COTTON BILL PUT THROUGH THE HOUSE WITH EASE.

NOT AN AMENDMENT OFFERED

Three Nebracka Republicans Give Sup port-Underwood Springs Coup on the Free List Bill.

Washington .- Supported by all the democrats and by thirty insurgent republicans the democratic tariff bill, tion for the old soldiers, the third of the big revision measures brought forward by the democratic house of representatives, passed that body by 202 to 91. The bill cuts the average tariff on cotton manufactured goods from 48 to 27 per cent ad valorem, a 21 per cent reduction in duty that the democratic leaders estimate

to reduce revenue by about \$3,000,000. Not an amendment was offered to the bill, although the republicans attacked it vigorously on account of alleged increases in certain items over the rates of the Payne-Aldrich tariff law. Scarcely had the cheers that greeted the passage of the cotton revision bill subsided when Democratic Leader Underwood, calling up the free list bill as it passed the senate a few days

ago, accomplished a strategic move

which surprised the republicans. He

asked for a conference on all the amendments to the free list bill, except that of Senator Gronna of North Dakota, putting cement on the free list. He urged that the house accept that amendment, adding to it lemons.

Nothing Doing but Talk. The following is told of a federal official, formerly a senator of the United States from Kentucky. In the days of his youth the Ken-

terms of the duel. But, although he faithfully performed this duty, the duel never took place. A murmur of "Why not?" invariably, goes round whenever this story is told, whereupon the answer is as fol-
