Lincoln Has Corn Show.

One of the important features of the State Corn Growers' show, to be held in the Lincoln Auditorium January 17-21, will be an exhibition of wheat. Up to date corn has always had precedence in both local and national shows, but the Nebraska Millers' association, realizing the importance of wheat to the state, has decided to assist in a movement toward increasing its quantity and quality.

With this end in view the millers have arranged to co-operate with the Corn association and have offered a valuable trophy for the best exhibit of wheat, to be given at the annual show each year. Much of the widespread interest in corn throughout the state is due to the efforts of the state association. It is hoped that the society will be as successful with wheat.

In addition to the Millers' trophy several cash prizes for wheat exhibits have been offered. The Millers' trophy for sweepstakes, will be a large silver piece of a special design mounted on an ebony base. The base will be hollow and a sample of the winning exhibit will be kept in it and shown whenever the cup is on display. The trophy will be formally presented to the association at its annual banquet to be held in connection with the show. After this it will be awarded annually.
