The Doctor's Question

Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 percent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Rexall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Rexall Orderlies are eaten like candy, they act quietly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store. The H. E. Grice Drug Co.

part of the great alfalfa and corn belt were beginning to consider the question of raising some cattle. This he said had been prompted by the great advance in the price of stock cattle in recent years. While that is not so much of a grazing country as some other parts of the corn belt, it is the great alfalfa district, where an abundant amount of feed is raised. Mr. Sherer thinks there is no doubt but what the next few years will show an increase in the number of cattle raised.—Kansas City Drover's Telegram.
