

**-B-**

"I wished I had known of Chi-Namel before my floors were refinished" was an expression often heard among the many ladies who attended the Chi-Namel Demonstration at C. L. COTTING'S store. "I never knew that it was possible for a varnish to stand so much abuse and still be none the worse for wear. C. L. COTTING ought to do a good business with Chi-Namel and the patent graining system.

**CHAS. L. COTTING, The Druggist.**

Webster county captured two important offices at the meeting of the Central Nebraska Educational Association held in Hastings last week. County Superintendent Mable Day was elected secretary of the association and Miss Pearl Harris of Blue Hill was elected secretary of the declamatory committee. Webster county bows to the teacher's association and gives assurance that the confidence and honor conferred have not been misplaced.  
This office is pleased to acknowledge the receipt of a card and a copy of the "The Nagasaki Press" published in Nagasaki, Japan sent by Col. C. W. Kaley. We were very much interested in the newspaper and took the greatest delight in reading the supplement which was printed in the Japanese character. A good deal of the English was interesting on account of reflecting the life in that country. Mr. Kaley is apparently enjoying his trip around the world and being a careful observer of men and things will have much to relate upon his arrival home.  
**Married Men's Convention.**  
A convention of the married men of the town of Wilcox is hereby called to meet at 11:30 p. m. on Friday night on or before the full moon in March 1910 to form a society for the protection of married men, and to discipline those who have not conducted themselves according to the time honored customs of the town. Said meeting will be held in the parlors of the city Editor on the third floor of the Herald office. The following resolution will be introduced and discussed.  
Whereas the married men of Wilcox did in the early days of February 1910 welcome to our town the Hon. A. E. Yocum and take him into full fellowship, and have in all ways treated him as a friend and brother, and have had the utmost confidence in his character and conduct, it is with pain that we learn that he the said A. E. Yocum did on or about the 22nd day of March 1910 willfully and with deliberate intent, arise at the hour of 5 o'clock a. m. and did then and there proceed to fill the tubs, washing machine and other vessels usually used by women in doing family washing and then and there the said A. E. Yocum did perform the whole job of doing the family washing.  
Resolved, that he has violated every precedent practice and custom of the married men of the town of Wilcox, and is deserving the severest censure, and Resolved further that a committee be appointed to wait upon him and inform him of these resolutions and to exact such promises from him as shall prevent this custom from becoming general in this community.—Wilcox Herald.  
**Boost! Boost! Boost!!!**  
Word has been passed on the street to the effect that Fairbury desires to purchase our base ball franchise but we do not want to give up the idea of league base ball. Red Cloud can enjoy the game as much as Fairbury, Boston or New York and there is no reason in the world why we should not have real fast ball here.  
The uncertainty of the election in a measure worked against base ball enthusiasm but now that the election is out of the way the thing to do is for everybody to get into the harness and boost Boost for base ball, for the Red Cloud team and for Red Cloud City.  
Some have objected because there are evils connected with the game others that it is a waste of time and others that it costs money.  
If we wait for some form of activity to come along which is entirely free from evil we will wait till we are all transported to the celestial regions. Good men vote and some may wager that the vote was registered for or against a certain candidate and for that reason should everybody refrain from voting? Again, the time spent in attendance upon a good rousing ball game is an excellent thing for those tense nerves and those foul air polluted lungs. One good shout for the home team or a good play works wonders for the exhausted system. We need relaxation and recreation and base ball is an amusement in which all may judge.  
It does cost a little money but it is worth the price. Any kind of amusement for the whole people costs money but it is money well spent. No one need to fear that they will not get their money's worth this year because we will have a fast team and will be in fast company. Our team will be composed of gentlemen and the management intends to suppress any violation of the laws. Get into the band wagon and boost for base ball.

**Bring Your Husband with you to see The "FREE" Sewing Machine**

If he has worked with automatic locking desks, automatic shop machinery, or on the farm with automatic harvesters,  
**He will appreciate**  
**FREE.**  
He will not want you to sew for the family with a machine which hasn't been improved to speak of for 25 years. Both of you will be enthusiastic about such improvements as:-

The "Rotoscillo" Movement	The Rotary Spool Pin
The Automatic Shuttle Ejector	The 8 Sets of Ball-Bearings
The Automatic Locking Drawers	The beautiful French leg design which does not show dust
The Automatic Tension Release	and scores of other points.

**FREE is the Only Insured Sewing Machine!**  
The Free Attachments are of the best make. Come and see it.
