# Who Are the United Doctors?

### Some Information About the Specialists who will be in Red Cloud on Tuesday Afternoon, Sept. 13th.

Since the announcement has been made in these columns that the Chief Consulting Physician of the United Doctors, who have their permanent Nebraska Institute located on the second floor of the Neville Block, corner 16th and Hayes Sts., Omaha, Nebraska, would pay a short visit to the Royal Hotel at Red Cloud the question has been asked many times: Who are the United Doctors and what do they do? The answer is this:

The United Doctors, as the name implies, is an association of expert medical specialists who have united to organize a new school of medicine: a new and more scientific and positive system of curing human ailments. For centuries, the world has been full of different "cults" and "isms" of medicine. We had the old root and herb doctor with his bitter potions; the allopath with colonel and quinine in heroic doses; the Electric without his colonel; the Osteopath and the Christian Scientist. We were doctored by heat, by electricity, by baths at the Hot Springs and by a multitude of men and methods. Some of the patients were cured, some died who should have been cured. It was impossible for the ordinary person to say which method of treating diseases was the best, and the physicians of the various schools were so biased that they could see good only in their own methods; all others were necessarily bad. Evidently there is good in all of them, for they all cured some cases. Also there is bad in all, for they all failed at times and allowed misery to remain or death to come where a cure should have been effected.

A tremendous stride forward was made, when the association of the United Doctors was formed. The founders of this association consisted of eminent specialists from the various schools of practice, Eclectics Homopaths, Allopaths, Regulars and Irregulars, met and agreed to drop their prejudices and form a new system of treatment, which should embrace all the good points of the old methods and leave out the bad. The result of the efforts of these world famous specialists of the various schools, was the wonderful treatment now being used by the United Doctors. All of this was not accomplished in a day or two, but has taken years of patient work by those specialists in their great institutions in the east; Homeopaths Eclectics, Allopaths, all working side by side, each throwing away his old ideas when he was convinced there was something better, until at last, out of the old chaos and confusion, came the new and perfect system, as it is now used by the United Doctors.

The cost of these specialists was great not only in the labor of forming the new system of treatment but also in the effort it cost them to ignore their prejudice in favor of the various schools in which they were originally educated. But their record has been great in health and happiness restored to hundreds and thousands who were going to their graves in misery, pronounced incurable by old methods. The wonderful new system of medicine has cured thousands of cases of chronic diseases of the liver, kidneys, skin, heart, lungs, bowels and stomach, including rheumatism, paralysis, neuralgia, appendicitis, gall stones, piles, rotter, rupture, diseases of women and diseases of men, which have been pronounced incurable by other doctors.

Louis Demola, a prosperous farmer living on R. R. No. 7, Plattsmouth, Nebraska, says that for twelve years he has been treating with his home doctors, those in Council Bluffs, Iowa, and the best ones in St. Paul, Minn. He took the baths at Lincoln, Nebraska, and even went clear to Hot Springs, Arkansas, all of which gave him no relief. In speaking of his case he says: "I went to the United Doctors. They told me more about myself and disease in ten minutes, than all the other doctors put together in all the years before.

Now my stomach gives me no trouble, I eat anything and digest it perfectly; my kidneys are better and my rheumatism is improving so rapidly in this short time, that I am sure my recovery will be complete."

H. C. Carlson, of Nausa, Nebraska, says: "I am now as well as I ever was in my life. When I commenced treatment with you, I was barely able to walk, such was the pain I had. Now, after taking your treatment for five months, I enjoy perfect health."

Mrs. Alice Griswold, of 1619 Frederick street, Omaha, Nebraska, says she had appendicitis in a very severe form. She did not believe she could be cured without a surgical operation, but took the United Doctors treatment with little hope. After the first two or three doses she began to feel better and in less than a month was entirely cured, and has had no return of the trouble since.

These people were cured in their own homes, without surgical operation and they are only a few out of the thousands who have been cured by the United Doctors, at their various institutes throughout the United States. Those specialists have hundreds and thousands of testimonials from cured patients on file at their offices. Anyone interested in any particular disease can secure the names of patients who were cured of that disease by writing to the United Doctors at their Omaha institute. These testimonials are from responsible people of Nebraska and were given voluntarily out of the gratitude of their hearts so you can believe implicitly what they tell you.

It is this wonderful all home treatment that the United Doctors are bringing to Red Cloud on Tuesday afternoon September 13th 1910.

If you are skeptical, write to the United Doctors for the names and addresses of patients whom they have cured and you will be furnished with as many as you may desire to investigate.

Remember, the United Doctors will be here but one half day and while here will receive patients at the Royal Hotel.

If you are sick and suffering and want to be made well and happy, call on the doctor when he comes to Red Cloud.
