U. S. WILL DECLINE

IS EXPECTED TO REFUSE TO ARBITRATE.

PARCELS POST BY JANUARY FIRST

Department Will Be Ready in Three Months—Model Prisoner Goes Free—Funeral of Gen. Booth.

Washington.—Although the state department will authorize no statement to that effect, it is expected that the administration will decline to permit the question of the right of the United States to relieve its own shipping from tolls in the Panama canal to go to arbitration. This position of the government, it is said, may not be developed fully for some time. While the British protest intimated a purpose to demand an arbitral decision in the event that a more careful study of the Panama canal toll act bore out the impression conveyed by the first reading, that it is in violation of the Hay-Pauncefote treaty, if the usual course in diplomatic exchange is followed, there must be many arguments and counter arguments submitted on both sides before the resources of diplomacy would be exhausted, thus warranting a demand for arbitration.

Parcels Post by January 1. Washington.—An announcement was made by Postmaster General Hitchcock Thursday that the postoffice department would be in readiness on January 1, 1913, to put into general operation the recently authorized parcels post system. The postal express business, which must be organized within the next four months, will extend over more than a million miles of rural delivery and star routes and will cover in its various ramifications all systems of transportation of parcels now utilized by private express companies. The details of the parcels post system will be worked out by a series of committees composed of officers and experts of the department under the personal direction of Mr. Hitchcock.

PARDON WHILE IN LINE.

Governor Dix Frees Prisoner at Exhibition Drill.

Elmyra, N. Y.—Henry Rappelye, a model prisoner at the Elmyra reformatory, stepped from the line at exhibition drill before Governor Dix a free man at the governor's command. As the governor reviewed the line a telegram had come announcing the sudden death of Rappelye's father at Oswego. He was pardoned instantly and within an hour was on his way to the funeral. Rappelye had been sent to the reformatory for attempted robbery and had been acting as a stenographer in the institution.

Funeral Services for Gen. Booth.

London.—Funeral services for the founder of the Salvation army, General William Booth, were held at the Olympia Wednesday. In accordance with the traditions of the organization, they were without pomp or symbols of mourning, but were carried out with moving fervor and impressiveness. Thirty-four thousand persons participated in the functions. Nearly half of them wore blue coats and red jerseys, or bonnets with the red ribbon so familiar on the streets of the cities of the world where the army is established.

Massacre Starts September 15.

Douglas, Ariz.—Americans will be killed by rebels after September 15, is the declaration brought here from Colonel Emilio P. Campa, a leader of Orozco's rebel army, who with eight hundred men is operating along the Southern Pacific of Mexico below Nogales, Ariz.

Across the Channel.

London.—H. J. D. Astley, the aviator, flew from Hendon, England, to Hardelet, near Boulogne, France, in three hours and five minutes Wednesday.

Gomper's to Testify Again.

Hartford, Conn.—President Samuel Gomper's of the American Federation of Labor has arrived here to testify in the revival of the Danbury hat case. Mr. Gomper testified by deposition during the first trial.

Earthquake in Michigan.

Calumet, Mich.—What is believed to have been an earthquake shock was felt here at 8:41 Thursday morning, being general in Calumet district. The shock lasted several seconds and shook buildings.

Chicago.—The pasteurization of all of Chicago's milk supply that comes from dairies not approved by the health commissioner is required by a new city ordinance that has gone into force in Chicago. Physicians and health experts are of the opinion that a strict enforcement of the ordinance will result in a material decrease of infant mortality.

De Coto, Mo.—Four members of the family of Jefferson Rublo, a road worker, were killed by lightning which struck the tent they were living in

TO APPEAL TO HAGUE

INVESTIGATING THE LUMBERMEN

American to Receive Cardinalate—Frank Corrick to Manage Third Party Campaign in Nebraska.

Washington.—Great Britain has reaffirmed its protest against the Panama canal bill. In a note filed with the state department by A. Mitchell Innes, in charge of the British embassy here, it was stated that if a satisfactory agreement could not be reached Great Britain would appeal to The Hague tribunal for arbitration. The note submitted says that Great Britain will give careful consideration to both the bill and the message of

Mr. Loeb, formerly private secretary to Colonel Roosevelt and now collector of the port of New York, comes out in strong defense of his former chief in connection with the Standard Oil and Harriman contribution stories.

Lumbermen on the Carpet.

Seattle, Wash.—Evidence purporting to show how lumber manufacturers and wholesalers were kept informed as to what retailers in the middle west were considered "unethical" and what firms were supplying them with lumber, was introduced at Wednesday's hearing of the government's anti-trust suit against the Northwestern Lumbermen's association.

ABOUT TO CREATE CARDINAL

American to Receive Red Hat and Reside in Rome. Paris.—The pope is about to create a new American cardinal, who is to reside in Rome, according to a special dispatch received here. The American cardinal will occupy a similar position to that of the prelates representing France and Spain in Rome. It is also stated that the pope will later create a cardinal in Central America, probably in Mexico.

To Manage Roosevelt Campaign.

Lincoln.—At a conference of the executive committee of the progressive party's state committee with Nathan Merriam of Omaha, national committeeman, held here, Frank P. Corrick of this city was selected for manager of the Roosevelt campaign in the state. Lincoln was selected as the headquarters city and headquarters will be opened at the Lindell hotel with Mr. Corrick in charge.

Mexico City.—Passenger and freight

traffic over the Cuernavaca and Satula branches of the National railways has been resumed after a suspension of two weeks. Trains were operated without military escorts in the belief that the Zapatistas would not attack them if the soldiers were removed. There was no interference.

For Commission Form.

New Orleans.—A commission form of government, including the right of initiative and referendum, was adopted at the special election here Wednesday 23,900 and 2,119 against. Both regulars and reformers voted for the new system of government.

Montgomery, Mo.—Colonel W. J. Bryan has invaded Speaker Clark's district for the first time since the Baltimore convention. The anger felt hereabouts against Bryan has cooled off.

Titanic Fund Growing.

Gloucester, Mass.—The woman's Titanic memorial fund has been increased several thousand dollars through the instrumentality of Mrs. John Hays Hammond and other society leaders by means of an outdoor dramatic performance given at the Hammond summer villa at Lookout hill, near here.

Veterans of congress failed to recall another such "tame" ending of congress as that which marks the dying of the present session.

ROBERT TAFT AND CHIEF BIG TOP

MEMBERS of President Taft's family recently had an enjoyable visit to the Glacier National park and Robert Taft, son of the president, became very chummy with Big Top, chief of the Piegan Indians. Our photograph shows them in happy converse.

SOCIALIST CANDIDATE ACCEPTS

ENDS PEACEFULLY AFTER PROLONGED SESSION.

No Ceremony at Debs' Notification—English Newspapers Brand Canal Bill as Dishonest Work.

Washington.—Sobered by the embarrassments of Saturday's all-night session of filibusters and disagreement, congress adjourned its differences, invited President Taft up to the capitol once more and at 4:30 o'clock Monday afternoon wrote "finis" after the proceedings of the second session of the sixty-second congress. The end was marked with a return of harmony and an end of filibusters. Senator LaFollette, demanding action on the Penrose campaign fund resolution, found all opposition smoothed away in front of him and the resolution passed almost without discussion.

Socialist Candidate Accepts.

Terre Haute, Ind.—In marked contrast to the notification ceremonies practiced by other political parties, the socialist presidential nominee, Eugene V. Debs, accepted his nomination by simply informing the newspapers that they were at liberty to print his address of acceptance which he had sent them in printed form. No committee called on Mr. Debs, and there was an entire lack of ceremony of any kind.

PIECE OF DISHONEST WORK.

Panama Canal Bill So Characterized in England. London.—The Panama canal bill is characterized as practically a dishonest repudiation of a direct bargain by newspapers representing the views of all the British political parties. Meanwhile, no definite procedure by the British government in regard to the bill can be framed for nearly all the cabinet ministers are scattered over the European continent at various watering places or else are shooting grouse on the Scottish moors, and most of the prominent politicians outside of the cabinet are engaged in similar occupations.

Insures Speedy Delivery.

Washington.—Plans have been perfected by Postmaster General Hitchcock whereby the administration of the new law prohibiting the delivery of mail on Sunday will have no serious effect upon the handling of important mail matter. Holders of lock boxes at first and second class postoffices will have access to them as usual, although no mail deliveries will be made by carriers on the streets or at postoffice windows. Mail for hotel guests and newspapers will be delivered to them through their lock boxes by the simple arrangement of having that mail sorted on the railway mail cars before it reaches its destination. Such mail will be regarded as "transit matter" and will be distributed immediately upon its arrival at the offices of destination.

Winona Bible Conference.

Winona Lake, Ind.—The annual Winona Bible conference, one of the most notable assemblies of its kind in the country, is in convention here. Prominent among the scheduled speakers this year are Prof. W. P. Patterson of the University of Edinburgh, Bishop Edwin H. Hughes of the Methodist Episcopal church, William J. Bryan of Nebraska, Charles H. Sheldon, the preacher and author, and Rev. Mark A. Matthews of Seattle, moderator of the Presbyterian general assembly.

PRESENT SESSION OF CONGRESS

NEAR BREAKS RECORD.

Congress Makes Appropriations Aggregating \$1,000,000,000—Servians Demand War Against Turkey.

Washington.—Official figures on the total appropriations of this session of congress will not be available for several days, but it is likely the aggregate will approach one billion dollars. The session falls two months short of the record breaking duration of the first session of the fiftieth congress, when the Mills tariff bill was considered. On the average the session has broken the record in the number of days per week and hours per day in which the house has been in session. The spoken proceedings in the house aggregate 25,000,000 words, breaking the record by about 5,000,000 words.

Turkish Massacres Continue.

Belgrade, Serbia.—The massacres by Turks have extended to the Servian frontier. Telegrams received from Zenithos on the southern boundary say Turks attacked the town and butchered many inhabitants. News of the massacre caused great excitement in the capital. Five thousand persons marched to the palace, where they shouted their demand that war be declared against Turkey.

Postmaster Hitchcock Directs Expenditures of a Million.

Washington.—Acting under the authority of the postoffice appropriation bill, Postmaster General Hitchcock has directed the expenditure of almost \$1,000,000 in promoting clerks and carriers in first and second class postoffices and assistant postmasters. These seven thousand promotions were made effective July 1 last.

RECORD BREAKING CROPS.

Harvest Started in the Black Hills Country.

Deadwood, S. D.—Harvesting of the 1912 crops in the Black Hills, always later than other sections of the state, has commenced, and as indicated, the crops will break all records for this part of the country. A careful and very conservative estimate of the total crop output from the Black Hills country this fall is \$2,000,000, far in excess of anything heretofore.

Scores Were Converted.

College View, Neb.—A great revival, in which at least five hundred reconsecrated themselves, and which resulted in the conversion of scores of others, followed a powerful sermon by Evangelist R. D. Quinn of New York city, on the subject of "Victory Over Sin," at the Seventh Day Adventist camp meeting at College View Saturday.

Relief for Flood Victims.

Washington.—Tales of poverty, sickness and threatened starvation came to the American Red Cross headquarters here from the relief committee at Natchez, Miss. The communication made an urgent request for \$10,000 to be used in alleviating the suffering on account of the recent flood in the Mississippi valley. The substance was promptly telegraphed to Miss Mabel Boardman at Manchester, Vermont, for action. It is probable that a preliminary donation will be telegraphed to Natchez.

"40-Lovs."

The Author and Sallie Quickstep were playing tennis and the Author, who is something of a tease, had been rallying her about her game.

"I say, Miss Sallie!" he cried at last, "Do you feel warm? You're getting awfully red."

"Am I red?" returned she calmly, as she sent the ball flying over the net. "Well, that's more than can be said of your books, Mr. Inkwell. That's '40-love,' I believe."
