SENATORS GETTING EAGER FOR EARLY ENDING OF CONGRESS.

FLOODS WILL COST \$10,000,000

Thirty Thousand People Homeless-Tariff Bills Still Pending-Gov. Wilson Victim of Theft-

Miners Hopeful.

Washington. - Senators and representatives are becoming impatient over the senate's delay on the tariff, appropriations and other important legislation, but the leaders, figuring that the ways can be cleared quickly on emergency, express confidence that congress can adjourn before the national party conventions in June. Republican Leader Penrose has agreed with the democratic and progressive republican leaders that the house steel bill shall be called up week after next, be made the unfinished business and that prompt action shall be taken on all pending bills in order to facilitate adjournment.

Floods Cost Many Millions.

St. Louis .- Thirty thousand persons homeless, two thousand square miles of country inundated, thirty persons drowned and a financial loss of \$10,-000,000 constitutes the result of the two weeks' flood in the Mississippi valley. These figures have been arrived at by government engineers and officials of state leven boards engaged and milk seven cows, getting good in battling the ravaging sweep of the Mississippi river from points in Illinois to threatened places in Mississippi and Arkansas. Water is pouring into Arkansas through three new breaks in the levee south of Memphis. These gave way Sunday and several hundred square miles are subject to flooding.

Gov. Wilson's Private Papers Stolen. Chicago .- Thieves, apparently with political affiliations, broke into the rooms of Governor Woodrow Wilson of New Jersey at a downtown hotel Sunday and stole a suitcase full of private correspondence and papers belonging to Governor Wilson. The robbery occurred while Governor Wilson was at the rectory of St. Mary's church at luncheon with Rev. P. J. O'Callashan and other priests of the Paulist order. The theft was discovered when Governor Wilson returned to his hotel.

Miners Anxious to End Strike.

Those who are wondering why the humber of Americans going to Canada year by year increases in the rates that it does, would not be so surprised were they to accompany one of the numerous excursions that are being run under the auspices of the Government from several of the states, and remain with the settler until he gets

onto the free homesteads, which, as stated by Speaker Champ Clark, in the U. S. senate the other day, comprises 160 acres of the most fertile soll and with remarkably easy settlement conditions. Then watch the results, whether it be on this free homestead of 160 acres or on land which he may purchase at from \$15. to \$20. per acre, fully as good as the \$100. and \$150. per acre land of his native state, and which his means will not permit his purchasing. On the part of the members of the U. S. Senate and Congress there is nothing but praise for Canada. Canadian laws and Canadian lands although the reasonable desire is shown in their remarks, that they pass legislation, (which is very praiseworthy) that will make the land laws of the United States much easier.

It is the success of the American settler in Canada that attracts others, and when experiences such as the following are related to the friend "back home" is it any wonder that increased interest is aroused and a determination arrived at, to participate in the new-found way up in Canada that means wealth and health and all that accompanies it.

William Johnston, who formerly lived at Alexandria, Minn., settled in the Alberg District near Battle River and in writing to one of the Canadian Government agents, located in the United States says: "We have had no failures of crops during our nine years in Canada. I threshed 1208 bushels of wheat and 1083 bushels of oats in 1911. off my 160 acres. This is a beautiful country. I keep six good work horses prices for butter and eggs. We get our coal for \$2.00 per ton at the mine. about one mile from the farm. Am about one and a half miles from a fine school. As for the cold weather it is much milder here than in Minnesota, where I lived for 21 years. Our well is 35 feet deep and we have fine wa-

ter. Wild land is selling for \$18. to \$25. per acre. Improved farms are much higher. I am well satisfied with the country, and would not sell unless I got a big price, as we have all done well here.'

Good reasons to account for the number going to Canada.

TO DEVELOP ALASKA GUGGENHEIMS WANT TO OPEN UP COAL FIELDS.

EL PASO BRIDGE IS BLOWN UP

Destroyed by Dynamite Explosion-Want to Develop Coal Resources of Alaska-Life Lost in Omaha Fire.

Washington.-President Taft gave hearing on Alaska and the prospects for its development to Senator Guggenheim of Colorado, his brother. Daniel Guggenheim, and several experts of the Guggenheim company Secretary Fisher was present and Vice-President Sherman, at the invitation of the president, was an interested listener. The Guggenheims were anxious to know, it was said. what might be expected in the way of legislation that would allow the development of Alaska's natural resources and in particular the coal. They control the Copper River railroad, planned to tap the Bering coal fields. For this road there is now practically no traffic, and the opening of the coal mines would insure big tonnage. They were reported interested also in Secretary Fisher's plan to build a government railroad in Alaska. This road, if built, would not compete with the Copper River road

Dynamite Mexican Railroad Bridge.

El Paso, Tex .--- The Mexican & Northwestern railway bridge spanning the Rio Grande river between El Paso and Juarez, known as the Corralitos bridge, was blown up by a terrific dynamite explosion Friday night. Investigation of the bridge reveals that only a small portion of the woodwork was destroyed and the railway track was not injured. Sentries at the Mexican side of the bridge declare that the parties who made the attempt to destroy the bridge ran off on the American side with the cy of "viva Madero." The bridge will be easily repaired. There were two explosions, apparently about ten minutes apart. All street car traffic between this city and Juarez has been suspended since the explosions.

LaFollette Scores Opponents.

Lincoln .-- Senator LaFollette spared neither Roosevelt nor Taft in his address at the auditorium Friday night. but gave chief attention to the former. Of Roosevelt, he declared the impartial historian would write that he failed of his duty while president in that he put not a single one of the 149 trusts out of business and that he ignored the disease behind such unhealthy business conditions, the Dingley tariff law. Of Taft he charged that he had repudiated his plighted word to the American people when he said that the tariff must be revised downward and had then signed the tariff bill which had been presented to him by Joe Cannon and his followers in the house and Nelson A. Aldrich and the finance committee of his appointing in the senate.

THE PEEVISH CHILD NEEDS TREATMENT

When a child sulks drowsily, or is fretful, it is usually due to some slight disorder of the digestive organs, and a mild laxative is very often all that is necessary to restore cheerfulness and buoyancy of spirits.

In cases where the use of a gentle, effective laxative stimulant is indicated, many of the best physicians are now prescribing Dr. Caldwell's Syrup Pepsin. This preparation is admittedly the perfect laxative, being mild, yet positive in its action on the bowels, and far preferable to violent cathartics and purgative waters. It is very pleasant to the taste and is an ideal remedy to regulate and strengthen the stomach, liver and bowels. Its easy, natural action makes it especially desirable in the case of children, a doso at bed-time being sure to have the desired result next morning, with no attendant unpleasantness or discomfort. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere in 50c and \$1.00 bottles. If you have never tried this splendid remedy, write to Dr. W. B. Caldwell, 201 Washington St., Monticello, Ill., for a sample. He will be very glad to send a trial bottle with out any expense to you whatever.

Tribute to Dead Senator.

Nashville, Tenn .--- The people of western and middle Tennessee paid their final tribute to the memory of "Fiddling Bob"-Senator Robert L. Taylor-Thursday. Through the hall of the house in the state capitol thousands of persons walked past the body of the senator, who succumbed in Washington Sunday. Nashville suspended all business and the capital gave itself over to providing for the thousands of people who came to witness the ceremonies in final honor to the man who had twice been governor of the state and then a federal senator.

Pension for Injured Girl.

Washington .- The senate spent almost an entire session discussing whether it should allow \$75 or \$50 a month to Alice V. Houghton, a former government clerk, who was accidentally scalped by machinery in the census office a year ago. After a three hour debate, in which half the senators present participated, \$50 was allowed.

RASH ALL OVER BABY'S BODY

Itched So He Could Not Sleep

"On July 27, 1909, we left Boston for a trip to England and Ireland, taking baby with us. After being in Ireland a few days a nasty rash came out all over his body. We took him to a doctor who gave us medicine for him. The trouble started in the form of a rash and was all over baby's body, head and face, at different times. It irritated, and he would scratch it with all his might. The consequence was it developed into sores, and we were afraid it would leave nasty scars on his face.

"When we reached England we took baby to another doctor, who said his condition was due to change of food and climate, and gave more medicine. The rash got no better, and it used to itch and burn at night so bad that the child could not sleep. He was completcly covered with it at different times. It was at this time that my mother advised us to try Cuticura Soap and Ointment. After using Cuticura Soap and Cuticura Ointment for about nine months the places disappeared. There are not any scars, or other kind of disfigurement, and baby is completely cured by the Cuticura Soap and Ointment. We have no further trouble with baby's skin. Nothing stopped the itching, and allowed baby to sleep but Cuticura Soap and Cutleura Olatment." (Signed) Mrs. Margaret Gunn, 29 Burrell St., Roxbury, Mass., March 12, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to Cuticura," Dept. L. Boston.
