Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases.

#### OFFER THEIR SERVICES FREE OF CHARGE

The United Doctors, licensed by the state of Iowa for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine.

All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality that at last treatments have been discovered that are absolutely sure and certain in their effect.

These doctors are considered among Americas leading stomach and nerve specialists and are experts in the treatment of all chronic diseases and so great and wonderful have been their cures that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long-standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call.

### BEST RATTLESNAKE REMEDY

Strychnine is the Only Positive Antidote for a Big Injection of the Poison.

Strychnine is probably the only positive antidote for a big injection of rattlesnake toxin, a bite or rather stroke such as a four-foot snake would inflict on the fleshy part of the body, as the calf or thigh. For such a bite, carrying as it does half a teaspoonful or more of venom deep into the flesh, all ordinary cures are unavailing. Hypodermically injected, however, in sufficient quantities surely to kill the patient were he not suffering from the snake poison, strychnine is a certain counteragent. The greatest danger is said to be in administering too little strychnine. As a matter of fact but few even of skilled physicians have enough knowledge of the subject to be able to act with any assurance in administering strychnine in such cases. That rattlesnake poison and strychnine are exact opposites has been shown by experiments in which animals dying of strychnine inoculations have been cured by injections of the snake venom.—Popular Mechanics.

### FINGER PRINT WAS ENOUGH

Guilty Peach Thief Thought It Was a Picture of His Corduroy Trousers, and Confessed.

All his ripe peaches had departed, disappeared, deserted. Some thief in the night had played havoc among the forbidden fruit, and Professor Pumpernickel could find no clue but a finger print left on an unripe specimen. Nevertheless, it was something, and he had his suspicions. Forthwith, the professor made an enlargement and shortly after met the suspect, "Ab, Jake," he said, "did you know someone robbed my garden the other night?" "Did 'em, zur?" returned Jake innocently. "Yes," nodded Professor Pumpernickel; "but the thief left his mark behind, so I'll easily trace him." He produced the enlargement. "Do you see that?" Jake's knees began to quiver. Then he burst into floods of anguish. "I see it ain't no good, zur!" he sobbed. "I took the peaches righternuff! But—it—it fair heks we 'ow yer got that plecter o' my corduroy trousers."—Answers.

### The Conundrum Club.

It was during the prune course at the boarding-house breakfast table. The thin man spoke: "I've got a new one this morning. Why is a one-cent stamp like a sleep?" "Because," began the stenographer with her eyes on the ceiling. "No, that's not the reason," said the thin man. "My guess is because a sale make it go," suggested the fat boarder at the end of the table. "Very good," said the thin man, "but not the correct answer." "Well, we give it up," came in chorus. "Because it's a single sticker," said the thin man as he began to dodge things.—Yonkers Statesman.

### The First Club Sandwich.

A New York lawyer claims to have discovered the first club sandwich, which is now the popular tasty of every tea room. He found it down in New Mexico ten years ago. He stopped at a small town and not being on the train with a dining car, went into the little eating place and ordered a dozen sandwiches, half of which were to be ham and half tongue. After he had boarded the train and opened the package, he found the order carried out to the letter. Every sandwich had a filling of one slice of ham and one slice of tongue. But the inventor of these sandwiches was not so far out of the way.

### A Clear Case.

"I don't very well see," said the lawyer, "how you can sue your husband for a divorce on the score of desertion when on your own account he has been living quietly at home all the time?" "You don't, eh?" retorted the indignant would-be plaintiff. "Well, if it isn't desertion for a man to take a taxicab to the club and deny that he is related to her, just because his wife has been arrested on the dock for smuggling, I don't know what desertion is!"—Harper's Weekly.

### KITCHEN FURNISHINGS

IT IS not many years since "Kitchen Furnishings" would have been a ridiculous phrase, for at that time there were no conveniences in kitchen furnishings. But today there are cabinets, ranges and various articles that help to make a back number of the old adage "Womans work is never done".

#### The Place to Buy Your Hoosier Kitchen Cabinet and Scotch Linoleum.

We wish to call your attention to a few facts about our Scotch Linoleum. **FIRST** It is far more plyable than the Linoleum made in this country. **SECOND** It is still plyable in cold weather. **THIRD** It does not roll or hump up in creases. **FOURTH** The predominating color of the pattern goes through to the back while the domestic Linoleum will crack more easily and the pattern wears off twice as quick and leaves you a dusty red floor covering.
