Wheadon of Lincoln was chosen chairman and herewith set forth the principles of the party.

The democrats met in Representative hall and adopted a platform to which only one delegate objected. Chris Guenther was nominated for Chairman of the State Central committee, but declined. The matter of filling the place was left to the state committee. George L. Loomis of Fremont was chairman of the convention and W. H. Smith of Seward, secretary.

Democratic Platform.

We, the democrats of Nebraska, in state convention assembled, reaffirm our faith in, and pledge our loyality to, the principles of our party as set forth in the platform adopted by the democratic convention of 1508.

We denounce the republican tariff bill as a shameless consummation of the fraud deliberately planned by the republican leaders when they promised revision instead of reduction; and we call attention to the fact that it confesses the truth of all that the democrats have charged as to the iniquities of the high tariff system. We call special attention to the fact that one plank contained in both the democratic state and national platforms for 1908, namely, the plank demanding a constitutional amendment specifically inderential that the democratic party in Nenter and house of representatives, and that such amendment has been submitted to the states for ratification.

We pledge the democratic party in Nebraska to assist in securing ratification The prohibition state convention consisted of five delegates, which attended to the necessary business. D. B. Gilbert of Fremont was elected chairman of the state committee, J. P. Heald, secretary, and J. L. Claffin, vice chairman.

Resolutions denouncing the liquor traffic and favoring a law and placing the referendum in full force and effect were adopted.

In the populist convention at the senate chamber it was unanimously agreed that the party organization be maintained. Chairman Manuel called for an expression on this question as soon as the convention was called to order. E. A. Walrath of Polk, was made secretary. Webster, Boone, Dixon, Stanton, Polk, Saunders, Burt, In the populist convention at the on, Stanton, Polk, Saunders, Burt,

on, Stanton, Polk, Saunders, Burt, Adams, Washington. Kearney, Saline, Hamilton, Buffalo, Valley and Howard counties were well represented.

Republican Platform.

Speaking for the republicans of Nebraska, as their delegates in state convention assembled, and reaffirming the declarations of our national and state control of the magnificent republican victory which has given us for our chief executive that firm and courageous statesman, pre-eminently fitted for his exalted office, William Howard Taft. When we assembled one year ago we were facing a presidential campaign in which our opponents, with customary braggadoelo, paraded a false confidence in their cause and proclaimed loudly that republican ascendency in the nation was at an end; but again at the ballot box came the indubitable proof that so strongly entrenched in the hearts of the people are the principles and achievements of the republican party, and so discredited are the principles and achievements of the republican party, and so discredited are the principles and achievements of the republican party, and so discredited are the principles and achievements of the republican success in the conditions confronting us in Nebraska today. In spite of the remendous handicap by which we were required to combant a distinguished Nebraskan appealing to home pride to support him for president, and notwithstanding the flagrant deception by which the democratic president, and notwithstanding the flagrant deception by which the democratic president, and notwithstanding the flagrant deception by which the defence of the flagrant deception by which the democratic presidential electors massive and the flagrant deception by which the democratic presidential electors massive and the flagrant deception by which the democratic presidential electors massive and flagrant deception by which the democratic presidential electors massive and flagrant deception by which the democratic presidential electors massive and flagrant deception by which the democratic presidential electo

but successful attack upon it.

We submit that this presents an issue of great and far-reaching importance. We are coming to be more and more a people governed by our courts. The courts are the bulwarks of our liberties as well as the harbor to which special privilege files in every storm, and the instrumentalities through which it asserts, with growing arrogance, its power to defy the people's legislatures and the people's executives. There never was a time when the necessity for keeping courts, invested with or asserting extraordinary powers, on a plane above suspicion of reproach, presented itself more forcibly than it does now. support him for president, and notwith standing the flagrant deception by which the democratic presidential electors mas-queraded on the ballot a second time as populists, the democratic leader, for whom was confidently predicted a 25,000 majority in his home state, was grievously disappointed to find that he had saved himself in Nebraska by a bare 4,000 plurality. The election at the same time by substantial majorities of the entire republican state ticket, with only two places excepted, gives us the right to regard the result as a republican victory.

excepted, gives us the right to regard the result as a republican victory.

We approve, commend and unqualifiedly indorse the stand taken by President Taft in the matter of tariff revision. We are counting on him to see to it that the party's platform promise of revision is redeemed by the enactment of a tariff bill acceptable to the people, and we would approve the exercise of his veto on any bill that does not conform to his construction of the platform pledge which he has said means "revision downward within the limitations of the protective principle." We look to our senators and representatives in congress to sustain the president in this position, and we commend them for their efforts in support of the party's pledges and the president's the party's pledges and the president's policies.

the party's piedges and the president's policies.

We approve and indorse the Brown resolution adopted by congress submitting to the several states for their action a proposed constitutional amendment empowering the federal government to levy and collect taxes on incomes.

The republican party in this state stands upon its record. While providing for a generous maintenance under economical administration for the various state institutions we extinguished a state debt of more than \$2,000,000. We abolished the evils of corporate dictation in politics and abrogated the free pass system under a republican administration. Passenger, freight and express rates have been reduced and an elective railway commission provided for speedy adjustment of differences between shippers and carriers and the regulation of the same, we provided for a more just and equitable assessment of all kinds of property for taxation and the assessment of railway terminals for local purposes and removed the bar against recovery of adefor taxtion and the assessment of rail-way terminals for local purposes and re-moved the bar against recovery of ade-quate damages for personal injuries. We commend the consistent course pur-

by the republican minority in the legislature in resisting with energy ability the unwise and unconstitu-al measures of the democratic mathe indees who for many years have been elevated to the bench in this state as republicans, but who as judges have known neither personal favoritism nor political partisanship but have fearlessly and impartially declared the law and held the scales of justice even between rich and poor, high and law, republican, democrat, nonulist, prohibitionist and socialist alike. We denounce the eleventh hour pretense of devotion to the idea of nonpartisanship by the late democratic legislature, after running a riot of partisanship for three months and ruthlessly legislating republicans out of office by the wholesale order to make room for democratic office-seekers. If the pussage of their so-called nonpartisan judiciary act was intended to

Old Corn on Hand. Nebraska farmers and others have

on hand 10,981,034 bushels of corn. more than they did at the same time county to prosecute Albert Fritz for last year. As shown by the reports the sale of five or six dozen rotten of the various county assessors, the eggs. This practice is one that Comcorn on hand last year amounted to missioner Mains intends to stamp out. 30,556,840 bushels, and this year the amount on hand is 41,535,874 bushels. The noticeable increases are shown in the following counties: Adams, 397,

with or asserting extraordinary powers, on a plane above suspicion of reproach, presented itself more forcibly than it does now.

We urge the people of this commonwealth to take this question home with them. We urge upon them that the issue in this state election is one, not of party or platform, but of men.

We urge all Nebraskans in voting for supreme judges and for regents to lay aside party prejudice and ties. We hope no democrat will vote for a candidate for either of these offices merely because the candidate is a democrat, and that no republican will vote for such a candidate because he is a republican.

We urge each and every voter of all parties to vote for the man when he goes to the ballot box this fall and not for the party label.

Resolved. That we urge the democratic members of congress and those from Nebraska especially, to use their hest efforts to secure as speedy a completion as possible of the government ditch project now but partially completed in western Nebraska, assuring those settlers who have homesteaded lands under said project that the government will keep good faith with them, and that right soon.

What is here said with reference to the administration of the courts applies likewise to the administration of the courts applies likewise to the administration of the publicans, free from the intrusion of populations, free from the institution has grown and prospered under the efficient management of regents elected as republicans, free from the institution has grown and prospered under the efficient management was notoriously partisan.

The reasons, therefore, are not heard to find why, for more than a third of a century, but for one brief trial period, the people of Nebraska have continuously preferred to entrust their highest court of instice and their highest institution of learning to officers presented as candidates by the republican party, and these reasons hold good today. The nominees of the republican party for these responsible positions this year will be competent and faithles

TARIFF BILL SHOULD BE OUT OF WAY THIS WEEK.

LOOK FOR STRUGGLE THURSDAY

Aldrich Not to Talk Much Himself, and Oratory Will Left Mainly to the Opposition Side.

Washington, D. C .- Unless something happens to provoke heated discussion of political character, the new tariff bill should be enacted into law and the extraordinary session of congress adjourned before the end of this week. Inquiry among senators opposed to the adoption of the conference report on the Payne-Aldrich bill indicates that the debate will not be as extended as it threatened to be before the conferees reported. The senate will meet at 10 a. m. Monday. The session probably will begin at that hour and will continue to 6 or 7 o'clock p. m. daily until the report is adopted. If it is found that more senators desire to speak than has already given notice it is possible that night sessions may be held.

Senator Aldrich is determined that the conference report shall not be carried over into next week. He does not expect to occupy very much time himself. He said Saturday that he would not speak longer than an hour or two, and that other members of the committee would occupy comparatively little time. It is probable that senators who were opposed to the placing of hides on the free list will have something to say on that sublect and that all of the republicans who voted against the bill when it was on its passage in the senate will take occasion to explain their action. Some of these senators will speak for the adoption of the conference report, and some of them are expected to vote in the negative.

Senator Culberson, leader of the minority, is authority for the statement that the democrats will debate the conference report thoroughly, but will not filbuster against its adoption. Senators Daniel and Bailey, members of the committee on finance, will speak at length against the adoption of the conference report, and take the lead in voicing democratic opposition to the new tariff bill. Some of the senate leaders predict that a vote will be had on the conference report as early as Thursday, and that the special session of congress can be brought to a close on Friday.

A Good Season for Sheep.

Belle Fourche, S. D.-Sheepmen of this section are about the most satisfied set of men to be found in the state of South Dakota. The sheep season has just closed here and it has been the largest and most profitable one in the history of the market at Belle Fourche. A total of over two million pounds of wool has been marketed here at an average of 221/4 cents per pound, or a total of approximately \$450,000 and not a single man who dealt in sheep this season can tell a hard luck story.

The gain over last year is a sub stantial one as during 1908 there was marketed 1,910,000 pounds. In 1907 it was 1,750,000; in 1906 1,500,000, and in 1905 it was 1,250,000, thus showing a steady increase each year. Most of the wool was sold outright here this year, only a few clips being consigned. Buyers from all over the country made this their headquarters

The largest amount of wool shorp at any one place in this section was done by the Mormon crew on Willow creek at the Smiley ranch where the men from Utah handled over 40,000 head of sheep before returning to their homes.

Tragedy in Chicago Home.

Chicago. - Maritial trouble caused Mrs. Emma Michel to kill her two children, Meta, fifteen years old, and Gustav, twelve years old, and commit suicide by means of illuminating gas here Sunday. The two children were found dead in bed with every gas jet in the house open, and Mrs. Michel, dead, seated in the kitchen. In her mouth was a rubber tube, one end of which had been attached to a jet. Mrs. Michel left a letter for Henry Fisher, a friend, in which she gave the reasons for her act. Mrs. Michel. and her husband, Louis, have been separated for three months, and she had started suit for a divorce. Pending a decision her husband was to pay her alimony, but failed to do so.

Extensive Smuggling Plot.

Manila.-The government is pressing the investigation of what appears to be an extensive optum smuggling plot which was brought to light by the discovery, and seizure of 460 pounds of opium and seventy-two ounces of cocaine ingeniously concealed in a shipment of mining machinery brought from Hong Kong.

Louis Grant, an American business man of considerable prominence, has been arrested, charged with being implicated in the smuggling plot. and it is believed that several others are being closely watched by the special agents.

Twelve Dead in the Wreck. Spokang, Wash. - The number of

dead as the result of a headon collision of two electric trains on the Couer d'Alene & Spokane railroad Saturday evening totals twelve, and the number of injured about seventyfive. The wreck occurred at Coldwater Idaho, a small station twentyfive miles east of Spokane. Many persons from eastern states were on the trains, having come to Spokane to register for the Indian land opening. The official list of dead and injured

was given out Sunday.
