"The Cheapest Coffee You Can Buy."

If you are in the habit of judging coffee by price; change your habit, for this occasion and let us send you a pound of our GRAND CANON Brand at 40c per pound. Watch carefully the number of cups of coffee you get from this can and note particularly the quality of each cup. Then divide the cost per pound by the number of cups and see how economical it really is. You will find this brand of coffee cheaper per cup than many of the cheapest per pound coffees you have used.

REMEMBER

67 cups to the pound doesn't sound reasonable, but it's a fact you can make that many cups of GOOD COFFEE from every pound of Grand Canon COFFEE sold by

THE WOMAN WHO WALKS

For the woman who walks there is no shoe made that can hold a candle to the Treadeasy.

While Treadeasy shoes are used and recommended for every kind of wear, they are essentially walking shoes. You can walk farther and walk easier in a pair of Treadeasys than in any shoes made, no matter what the price.

The reason?

Every pair of Treadeasy shoes have full rubber heels and cork cushion insoles. They won't sweat the feet and they won't tire the ankles. Treadeasy shoes are always \$3.50 the pair.
