WESTERN WEBSTER

Mr. and Mrs. L. Daily visited Sunday at Rob. Hunsickers' C. L. Herrick and wife visited at O. B. Harvey's Sunday.

Ed. Grossman and family spent Sunday at Mrs. Edie Harvey's. Quite a number of Inavale people are in attendance at the Ak-Sar-Ben in Omaha this week.

Mrs. Belle Reed and son Riley and Miss Anna Reed left Monday night for an extended visit in Missouri.

Mr. and Mrs. Miller who came last week from Iowa to attend E. E. Harvey's funeral left Tuesday night for Wilsonville together with Mr. and Mrs. Litz who were also here. Mrs. Litz and Mrs. Miller are sisters of the deceased.

Elmer Harvey, whose death occurred on Monday of last week was laid at rest in the Riverton cemetery last Thursday. The funeral services were held at the house at eleven o'clock and were conducted by Rev. Noyce of Riverton. The singers were Rev. and Mrs. Noyce, Miss Carrie Cochrane, and Frank Cochrane. Elmer had been a resident of this county for more than thirty years and had hosts of warm friends. He leaves a wife and five children, three sisters and two brothers to mourn his departure. The sympathy of the entire community is extended to the bereaved family.

Selecting Seed Corn.

Now is the time to go into the corn fields and select the seed for next spring's planting. There are several reasons why seed should be selected at this time. A study of the growing ear on the stalk is very important. The contrast in height of stalk and height of ear will be found to reproduce in a marked degree from year to year. In eastern Nebraska four feet from the ground is a desirable height for the ear, while farther west in the state the distance will gradually diminish. The size and length of the shank should be taken into consideration. A large shank shows a lack of breeding and is usually accompanied by a large cob. A very slender shank will sometimes break and allow the ear to fall to the ground before it is picked. An upright ear is to be criticized, as rain enters the husks and favors rotting.

The stalk should be studied. A weak and slender stalk is undesirable. A stalk large at the base, gradually tapering indicates strength and vigor. Too much foliage is not desirable. Such a corn plant will make good fodder but does not usually produce the best ear. The maturity of the ear should be considered. Those showing early signs of maturity should be selected, even if they are a little smaller than other ears which are slow in maturing.

By going through the fields at this time and selecting three times more seed than will be needed, and hanging it up where it will dry out thoroughly, before freezing weather, will also insure seed with strong germinating power. During the winter the seed can be gone over carefully, and those ears having undesirable features and low germinating power can be thrown out.

Real Estate Transfers.

Red Cross Consumptive Camp.

Any person who is afflicted with tuberculous disease of the respiratory organs of a curable nature, and who has been a resident of this state for at least one year continuously preceding the application for his or her admission to a hospital under the provisions of this act, and who is without means to pay for hospital care and treatment, may be admitted to such treatment.

It is made the duty of each county in this state to bear the pecuniary burden of caring for the indigent consumptives within its borders at the rate of seven dollars per week, which shall include board, lodging, care and medical services.

Upon written application to the county judge, signed by the person seeking treatment or by some relative or friend, setting forth the name, residence and circumstances of such person, the county judge shall order a hearing and examine under oath such persons as may be required by him to establish the facts. If the county judge shall be satisfied that all the conditions are fulfilled he shall approve the application in writing and certify the same to the county board of that county. It shall thereupon be the duty of the county board to provide for the transportation of such person to some hospital in the state approved by the State Board of Health.

No person shall be cared for under the provisions of this act without a certificate from a practicing physician that such person is afflicted with tuberculous disease of the respiratory organs of a curable nature.
