

April stole a march on March and arrived first this year. We have been April fooled.

The Riverton school house has been condemned by state authorities as being unsafe and unsanitary. Take no chances, gentlemen, build a new one.

This year's crop of home grown, hand picked peaches promises to be up to standard as to quality. No one has been bold enough yet to suggest that the quantity will be excessive.

The Bladen Enterprise failed to arrive this week. We understand that editor Woods has taken to the tall timber and the owners were unable to get the edition out on short notice.

Up at McCook the mayor has issued a clean up proclamation. Everybody is to be busy for one whole day cleaning up paper and rubbish. After which the city will maintain a wagon which will be used in hauling off all accumulations on the street. Broken glass and stray nails seem to effect horses and autos there as elsewhere.

We are pleased that Bro. Hosmer also has advocated dividing the city into three wards. There are many good reasons why this should be done. The town is big enough, it is scattered enough to cause diverging interests, the city would be better served and the cost would be nominal. By all means let us divide up the city and create ward number three.

We understand that a movement has been started toward organizing a gymnasium and reading room for the young men. The beginnings will be modest but can be made very effective and may result in an organization that will meet the needs of the whole people. At any rate we hope so and wish the undertaking success from the start. Youth must have activity and gymnastic exercises are as good an occupation as has yet been discovered.

Considerable interest is being manifested over the state in regard to removing the capital from Lincoln. So far it has served only an excuse for lengthy editorials yet the Commercial Club at Grand Island assumes to take the question seriously and are chipping in ten to twenty cents per member to get the capital located in that progressive town. As a spot where the state officials would be unmolested by any noise or disturbing influence how would Superior do?

Down at Red Cloud before the election the saloons had subscribed quite a large sum of money to help defray the expenses of the base ball team and after the town went dry they, of course, would not be in business and could not pay their subscription. The W. C. T. U. ladies of that place came to the rescue and raised \$600 for the ball team.—Bloomington Advocate.

No doubt the W. C. T. U. would be pleased if conditions were such that they could say that the above were true but the fact is Bro. Crane the ladies of the entire city united in giving a big dinner and supper for the benefit of the base ball team. No one organization was represented more than another. Every ism or clique turned out en masse and with one accord gave the boys a boost.

The county commissioners publish their full proceedings of every meeting and why should not the city council and the board of education do the same? We know there is no law authorizing this to be done but we are confident that the taxpayers would willingly permit those officials expending an insignificant sum for that which would give them full and complete accounts of all transactions. Much of the misunderstanding of current conditions is caused from the fact that the people do not know what is being done and what is learned is often distorted and twisted beyond recognition. We believe that there should be the fullest publicity possible given to all acts of public officials. This would not only protect the public but would also protect the officials themselves from being misunderstood or misquoted.

**Doings of the District Court**  
 Bernard McNery vs. Ambrose E. Campbell. Joshua Rushton substituted as plaintiff. Given leave to amend petition by interrelation. Defendant given 10 days to answer, plaintiff 1 day to reply. Motion for security of costs confessed bond filed and order as to pleading repeated.

Grade 7. Number taking part 22. Average standing 87. Highest standing: Paul Polnichy, Bertha Osborn, Marjorie Caldwell, Blanche Boner, Laura Meyer, Alison Cowden, Bula Eric.

**Widow's Pension.**  
 The recent act of April 19th, 1905 gives to all soldiers' widows a pension of \$12 per month. Fred Maurer, the attorney, has all necessary blanks.

**Shall We Lose Our Creamery.**

A creamery equipped with all the modern machinery for making first class butter located right in the center of a dairy country and not turning a wheel for months, is a sad condition of affairs. Yet such a crippled industry is to be found within the confines of Red Cloud.

Our merchants have been importing creamery butter and upon investigation we found that the creamery in which we took so much pride is as silent as a grave yard. No butter is being manufactured here and an investment of \$6000 is allowed to remain dormant and unproductive.

Has the company gone into the hands of a receiver? Hardly the last statement showed a healthy surplus. Can it be there is no more cream? On the contrary there is a steady gain in the amount of butter fat produced in and around this city. The reason no wheels are turning is because Crooked Creek has been diverted and the association no longer has any method of disposing of the waste. The records show that the creamery association paid into the city treasury the sum of \$400 for erecting a dam in order that the creek could be forced into its old channel. This amount was paid with the understanding that the city keep the dam in repair. In fact a contract was entered into whereby the city of Red Cloud agreed to maintain this dam. Unfortunately high water washed away the dam and in the meantime a new set of officials were serving the city. These officials claim that the contract is illegal and refuse to replace the dam. The association is willing to rebuild and maintain the dam provided the city refund the \$400. This the mayor will not do and there the matter stands.

Whether the contract is legal or not there is no question but what the \$400 was paid to the city and there is no question but what the dam was built under the direction of the city and it would seem that the fair thing for the city to do is to either fix dam or refund the \$400.

In the meantime the association is receiving offers for the building and machinery from surrounding towns and unless something is done this property will be sold and removed. Can Red Cloud afford to lose an enterprise which has a gross income of from \$10,000.00 to \$60,000.00 a year? In place of dreaming about big things to come let us first conserve the resources which we already have. Here is something for our Commercial Club to take up and settle. Or perhaps the merchants and enterprising citizens could handle it to better advantage. Something must be done and done without unnecessary delay or Red Cloud will lose a valuable industry.

**Hair Health**  
 If You Have Scalp or Hair Trouble, Take Advantage of this Offer

We could not afford to so strongly endorse Rexall "93" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "93" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer. Therefore, when we assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "93" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about. Out of one hundred test cases Rexall "93" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads, when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless. Rexall "93" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water. Our faith in Rexall "93" Hair Tonic is so strong that we ask you to try it on positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can afford no stronger argument. It comes in two sizes, prices 50 cents and \$1.00. Remember you obtain it only at our store.—The Rexall Store, The H. E. Gries Drug Co.

**THE Chicago Specialists!**  
 Chronic and Serious Diseases, Only PERMANENT CURE  
 Red Cloud,--Royal Hotel  
 Consultation Free, in German and English.

Thursday, May 5th, 1910
