Women Suffer Agonies from Diseased Kidneys

And Most Women Do This Not Knowing the Real Cause of their Condition

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to "illness of their nerves." Usually the kidneys and bladder are responsible for this misery, and in such cases, the kidneys and bladder are the organs that need and must have relief.

These women, suffering with headache, aching pains in back, neck and limbs, are in a sad and all too common condition. It is a common mistake to believe that the kidneys are diseased because of the fact that they are not relieved of their burden.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated to be beneficial in all such conditions of female organs—affording the most prompt relief and permanent benefit.

As an illustration of what these Pills will do, Mrs. P. M. Bray of Columbus, Ga., writes that she was very ill with kidney trouble, and that she is now well—and that these Pills are what cured her. They are very pleasant to take, and can in no case, produce any deleterious effects upon the system—as syrup, alcoholic, liquid preparations are apt to do.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail post-paid. Do it to-day.

Wealthy Man, Forced to Go Hungry, Now Feels for Unfortunates.

"I've been in a good way tight place," said the New York broker, "but only once in a position which caused me to pinch up my belt, as the Indian does when his stomach begins to clamor for food."

"My wife and I recently took a trip up into Canada and out west, returning by way of Buffalo. When we reached that historic city I found myself suddenly and unexpectedly broke owing to a combination of circumstances which it is not necessary to relate. Of course we had our tickets home and I was anxious to get back at once, I had a few cents in change, so we took coffee and rolls before boarding the train, to avoid a dollar breakfast on the car. This sustained us satisfactorily and we regarded the matter as a good joke, which would furnish us a laugh all the way home. We took our seats in the car with just ten cents in my pocket as an available asset. When I am at home and busy my income is anywhere from nothing a day to a hundred thousand dollars a year, and we are rather good liver. As the day wore on, our habits began to assert themselves, especially when other people began eating. We thought about broiled quail, French artichokes, mushrooms on butter, asparagus salad, and other little luncheon items of which we were fond. Nothing doing."

"Would it be possible to get anything for ten cents at a station?" asked my wife. "I know there are people who spend only a few cents a day for their food. What are the necessities of life, anyway?"

"I decided to investigate, so at Albany I got off the train and made for the poorest looking lunch stand I could see. I wanted the largest quantity for the least money—a luncheon for two people. Meat, fruit, butter, eggs or coffee was out of the question. I confided in the proprietor. After considering deeply, he dragged forth from under the counter a basket of antique and decrepit soda biscuits and sold me six of them for a nickel. These, he assured me, would be filling. He supplemented them with two apples for the other nickel."

"Since that experience I have been contributing rather freely to all the societies that make a specialty of feeding people."

Rose Carter's Relief for Rheumatism and Neuralgia radically cured in 1 to 3 days. It acts upon the system in a remarkably safe and mysterious. It removes at once the cause and the disease permanently disappears. The relief is greatly benefited. The relief is sold by The H. K. Green Drug Co., Red Cloud, Neb.

As long as those who have money continue to spend it, we must keep having prosperity.

When the kidneys fail for any cause to perform their important work of passing off uric acid from the body, serious results will follow—at such times take a good reliable remedy—one that you can depend upon. Pinules are an excellent preparation for kidney troubles. They quickly relieve backache, weak back, rheumatic pains, etc. Sold by Henry Cook

DeWitt's Kidney and Bladder Pills FOR BACKACHE

PRODDED BY MUSIC

HOW MAJ. KENNON GOT WORK OUT OF THE FILIPINOS.

Band Aids Gave Impetus to Laborers' Zeal in Building the Famous Benguet Road Through Luzon Mountains.

Maj. L. W. V. Kennon, now commanding a battalion of the Tenth infantry at Fort Benjamin Harrison, in building the famous Benguet road through the mountains of northern Luzon, Philippine Islands, accomplished a feat called humanly impossible. It took music, money and a mongrel army of 4,000 men to do it, but Benguet road stands today one of the remarkable highways of the world.

Maj. Kennon's army of 4,000 road builders rested only on Sunday. For ten hours of each day they forged ahead. On Sunday they rested in their quarters, houses built on poles and grass. They amused themselves with dances, cards and games that appealed to the different nationalities. Maj. Kennon introduced music as one of the attractions along his lonely highway. He is known for his resourcefulness and he does not deny that he used music to get better work out of the pleasure-loving Filipinos and other Orientals. They did not like to work, and when they did it was with slow, sluggish movement.

One day Maj. Kennon decided to try music as an impetus to zeal. He assembled his band, made up of men of all nations, and ordered it to move quietly and secretly to a place where several hundred Filipinos were engaged in drilling holes in the canyon walls. The band stole up behind the slow-going drillers and suddenly struck up a favorite Oriental air. Instantly the Filipinos caught the spirit of the music and began to beat their drills against the rock in rhythm.

The result was more than a surprise to the resourceful Kennon. He kept that band busy after that. It followed the Filipinos along the way and played wherever they worked. From let-downs worth about ten cents a day he developed into a musical machine that would not drum beats. The Filipinos were so pleased that his band that they begged for Philippine government troops to be sent to them.

It has been said between Maj. Kennon and his relations on one side and the members of the Philippine government on the other side that the road would not be open by June 1, 1909. The army of the day was barely half way to the top of the road. Maj. Kennon proposed each man a dollar if they won the bet. The effect was good. The army of 4,000 bent to their work, there being a man to every ten feet of the road on the last leg into Benguet. On January 29 two days before the expiration of the wager, Maj. Kennon rode into Benguet in a carriage. There was a great celebration and every man in the Kennon army evoked a good cheer marked "The Kennon Special" and with a label bearing the major's signature.

The Meanest Trick.

"It's strange, strange, strange, that I can't find a thing or keep a thing in this house," said Mr. Podmore the other day. "It's all because of you loose, slack, unobtainable way of keeping house, Mrs. Podmore!"

"What is it now, dear?"

"The I don't see, but help me to find my hat. I lost it on the hall rail when I came by."

"Why, Henry?"

"That's what there's wrong with me in that little way, but help me to find that hat. I suppose I must wear my straw hat, and its raining like fury!"

"Henry Podmore, will you listen?"

"No, I'll not. When a man lays down his hat and can't find it—"

"Henry, that hat is on your head."

"What! Who put it there? This is some trick. I'd take my oath before any court in the land."

"Nonsense!"

"It's not nonsense! It's as true as that I live and stand before you, a tormented, worried, harassed man, who is ridiculed and made the victim of some mean, low trick in his own house every day. You'll hear more about this when I get home!"

Then he rushed out slamming the door after him.—Los Angeles Examiner.

Was Not Too Busy.

Lieut. Shackleton told an interesting story of politeness in the untrodden regions of the Antarctic. His party, he said, were always extremely good humored and polite, and one professor in particular attained a degree of politeness unusual under such trying circumstances. "Are you busy, Mawson?" he called out one night to another member of the party who was in the tent.

"I am," said Mawson.

"Very busy?" said the professor.

"Yes, very busy."

"If you are not too busy, Mawson, I am down a crevasse."

"The professor was found hanging down a crevasse by his four fingers, a position which he could not have occupied for any length of time."

The Reading Mask.

It has been discovered that the ancient volumes over which the student pores is full of germs; and some people say that the danger should not be faced without a silk and wire mask to fit over the mouth and nose. This reading mask is used in Paris.
