ADVERTISEMENTS

J. W. ("PLATFORM") KELLEY
 Candidate for Secretary of State.

Harrison D. Ranney
 H. D. Ranney, whose death was noticed in our last issue, was for many years a resident of this county. He was one of the pioneers of Oak Creek having taken his homestead in that part of the county in '72. Through all the hard years of pioneer life on these prairies he resolutely bore the burdens and shared the toils of those who converted the buffalo range into the habitation of a cultured community. Without any effort on his part, even without his knowledge, he received the nomination for member of the legislature on the republican ticket, when to be nominated ensured an election. He served the people satisfactorily in that capacity and was subsequently elected county clerk. He filled the office for two terms. He afterwards moved to Ohio, where he died. His son, A. D. Ranney is our present county Judge, and his grand daughter is one of the teachers in our public schools. Mr. Ranney was a gentleman who deserved and enjoyed the esteem of his neighbors and the public in this county. He was nearly eighty years old at the time of his death. His son was called to his bedside a few days ago, but returned hopeful of his father's recovery. The old settlers of the county realize that their numbers are rapidly becoming smaller. A few years will leave none of them in our presence but those who came here in their youth.

Harrison D. Ranney was born in New York in 1833 and died at his home in Toledo, Ohio on Tuesday October 22 1912. He was married to Anna S. Carleton of Annapolis, Maryland about the year of 1856. To this union were born 7 children all of whom survive him. His wife having passed away in September 1900.

A Temperance program, consisting of solos, songs, recitations and readings will be given by the children and young people of the Congregational church Sunday evening. Everybody cordially invited. Sunday morning the pastor will preach on the subject: "A Thousand and One on a Spree."

Miss Ethel McConkey daughter of C. C. McConkey, and George Hazelbacker, son of John Hazelbacker, were united in marriage by Rev. Hummel at 8:30 Tuesday evening, at the home of the bride's parents. The groom is a prominent farmer and the bride is one of Red Cloud's most popular young ladies. The Chief with their many friends extends best wishes and congratulations.

Second Number of Red Cloud Lyceum Course

Ed. Barr, of Guide Rock, will sell 40 head of horses and mules here at Koontz's Livery barn during the week of the Farmers' Institute. These horses are all work age and a lot of good mares are among them. None of them are from the Kansas infected districts.

Sam Schauks, Ray Sutton and a stranger were arrested Wednesday by Sheriff Hedge charged with taking without leave a suit case filled with clothes, a gold watch and other valuables belonging to Xenis McCall from the Koontz brick barn. All the goods were recovered and the guilty parties were locked up in hotel De Hedge.

Prof. R. D. Moritz has been very successful in raising funds for the organization of a Y. M. C. A. in this city. Enough has been subscribed to pay for the rent of a building two or three years in advance. This will insure the success of the movement from the start. We expect to have more to say on the subject in a later issue.

Unrescued Result.
 "I notice that you courteously refrain from mentioning the name of your political rival in any of your speeches." "I can't say my practice in that respect is so much a matter of courtesy as of prudence. I once started in to denounce a rival, but as soon as I mentioned his name the audience burst into deafening and continuous applause."

Remarkable Strength of Bone.
 The strength of bone is said to be 21,000 pounds to the square inch, while a sample of hard wood tested only half of this.

BARBARA PHARES

Formerly F. Newhouse.

It has been frequently remarked that there are not enough farmers and business men in the halls of the state legislature. Sometimes it is said that there are too many lawyers to be found there. This year the voters have an opportunity to place a farmer and business man in the office of state senator and if it is desirable to more nearly equalize the membership in the legislature now is the time to take advantage of the opportunity. The Democratic candidate for the Senate, W. L. Weesner, of Red Cloud, is a farmer and a business man. He thinks for himself. He has had one year's experience in the house, while not an orator he knows how to express himself. He is trustworthy, practical and efficient. He is not a plunger nor is he a moss back. He is just an ordinary man endowed with plenty of good common sense. He has made good, he will again. Vote for his slotter.

THE WOMAN WHO WALKS

For the woman who walks there is no shoe made that can hold a candle to the Treadeasy.

While Treadeasy shoes are used and recommended for every kind of wear, they are essentially walking shoes. You can walk farther and walk easier in a pair of Treadeasys than in any shoes made, no matter what the price.

The reason?

Every pair of Treadeasy shoes have full rubber heels and cork cushion insoles. They won't sweat the feet and they won't tire the ankles. Treadeasy shoes are always \$3.50 the pair.
