PRAIRIE DOGS.

We usually write our own ads., but will let a user of "Rough on Rats" for extermination of Prairie Dogs write this one. Mr. H. B. Mosely, a ranchman, under date of Feb. 4th, 1911, writes as follows from Hill Top, Douglas Co., Colorado: He says: "I have read your advertisement of 'Rough on Rats;' it not only reads good but it is good. I have been troubled twenty years with Prairie Dogs; have used many so-called exterminators to no purpose. Not long since I used a poisoned wheat, prepared by an expert who had made it a study for years, but it did no good for me; they ate it, but chirped for more. The 'Dogs' were eating chirped for more. The 'Dogs' were eating wit's end what to do; I could the small 15c. size here of 'Rough on Rats.' I mixed it with corn and applied; many of them chirped no more; mixed it with corn meal and placed it on days not windy, near their holes. 'Rough on Rats' is by far the best thing I have tried, but I fancy I am using it unnecessarily strong, or you may suggest a better way than I know to mix or use it. est (75c.) size; could you send me the 75c you should make it better known to

ASTONISHED THE "OLD MAN"

His 'Rah-'Rah Son by No Means the "Dude" He Had Hitherto Seemed to Be.

The new governor of a western state has two sons. One is big and husky like his father, but the other is more slight; and at times he rather vexes his father by his affectation of 'rah-'rah-boy clothes and a general air of lassitude and dudishness.

The two sons and the father were in the library one night and the name conversation. The 'ral-'rah boy had been sitting by, twiddling his thumbs, but his ears pricked up at the man's name and he drawled: "I rather like that chap. He's all right."

By Mother's Food and Drink. Many babies have been launched into life with constitutions weakened by disease taken in with their mothers' milk. Mothers cannot be too careful as to the food they use while nursing their babes.

The experience of a Kansas City mother is a case in point: "I was a great coffee drinker from a child, and thought I could not do without it. But I found at last it was doing me harm. For years I had been troubled with dizziness, spots before my eyes and pain in my heart, to

which was added, two years later, a chronic sour stomach. "The baby was born 7 months ago, and almost from the beginning, it, too,

suffered from sour stomach. She was taking it from me! "In my distress I consulted a friend of more experience and she told me to quit coffee, that coffee did not make good milk. I have since ascer-

tained that it really dries up the milk. "So, I quit coffee and tried tea and at last cocoa. But they did not agree with me. Then I turned to Postum with the happiest results. It proved to be the very thing I needed. It not only agreed perfectly with baby and myself, but it increased the flow of

my milk. "My husband then quit coffee and used Postum and quickly got well of the dyspepsia with which he had been troubled. I no longer suffer from the dizziness, blind spells, pain in my

heart or sour stomach. "Now we all drink Postum from my husband to my seven months' old baby. It has proved to be the best hot drink we have ever used. We would not give up Postum for the best coffee we ever drank." Name given by Postum Co., Battle Creek, Mich.
