**The Birthday Gift**

The practise of gift-giving at Christmas time is a modern fashion a habit. There is nothing in the original significance of Christmas to even remotely suggest a gift. It is nevertheless a beautiful idea.

A much more expressive and consistent gift is a Birthday or other anniversary gift. The anniversary is hers, or his very own--Christmas is everybody's. There is a distinction in the anniversary gift--a compliment that the Christmas gift lacks.

Give her, or him, or them, mother, sister, wife, father, brother, husband or friend--a gift on an anniversary and it means something. Make that day the happiest of the year.

Our stock offers articles of use and beauty suitable for all gift occasions, qualities unsurpassed and something at a price you can afford.
