**Loss of Time means Loss of Pay**

Kidney trouble and the ill it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ill. For sale at Henry Cook's drug store.

### Clarence E. Harman for Railroad Commissioner

Clarence E. Harman ought to receive the vote of every Democrat and People's Independent in the county for railway commissioner at the coming primary. Mr. Harman's father was one of the first Democrats in the Republican valley, and Mr. Harman himself, although now a resident of Holdrege, has never ceased to be loyally identified with the party and this county.

Mike Harrington has been seeking to arouse opposition to Mr. Harman by charging him with being the candidate of the railways. There is not a bit of truth in the charge, and Mr. Harrington exhibits the low esteem in which he holds the intelligence of the people. There was a time when such a charge against a candidate had some force. When candidates were selected by conventions, and the delegates to the conventions rode on passes furnished by the political attorneys of the corporations, there was reason for suspicion and a basis for a charge of railway influence against a candidate. But the railways furnish no passes now, have no political attorneys, and hold no conventions. They are out of politics for their own and the country's good. Neither is

any candidate silly enough to tie up with the railways. Mike ought to travel with the times. Nobody has seen the cloven hoof of the railway corporations in politics since the passing of the conventions. To make such charges as Mike Harrington makes against a candidate before the primary election indicates conflagration of the gray matter in his head. Only petrification of the nervous tissues can account for accusations of railway leanings against present day candidates.

**Many a Suffering Woman**

Drags herself painfully through her daily tasks, suffering from backache, headache, nervousness, loss of appetite and poor sleep, not knowing her ill is due to kidney and bladder troubles.
