If you are a kicker and see the shadow of failure in everything that is proposed to help the town, for heaven's sake go into some secluded canyon and kick your own shadow on the clay bank, and thus give men who are working to build up a town a chance. One long-faced, hollow-eyed, whining kicker can do more to keep away business and capital from a town than all drouths, short crops, chinch bugs, cyclones and blizzards combined.
The revival meetings at the Congregational church closed Sunday night, being Easter the Knights Templar attended in a body uniformed and Rev. Cressman delivered the sermon on the resurrection which was illustrated by large paintings. The singing by the

The continual threat that they will be shut off has become tiresome and they want to know just what they can expect from the city.

How To Tell If Your Hair Is Diseased
Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 percent of the people need a hair tonic.
Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.
We want every one whose hair requires treatment to try Rexall "93" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.
It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store —The Rexall Store, The H. E. Grice Drug Co.
