Heavy Earthquake Shocks Recorded In Kansas - Americans Take Olympic Games-Increased Harvest in Nebraska.

New York. - Arrangements have been completed for the proposed progressive convention that is expected to nominate Theodore Roosevelt for president of the United States, and it was announced that the official call for the gathering would be issued at once by Senator Dixon, the colonel's campaign manager. The convention, it is said, probably will be held in Chicago, beginning August 6, and Colonel Roosevelt will attend. While the contents of the call were carefully guarded, it was said that the leading plank in the tentative platform would be "Thou shalt not steal." A section will declare against free trade, while several paragraphs will denounce the

Situation Improved, but Further Work Is Needed to Stamp Out Tuberculosis.

Only four states, Mississippi. Nevada, Utah and Wyoming, have no beds whatever in special hospitals or wards for consumptives. Eight years ago when the National Association for the Study and Prevention of Tuberculosis was organized, there were 26 states in which no hospital or sanitorium provision for consumptives existed, and the entire number of beds in the United States was only 10,000.

"While these figures would indicate a remarkable growth in anti-tubercu-losis activity," says Dr. Livingston Farrand, executive secretary of the National ascociation, in commenting on the subject. "there are still practically ten indigent consumptives for every one of the 30,000 beds, including those for pay patients. In other words, we have from 250,000 to 300,000 consumptives in this country too poor to provide hospital care for themselves. GOOD NIGHT'S SLEEP No Medicine So Beneficial to Brain

and Nerves.

Lying awake nights makes it hard to keep awake and do things in day time. To take "tonics and stimulants" under such circumstances is like setting the house on fire to see if you can put it out.

The right kind of food promotes refreshing sleep at night and a wide awake individual during the day. A lady changed from her old way of eating Grape-Nuts, and says:

"For about three years I had been s great sufferer from indigestion. After trying several kinds of medicine, the doctor would ask me to drop off potatoes, then meat, and so on, but in a few days that craving, gnawing feeling would start up, and I would vomit everything I ate and drank.

"When I started on Grape-Nuts, vomiting stopped, and the bloated feeling which was so distressing disappeared entirely.

"My mother was very much bothered with diarrhoea before commencing the Grape-Nuts, because her stomach was so weak she could not digest her food. Since using Grape-Nuts food she is well, and says she don't think she

could do without it. "It is a great brain restorer and nerve builder, for I can sleep as sound and undisturbed after a supper of Grape-Nuts as in the old days when I could not realize what they meant by a 'bad stomach.' There is no medicine so beneficial to nerves and brain as a good night's sleep, such as you can enjoy after eating Grape-Nuts." Name given by Postum Co., Battle
